Section 1. Introduction

1.1. What is eDCFZ?

The eDCFZ system is to enable the Free Zone Authority and the Department of Dangerous Goods to improve the processing and approval of the Free Zone and Dangerous Goods applications within the Port Klang Free Zone via a web portal. The main function of this system is to facilitate the processing of documents of Dangerous Goods and Free Zone. Implementation of eDCFZ will help streamline the trading process in line with the vision of the Port Klang Free Zone Authority and in the anticipation of the government's vision of improving the ease of doing business in Malaysia.

1.2. How Does eDCFZ Benefit Me?

- Improve the processing and clearance time of cargo. Enable the Port Users information transparency for cargo movement in the port.
- Preparation of documents accurately and correctly and on time.
- **4** Regulate documents and trading practices.
- **4** Reduce manual processes, paper usage, transit time and costs.
- Facilitate data sharing with agencies, ports and other government agencies involved.
- Facilitate communication with trading partners through the National Single Window (NSW) and other systems.

1.3. Requirements To Use eDCFZ

eDCFZ is a web based application. Therefore, there is no installation required. All is needed are:

- User is registered with Dagang Net eDCFZ services.
- Personal Computer / Laptop / Notebook installed with web browsers as follows:
 - Internet Explorer version 6 and above
 - Chrome version 10 and above
- Internet Connection

1.4. Who Should Read This Publication?

This publication (or topic collection) is intended eDCFZ.

1. Agent Registration Module

Enabling agents to register online via eDCFZ Portal. Agents are able to view their application status as well upload supporting document if requested by Port Kelang Authority (PKA).
