

Sample Generic Manual

The following sample represents a typical manual that might stand alone as a user manual or could be used as a Participant Manual for training purposes. The sample's layout, headings, tables and icons were all created using DocuTools 5.

Chapter 2: Benefits and Riders Inquiries

Overview

Introduction

This chapter contains information to help CSRs answer calls from policyholders, their immediate family members and providers about:

- understanding policy coverage
- duplication of benefits
- inflation options
- how to calculate current daily benefits, and
- obtaining replacements for lost policies.

In this chapter

The table below lists the topics in this chapter.

Contents	See Page

Section A: Coverage Inquiries

Section Overview

In this section The table below lists the topics in this section.

Topic	See Page
Checking Coverage on Policies in Ben-Pro	7-4
Checking Coverage on Policies in ToolBox	7-9
Accessing Sample Contracts	7-10
Answering Inquiries on Duplication of Benefits	7-16

Checking Coverage on Policies in Ben-Pro

When to use this procedure

Use this procedure when callers want to review the coverage provided by their contracts, including:

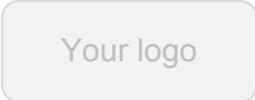

- which benefits and riders are associated with the policy
- the daily benefit amount associated with each benefit and rider
- the age of the policyholder when he or she applied
- the underwriting class given to the policyholder (such as Select, Rate 1, etc.)
- the policyholder's core benefit details, including:
 - o daily benefit (DB)
 - o elimination period (EP)
 - o benefit period (BP)
 - o inflation riders, and
 - o discounts, and
- rider details.

Procedure

Follow the steps in the table below to check the benefits and riders coverage on a contract in Ben-Pro.

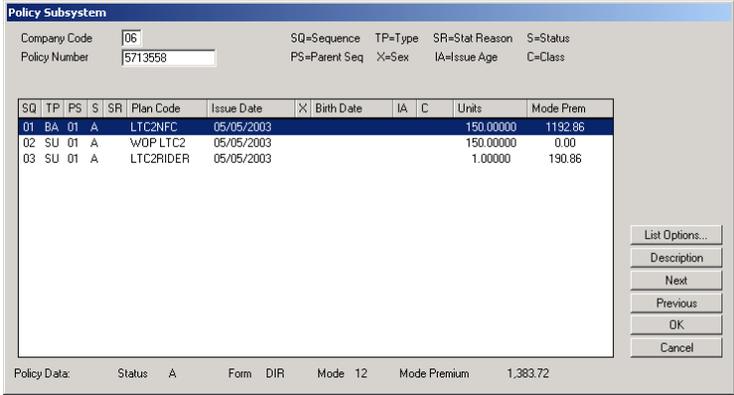

Step	Action
1	Access the policyholder's View Contract screen.
2	<p>Click the Inquiry button, or press [F3].</p> <p><u>Result:</u> The Select Policy Sub-System screen displays.</p>
