Beds & Furnishings

DESIGNING BETTER CARE

When it's time to renovate your facility, turn to the experts.

Professional Medical has partnered with Basic American to create a complimentary design program that aims to enhance resident comfort and wellness. We want to help you create a warm, home-like environment that your residents and their families will enjoy.

Not only will you avoid having to pay an interior designer's hourly charges, you'll also be partnering with a team of professionals who are in tune with the specific challenges of designing for long-term care. Our team is detail-oriented and aware of the codes and regulations that need to be taken into account when designing a space that is both attractive and functional.

We provide the following services, all at no charge:

- Space planning
- Schematic design
- Design development
- Furniture selection
- Color and materials selection
- Custom furniture and millwork design
- Artwork selection
- Graphics and signage
- Accessories and lighting specifications
- Installation administration
- In-house purchasing

AFTER

Before

Whether you're looking to spruce up or completely overhaul resident rooms, dining areas, activity spaces, common areas or office settings, our experienced interior designers are ready to help you create the perfect look for your facility.

To learn more, contact your ProMed territory manager or call our Customer Care team at (800) 648-5190.

New Equipment & Furniture Now

Tailored leasing plans to fit your needs and budget

Professional Medical's exclusive **Loan-To-Own (LTO) Program** can bolster your facility's therapeutic equipment inventory, help you acquire new state-of-the-art merchandise and save you thousands of dollars over other traditional rental programs.

Use your funds wisely now, not during survey time! Allow Professional Medical to help evaluate the equipment needed to provide the safety your employees expect and the quality care your residents deserve. Now, with our LTO solution, you can afford the equipment needed to provide top-notch care while remaining compliant with state and federal guidelines.

Your ProMed sales representative can walk you through preparing a customized budget analysis offering the best therapeutic equipment backed by the most cost-effective leasing program in the industry.

DISINFECT TO PROTECT

Surface disinfection plays a critical role in halting the spread of healthcare-associated infections (HAIs). Professional Medical stocks the items you need to protect both your residents and staff.

Whether you prefer sprays or wipes, our disinfectants meet EPA standards and are effective against a broad range of illness-causing microorganisms. We even stock products designed with special-needs populations in mind, including residents with respiratory sensitivities.

You can count on our infection prevention products to provide:

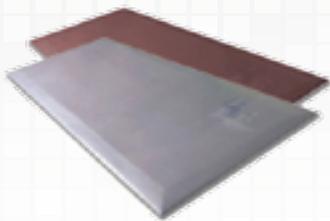

- The fast kill times you expect
- Compatibility with a wide variety of surfaces and equipment
- Ready-to-use formulations

To learn more, we invite you to contact your ProMed territory manager or give us a call at (800) 648-5190.

Our **fixed height bath** is ideal for long-term care use, especially when transfer from a wheelchair is required. The powered traverse makes it easy for residents to get in and out of the bath, helping them retain their independence. The seat can be easily lowered outside the tub to a convenient height for comfort and safety.

The bath also features high-end touches such as a stylish, extra-deep tub and a convenient hand control. Battery back-up comes standard for total peace of mind.

Additional features:

- 330 lb lifting capacity
- 60" and 66" lengths available
- Left- and right-hand models available
- Seat can be set at any height
- Smooth, easy-clean surface
- WARRANTY: Two years

INTRODUCING A BREAKTHROUGH IN PT/INR TESTING

Coag-Sense PT/INR is the only point of care device that uses **direct detection of clot formation** to test rather than an electrochemical process.

The **Coag-Sense PT/INR** System provides accurate prothrombin time (PT) results in less than one minute, allowing abnormal results to be addressed immediately – no more losing valuable time waiting for lab results! Its **portable tabletop design** provides stability during testing and tests can be conducted using fresh capillary whole blood, venous or re-calcified plasma samples.

600-PTINR-KIT

FREE METER WITH 5-BOX STARTER KIT

COAG-SENSE PT/INR MONITORING SYSTEM

- CLIA waived
- Direct clot detection technology for superb accuracy and precision
- Requires just 10 µ of blood
- Accurate and precise (CV 2.5%) results in one minute
- Measures the actual time required for clotting
- Barcoded test strips eliminate manual calibration
- Requires four AA batteries (included) or an A/C adapter (included)
- **WARRANTY:** One year with immediate replacement

FREE METERS WITH PURCHASE

When you commit to bringing at least **five CoaguChek units** into your facility and purchasing **12 boxes of strips for each unit**, you will **receive the meters for free!** For example, if you commit to five meters, you would only need to purchase 60 boxes of strips over the course of up to four years. This gives you the flexibility to purchase strips as you need them rather than paying for all of them up front.

DEPENDABLE ENTERAL CARE AT YOUR FINGERTIPS

The **Compliance Enteral Pump** is easy to use and can deliver all enteral feeding formulas. It's simple to program and many of its functions can be activated with a single touch. Reliable and accurate, the pump is designed to give the user access to its many useful features.

Additional features:

- Programming directions are located directly on the pump
- Built-in pole clamp for resident mobility
- Convenient one-hand loading
- Large, easy-to-read display windows
- Dose Check records the accumulated amount of formula delivered over several feedings
- Easy-to-differentiate audible and visible alarms
- Memory is preserved in the event of a power failure and when the unit is turned off
- Dose Limit can be set in 1 mL increments up to 2000 mL, then in 5 mL increments up to 9999 mL
- A special cap holder keeps caps close by and helps prevent contamination
- Adjustable display brightness allows for simple day and night operation

Ask your ProMed territory manager about our exclusive enteral feeding in-service guide and staff training!
