# THE NEW SEAT TOLEDO

Freedom of choice

Beauty, comfort and unrivalled technology come as standard in the new Toledo. But that's just the beginning of the story. In these pages you'll find lots of ways to upgrade and accessorise your car, with Infotainment systems, transportation racks and more. All of them are original SEAT Accessories that will give your Toledo a more personal touch.

# MORE POSSIBILITIES

Transporting your precious cargo

The Toledo has room for everyone. And plenty of ways to accommodate what they bring with them.

From mountain-bike, ski and surfboard racks, to sturdy roof bars and luggage trunks - the Toledo transports any cargo safely and securely. What's more, SEAT Accessories also provide a range of adaptable child seats that give your children the maximum comfort and protection.

# TRANSPORTATION

## Safe and stable

Original SEAT Accessories are designed to be strong, durable and easy to install. Used in conjunction with a set of SEAT aluminium roof bars, these accessories keep the load safe and stable during the journey. Choose from a ski carrier, a surfboard rack or mountain bike rack. Or even an aerodynamic 450 litre luggage trunk.

For outside loads, there's a trailer hitch that can be easily mounted with an electric kit. Thanks to SEAT Accessories, there's nothing you can't take with you.

# CHILD SAFETY

## A little peace of mind

It's the little things in life that we need to take the most care of. That's why the SEAT Toledo can accommodate a range of advanced child seats. These seats are adapted to the age and weight of the child, with ergonomic designs that reduce the pressure on the head and shoulders and minimise fatigue. Available with advanced anchorage systems, the seats offer more protection for your children and more peace of mind for you.
