XL Paragon Wireless Access
Login Instructions

What You Need To Know:

Only WAP 2.0-enabled phones can utilize this new service. If you are unsure whether your wireless phone is WAP 2.0-enabled, go to www.phonescoop.com and enter your phone's model number (e.g. Nokia 2310) in the search field. It will provide you with a feature list including your WAP version.

Due to the large variety of wireless phone models and service plans, please note the NJMLS cannot support questions regarding your wireless phone features or details on your wireless service. Refer to your phone's User Manual for instructions on specific phone features or call your Wireless Provider with questions on your wireless service.

How To Login With Wireless Access

Step 1: Go to the following web address for XL Paragon Wireless Access

http://www.priv.njmls.xmlsweb.com/wap/login.asp

Rather than type this long address into your phone, you can send it to your phone as a text message. To send a text message, copy and paste the address above into the "message" field on the website of your wireless provider (one of the options below) and send the message to your phone.

Verizon: https://www.vtext.com/customer_site/jsp/messaging_lo.jsp
Cingular: http://www.cingularme.com/do/public?l=en-US&v=cingular
Sprint: http://messaging.sprintpcs.com/textmessaging/compose

Since you will have to go to the XL Paragon Wireless Access web address each time you want to login wirelessly, we suggest you "bookmark" the address. Consult your phone's User Manual on how to bookmark web addresses as this varies by phone model.

Step 2: Login to XL Paragon Wireless Access

A) Enter your NJMLS Agent Number in the "User ID" field.

B) Enter your XL Paragon password in the "Password" field
   (the same password you use to login from your computer).

C) Click the "Login" button to login to XL Paragon Wireless Access.

Step 3: Choose your search option

Once logged in, you will reach the main menu which lists the various search options available, including:

  Fidoogle (key word search)
  By Street,
  By Street #
  By MLS #
  Quick Search
  HotSheet

Make sure to click the "Logout" button to end your session.
