**ENG** Instruction manual

miia®

Before operating this product, please read user manual completely.

Mounting the Stand

1. Place the TV with display side down on the table or desk (flat surface), and attach the Part B of stand to the Part A of the TV.

A

B

2. Insert the stand and secure the stand to the TV by using included 4 screws.

Note: Be sure to store the screws in a safe place. Keep the screws away from small children.

Table of Contents

Safety Instructions

CAUTION MARKING WAS LOCATED AT THE REAR OF THE APPARATUS.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may beof sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral Triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

CAUTION

DANGER OF EXPLOSION IF BATTERY IS INCORRECTLY REPLACED. REPLACE ONLY WITH THE SAME OR EQUIVALENT TYPE.

USE OF CONTROLS OR ADJUSTMENTS OR PERFORMANCE OF PROCEDURES OTHER THAN THOSE SPECIFIED MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.

WARNING

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.

TO REVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE. DO NOT PLACE OBJECTS FILLED WITH LIQUIDS ON OR NEAR THIS UNIT.

SHOULD ANY TROUBLE OCCUR, DISCONNECT THE AC POWER CORD AND REFER SERVICING TO A QUALIFIED TECHNICIAN.

Safety Instructions

1) Read these instructions.
2) Keep these instructions.
3) Heed all warnings.
4) Follow all instructions.
5) Do not use this apparatus near water.
6) Clean only with a dry cloth.
7) Do not block any ventilation openings.
   Install in accordance with the manufacturer's instructions.
8) Do not install near any heat sources such as radiators, heat registers,
   stoves, or other apparatus (Including amplifiers) that produce heat.
9) Do not defect the safety purpose of the polarized or grounding-type plug.
   A polarized plug has two blades with one wider than the other.
   A groundingtype plug has two blades and a third grounding prong.
   The wide blade or the third prong is provided for your safety.
   If the provided plug does not fit into your wall outlet, consult an electrician for
   replacement of the obsolete outlet.
10) Protect the power cord from being walked on or pinched particularly at plugs,
    convenience receptacles, and the point where they exit from the apparatus.
11) Only use attachments / accessories specified by the manufacturer.
12) Use only with the cart, stand, tripod, bracket, or table specified by the
    manufacturer, or sold with the apparatus.
    When a cart is used, use caution when moving the cart / apparatus
    combination to avoid injury from tip-over.
13) Unplug this apparatus during lightning Storms or when unused for long
    periods of time.
14) Refer all servicing to qualified service personnel. Servicing is required when
    the apparatushas been damaged in any way, such as the power cord or plug
    is damaged, liquid has been spilled or objects have fallen into the apparatus,
    the apparatus has been exposed to rain or moisture, does not operate normally,
    or has been dropped.
15) To prevent electric shock, ensure the grounding pin on the AC cord power plug
    is securely connected.
Supplied Accessories

Check the supplied accessories before installation.
In case of missing or damaged, please contact the dealer immediately.

PC Setting

Setting up Your PC Software (Based on Windows XP)

The Windows display-settings for a typical computer are shown below. But the actual screen on your PC will probably be different, depending upon your particular version of Windows and your particular video card. But even if your actual screen looks different, the same, basic set-up information will apply in almost all cases.
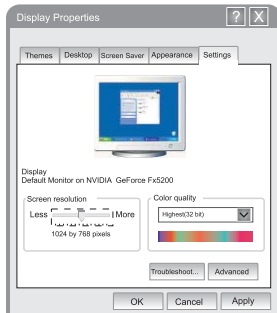

1. First, click on "Control Panel" on the Windows start menu.

2. When the control panel window appears, click on "Appearance and Themes" and a display dialog-box will appear.

3. When the control panel window appears, click on "Display" and a display dialog-box will appear.

4. Navigate to the "Settings" tab on the display dialog-box. The correct size setting (resolution)
Optimum: 1360 x 768
If a vertical-frequency option exists on your display settings dialog box, the correct value is "60" or "60 Hz", Otherwise, just click "Enter" and exit the dialog box.

Display Mode
If the signal from the system equals the standard signal mode, the screen is adjusted automatically. If the signal from the system does not equal the standard signal mode, adjust the mode by referring to your Videocard user guide; otherwise there may be no video. For the display modes listed below, the screen image has been optimized by manufacturer.

Resolution Table		
YPbPr	HDMI	PC
480i	480i	640*480 60Hz
480p	480p	640*480 72Hz
576i	576i	640*480 75Hz
576p	576p	800*600 60Hz
720p 50Hz	720p 50Hz	800*600 72Hz
720p 60Hz	720p 60Hz	800*600 75Hz
1080i 50Hz	1080i 50Hz	1024*768 60Hz
1080i 60Hz	1080i 60Hz	1024*768 70Hz
1080p 50Hz	1080p 50Hz	1024*768 75Hz
1080p 60Hz	1080p 60Hz	1360*768 60Hz

Troubleshooting

Carry out the problem-solving measures described in the following section before contacting Customer Support.
Turn off the device immediately as soon as you suspect a malfunction and unplug the power plug.
Do not attempt to repair the device yourself.

SYMPTOM	CHECK ITEM
LED screen stays dark.	Make sure the unit is turned on and the connections are correct.
There is no sound.	Make sure the system connection is correct. Make sure the power of speakers is turned on.
There is no picture or picture move up and down unsteady.	Check if the connections with the extemal AV signal source are correct. Correctly set the items in the picture menu. Check if the video type input signal is not corresponding to the unit. Make sure the unit is turned on and in correct video type.
The remote control does not work.	Make sure there no obstructions between the remote control and the unit. Make sure the remote control is pointing at the unit. Make sure the batteries are inserted or the polarity is correct. Make sure the batteries are not weak. Replace the weak battery.

Other Notes:
Static or other external interfere may cause the player to behave abnormally. In this occurs, unplug the power-supply cord from the outlet and plug it in again to reset the player.
If the problems persist, then please disconnect the power and consult a qualified technician.

miia easylife

MODEL: MTV-X40DLEFHD

Warranty Card Miia TV
Warranty

Dear Customer,
Congratulations on your purchase.
All products in the TV series are covered by Miia Warranty valid for two years from date of purchase. The original proof of purchase must always accompany requests for warranty service. In the first year of life of the product the procedure involves Pick Up, Repair & Return (pick up, repair and return) Fully paid by the manufacturer.
In the subsequent second year the customer must send at it's own cost the TV to the Technical Service Center indicated by the manufacturer. For the duration of the warranty the customer will still assemble the product in its original packaging to ensure a safely transportation to and from the Service Center.

The warranty does not cover consumables (such as batteries, bulbs, etc...) and will be deemed NOT VALID if the number of product series will be missing, altered, forged or unreadable.
This warranty does not apply to products damaged by negligence, carelessness, installation, improper use and transportation, products opened and tampered with. Neither are covered by warranty products damaged by the elements (fire, flood, etc...) overvoltage and overcurrent, lightning, and similar.

In the event that the product returned for service does not meet these conditions, or operates regularly, the Service Center reserves the right to charge you the cost of inspection and service together with the transportation cost.
The contents of this Warranty may vary without notice.

If the need should arise, please contact support on **http://www.miiastyle.com/**

INFORMATION FOR USERS
Pursuant to Legislative Decree no. 49 of 14 March 2014 "Attuazione della Direttiva 2012/19/UE sui rifiuti di apparecchiature elettriche ed elettroniche (RAEE)"
The symbol of the crossed out wheeled bin on the equipment indicates that the product must be collected separately from other waste at the end of its useful life. Therefore, the user must turn in the equipment, complete with all its essential components, at the end of its useful lifetime to an appropriate centre for separate collection of electrical and electronic waste. The user may also take to the retailer at the time new equipment of an equivalent type is purchased, trading one item for one item, or one item for zero items for devices measuring less than 25 cm on the longest side. Suitable separate collection for ensuring that the equipment is recycled, handled and disposed of compatibly with environmental obligations prevents possible negative effects on the environment and human health. It also favours the recycling of the materials that the device is made of. Improper disposal of the product by the user implies the application of administrative penalties as per D. Lgs n. Legislative Decree no. 49 of 14 March 2014.

The product works with batteries covered by European directive 2006/66/CE, which may not be disposed of with normal household waste. Inquire about local regulations relating to the separate collection of batteries: proper disposal prevents negative consequences for the environment and health.
