

32" WIDESCREEN LED TV

MODEL NO.: L32TV11B

USER MANUAL

Please read this manual carefully before using,
and keep it for future reference.

IMPORTANT INSTRUCTIONS

SAFETY INSTRUCTIONS

WARNING – TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR SERIOUS PERSONAL INJURY:

- This product shall not be exposed to water. No objects filled with liquids, such as vases, shall be placed on the apparatus.
- Situate this product away from heat sources such as radiators, heat registers, stoves, or other appliances (including amplifiers) that produce heat.
- Clean the product only as recommended by the manufacturer (see “Maintenance” section for details). Unplug the power cord from the wall outlet before cleaning.
- Unplug the power cord from the wall outlet when left unused for an extended period.
- Prevent objects/liquids from falling or spilling on the product.
- Route power cord so it is not likely to be walked on or pinched by items placed upon or against them, paying particular attention to plugs, convenience receptacles, and the point where they exit from the product.
- Where the MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Do not operate this product under the following conditions.
 - When the power-supply cord is damaged.
 - If liquid has been spilled into or objects have fallen into the product.
 - If the product has been exposed to rain or water.
 - If the product does not operate according to the operating instructions.
 - If the product has been dropped or damaged in any way.
- Do not attempt to repair this product by yourself; contact Lorex Technical Support for assistance.
- Do not overload wall outlets, extension cords, or integral convenience receptacles.
- Connect this product to the power outlet which has protective earth connection.

CAUTION- TO REDUCE THE RISK OF PERSONAL INJURY OR PRODUCT/PROPERTY DAMAGE:

- This product is intended solely for non-commercial, non-industrial, personal use as a television. Do not use this product for any other purpose.
- Do not subject the product to violent shocks, extreme temperatures, or lengthy periods in direct sunlight.
- Keep the product away from magnetic objects, motors, and transformers.
- Do not use the TV outdoors in inclement weather. This is dangerous and is illegal in some areas.

At full volume, prolonged listening may damage the user's hearing.

BATTERY HANDLING AND USAGE:

- Keep batteries away from children and pets. Only adults should handle batteries.
- Never throw batteries into a fire or expose them to fire or other heat sources.
- Follow the battery safety and usage instructions.

Built-in speakers

STAND INSTALLATION

Your TV is packaged with the Stand and the Cabinet separated. Before enjoying this TV, please carry out the Stand Installation according to the instructions below.

WARNING – Do not connect the TV to power before installing the stand!

ATTENTION - This is a heavy TV. Two or more people are required to install the TV stand. Do not attempt to install or remove the TV stand by yourself.

Step 1

Place the TV faced down on a soft cloth or cushion to prevent the panel from being damaged.

Step 2

Align the smaller plastic washer with the bottom of this TV and install it.

Step 3

Align the stand and TV, and then force the end of stand until the TV is fully seated on the stand.

Step 4

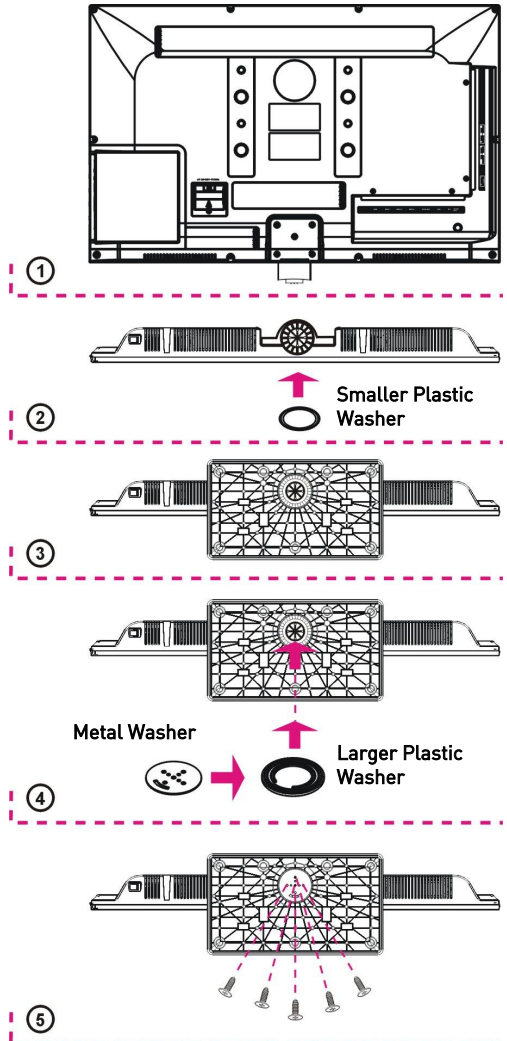

Align the “” shaped slot in metal washer and larger plastic washer. Put the metal washer into the larger plastic washer. Then align them with the bottom of the stand and install them.

Step 5

Tighten the included 5 screws with a screw driver.

NOTE:

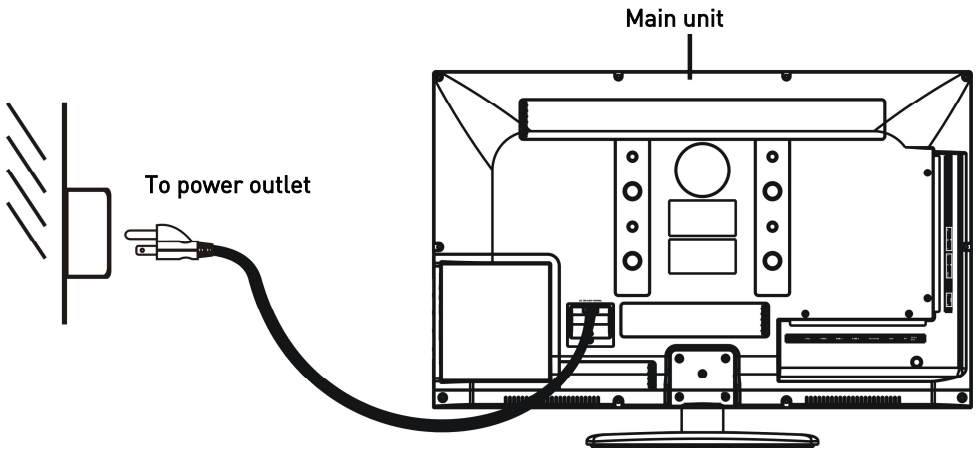

TV, Stand, Smaller Plastic Washer, Larger Plastic Washer, Metal Washer and Screws (5 pieces) are all included in the package.

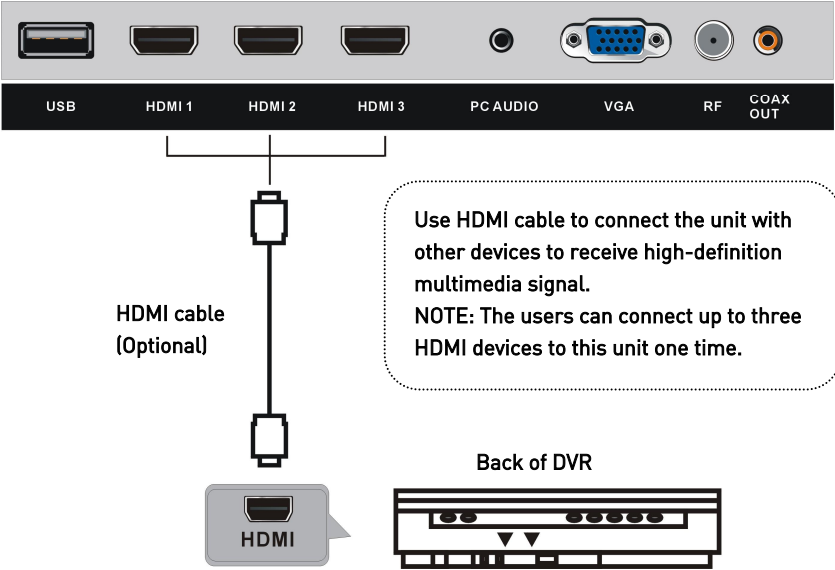

BASIC CONNECTION

- Ensure all the cables are disconnected from the main unit before connecting to AC power source.
- Read through the instructions before connecting other equipments.

11. MENU: To display the main menu. Press it again to return to previous menu page.

12. SLEEP: To select desired Sleep Timer.

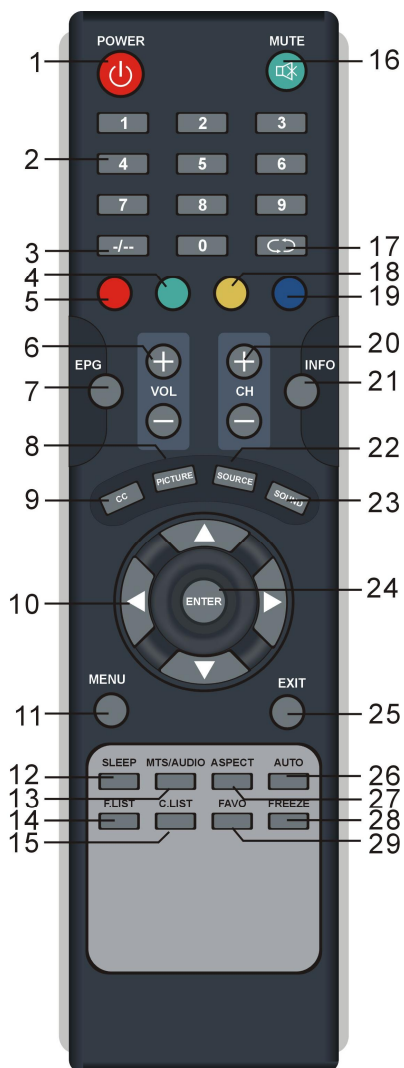

13. MTS/AUDIO: To select desired soundtrack in TV mode.

14. F.LIST: To display the favorite channels list page in TV mode.

15. C.LIST: To display available channels list page in TV mode.

- 16. MUTE:** To mute the sound.
- 17. ⏮:** To return to previous channel.
- 18. YELLOW button**
- 19. BLUE button**
- 20. CH+/-:** Press CH+ button to play next channel, or press CH- button to play previous channel.
- 21. INFO:** To display current program information.
- 22. SOURCE:** To switch the input source.
- 23. SOUND:** To switch the sound mode in TV mode.
- 24. ENTER:** To confirm a selection.
- 25. EXIT:** To exit menu page.
- 26. AUTO:** To adjust the screen automatically (in VGA mode).
- 27. ASPECT:** To select desired displaying mode.
- 28. FREEZE:** To hold the picture during normal playing.
- 29. FAVO:** To label current program as a favorite one or not.

REMOTE CONTROL PREPARATION

BATTERY INSTALLATION

Install the batteries as the following pictures. Be sure + and – terminals are positioned as indicated in the battery compartment (Fig1).

SERVICE LIFE OF BATTERIES

- The batteries normally last for one year although this depends on how often the remote control is used.
- If the remote control fails to work even when it is operated near the player, replace the batteries.
- Use two size AAA dry batteries.

NOTE:

- Do not drop, step on or otherwise impact the remote control. This may damage the parts or lead to malfunction.
- If the remote control is not going to be used for a long time, remove the batteries.

REMOTE CONTROL OPERATION

Point the remote control from no more than about 6m from the remote control sensor and within about 60° of the front of the player(Fig2).

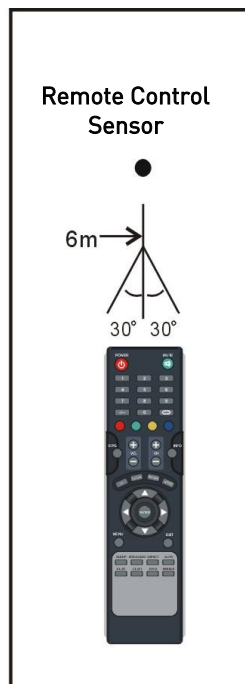

NOTES:

- The operating distance may vary according to the brightness of the room.
- Do not point bright light at remote control sensor.
- Do not place objects between the remote control and the remote control sensor.
- Do not use this remote control while simultaneously operating the remote control of any other equipments.

Fig1

Fig2

**MAKE SURE ALL THE EQUIPMENTS AND POWER CORD
ARE CONNECTED PROPERLY AND THE UNIT IS SET IN CORRECT MODE
BEFORE OPERATING.**

BASIC OPERATIONS

- Press **POWER** button on unit side or remote control to power **ON** the unit (indicator will glow blue); press it again to power **OFF** (standby mode) the unit (indicator will glow red).

GENERAL TROUBLESHOOTING

Check the following points before assuming malfunctions of this unit:

Symptom	Remedy
No power.	Insert the power plug securely into the power outlet.
No picture.	Ensure that the equipment is connected properly.
• No sound. • Distorted sound.	• Ensure that the equipment is connected properly. • Ensure that the input setting for the TV and stereo system are correct. • Adjust the master volume to a suitable volume by pressing VOL+/VOL- button.
No operations can be performed with the remote control unit.	• Check if the batteries are installed with the correct polarities. • The batteries are exhausted: replace them with new ones. • Point remote control at the remote sensor on TV and operate it again. • Operate the remote control unit at a distance of less than 6m from the remote control sensor on TV. • Remove the obstacles between the remote control and remote control sensor on TV.
No key operation (by the main unit and/or the remote control unit) is effective.	Disconnect the power cord from power source and then reconnect it. (This TV may not be operating properly due to lightning, static electricity or some other factors.)
Symptom(TV)	Remedy
No or poor picture.	• Adjust antenna or use an external antenna. • Relocate the unit near a window (if inside a building). • Move subjects that cause interference away from this TV. • Do Auto Tuning again. • Try another channel.
No sound or poor sound.	• Check the audio settings. • Press MUTE button on remote control to cancel mute function.
Noise or other interference	Electronic equipment near the unit is causing interference. Relocate the unit or move the equipment.
