Charging the Battery

Insert the charger lead carefully.

Ensure that the plug is inserted with the correct orientation.

Do not force the connector into the charger jack.

Connect the charger to a standard AC wall outlet.

Disconnect the charger when the battery is fully charged.

Be careful not to pull on or trip over the lead whilst the handset is plugged in.

How much charge have you got?

If the battery is low, there will be a pop-up message on the screen. As you charge your phone, the lock screen will tell you the battery level each time you wake up your phone.

If the phone is on, you'll see the charging icon 🔋/🔋 on the status bar.
