USING YOUR CHARGING STATION

The LS-2225 50W 6-PORT USB charger with smart ports is perfect for people with multiple devices. The Six Port allows you to simultaneously charge two tablets and three Smartphone. It has never been easier to charge your smartphones and tablets, at the same time.

1. CHARGE YOUR DEVICES

You can charge more than just your smartphone or table with this handy, multi-port adapter. It will also power up your e-reader, Bluetooth headphones, portable speakers and nearly any other device that charges with a USB cable.

ULTRA POWERFUL:

FULL SPEED CHARGE WITH 50W AND 10A TOTAL OUTPUT TO CAN CHARGE 6 DEVICE SIMULTANEOUSLY.

2. SAVE TIME CHARGING YOUR DEVICE

Save time charging your devices. This 6-Port Smart charger could charge almost any USB device, like Android, Apple phones, tablets and any other digital products that charges with a USB cable. We recommend using your device's original cable or a third-party certified cable.
