Instruction Manual for The Driver Resonator

“The Driver Resonator” may be used for:

- ❖ Stress relief
- ❖ Enhanced energy
- ❖ Pathogen removal
- ❖ Bone growth stimulation
- ❖ Increased sense of wellbeing
- ❖ Auxiliary in pain management
- ❖ Relaxation of muscle spasms
- ❖ Increased local blood and lymph circulation

Contra Indications include but are not limited to the following

- ❖ Nausea
- ❖ Drowsiness

INCLUDED WITH “THE DRIVER RESONATOR”

Resonator

1x Power cord

4 x Connector Cables (2 red and 2 black)

4 x Handholds

4 x Foot-plates

1 x User Manual

1 x Information Booklet

USING THE DRIVER RESONATOR – “QUICK START”

1. Connect handholds and foot-plates to the resonator by means of their respective cables. (red for hands and black for feet)
2. Switch the power on.
3. Turn volume knob to low.
4. Grasp handholds firmly and place feet on the foot-plates.
5. Press the Start/Stop button.
6. Increase the intensity by turning the volume knob clockwise.

Both sets of output lights must shine to show that the resonator is functioning correctly!

7. When the program is complete the resonator will give one long beep and return to the start position. The output lights will be off.

NB: For effective treatment you must use 1 black (feet) and 1 red (hands) output-socket per person.

CAUTION

Attachments: Do not use any attachment that is not recommended and/or supplied by the manufacturer as it may cause a hazard and/or damage the device.

SAFETY TESTING

This device was tested and conforms to:

- EN 60601-1: Medical electrical equipment.
Part 1: General requirements for safety - IEC 601-1:1988
- Amendment A1 to EN 60601-1-1: Medical electrical equipment
Part 1: General requirements for safety –
- 2. Collateral standard: Electromagnetic compatibility - Requirements and tests

Note: Do not place probes near the eyes during biphasic treatment or during the first frequency!

Only biocompatible materials, which come into contact with patients, were selected.

CLEANING

We recommend that after use, the electrodes (hand-holds and foot-plates) be cleaned with either dishwashing liquid and water or surgical alcohol.

WARNINGS

Release handholds when pressing **Reset** button.

Do not use if pregnant or if you have a pacemaker.

Do not use during lightning.

Do not use while receiving radiation treatment.

If you are very toxic or weak, start treatment with 1 min per frequency. Increase on-time as you feel strong enough to handle the detox.

People undergoing dialysis must use “The Driver Resonator” with caution.

With all the water one has to drink to assist the detox process it is highly advisable to supplement yourself with minerals and vitamins as well as with a probiotic mix of acidophilus / lactobacillus and bifidus.

NB: Alkalisng the body is very important. Viruses, bacteria and other pathogens thrive in an acid environment.

USING THE DRIVER RESONATOR - DETAILED

1. Unpack cables, foot-plates and handholds.
2. Connect handholds and foot-plates to the resonator with the cables supplied to their respective output sockets. There are 2 black and 2 red output-sockets.

Standard connection:

- Red cable into red output socket to connect 2 of the handholds (red).
- Black cable into black output socket to connect 2 of the foot-plates (black).

Alternative connections: If a localized treatment is required e.g. on the knee

- red cable into red output socket into 1 foot-plate on one side of the knee
- black cable into black output socket into another foot-plate on the other side

NB: Make sure that the unused cable connectors do not touch each other as this will short out the machine.

3. Plug the power cord into “The Driver Resonator” and then into 230 volt electrical socket. Switch the machine on. “The Driver Resonator” will beep on startup and the lights will come on.

(The resonator can be adapted to 110V. This has to be done by your supplier)

4. Turn the volume control to low and place your feet on the foot plates and hold the handholds. **Press Start/Stop button to start the treatment.** The resonator will beep at short intervals as the voltage increases automatically to selected intensity.

Increase the volume by turning the volume control clockwise until you are comfortable.

NB The volume control only affects the first 3 frequencies.

You are now running the 24-frequency program with an on-time of 3 min per frequency. Note the first 6 frequencies are repeated once you have completed all 24.

When a long beep is heard and time / program light as well as the output lights stop flashing the session is over. Switch the resonator off.

DESCRIPTION OF THE CONTROL BUTTONS

1. Reset button: Press this button to return The Driver Resonator to its default settings, i.e. start-up state. (It is advisable to press Reset button between frequency sessions or switch the machine off for the count of 10 and then on again).
2. Frequency button: This button will allow you to change the frequencies. The green light above the frequency selected will light up.
3. Time button: By pressing this button you will change the time that each frequency will be on for. (1 – 7 Min)

NB: Selecting 0 time is infinite time (i.e. 2-4hrs) on one selected frequency.

4. Program button: You may choose a frequency program by pressing the program button until the desired program is reached. Programs are indicated by the time lights.

Program 0: 24 frequency program with first 6 frequencies
time light 0 repeated

Program 1: 12 frequency program with first 6 frequencies
Time light 1 repeated

Program 2: Harmonise program, i.e. first 6 frequencies once *time light 2*

Program 3: Dr Hulda Clark Zapper frequency cycle
time light 3

Program 4: HIV / AIDS program by Dr Imran Keeka
time light 4

Program 5: HIV / AIDS program by Dr Imran Keeka
time light 5

Program 6: Chakra cleanse program by Dr Hajira Abed
time light 6

Program 7: not in use
time light 7

See “program description” for detailed description of the frequency lists per program.

The program you select is started by pressing the Start / Stop button.

5. Start/Stop button: This button will start or stop “The Driver Resonator”. You may stop or restart a session at any time by pressing this button.

Pressing the Frequency, Time or Program button will stop your session. Should you wish to change the time, frequency or program, do so now and then press Start / Stop button to start the resonator.

6. Volume Knob: Turning the volume knob clockwise increases the voltage output and only affects the first 3 frequencies.

DESCRIPTION OF THE CONTROL LIGHTS

1. Frequency light: The frequency lights are green. When one lights up it indicates which frequency has been selected or is running
2. Program / Time light: The program / time lights are blue. When the resonator is switched on the time light will light up above the 3 indicating the default time per frequency (3 minutes). The time light flashes once above the applicable number of minutes while the program is running. The program light flashes twice in quick succession while the resonator is running to indicate which program you are on.

Important Notes:

- a. The first six frequencies are detoxification and harmonisation frequencies. These assist with relaxation, de-stressing and energising.
- b. The 33K frequency is the Dr Hulda Clark Zapper frequency.
- c. **Drink a lot of water before, during and after treatment.**
We recommend 300ml water per 10kg body mass.
- d. While the resonator is running pressing any button, i.e. Program, Time or Frequency, will stop the resonator.
- e. Shorting the outputs, i.e. handholds and foot-plates (red and black connectors) together will dim the output indicator lights.
Please avoid this as this will damage your resonator.

DESCRIPTION OF THE CONTROL SWITCHES

1. Power switch: This switch is used to switch the resonator on and off.
2. Sound switch: This switch is used to switch the sound of the beeper on or off.
3. Ext. switch: This switch is used to enable the use of an additional frequency over and above the 24 included in the resonator.

RUNNING AN ADDITIONAL FREQUENCY ON THE EXT. SOCKET

If you wish to run the external frequency, plug in the external frequency plug and flick the switch to Ext.. Then switch on the machine and the light above frequency 10.8Hz will be on. The output indicator lights will not flash as they do while running program 0,1,2 or 3.

Select the Time as required and press Start to use the external frequency.

NB If the switch is flicked to 10.8Hz the external frequency socket is off and the normal program will run.

If the external frequency plug is not plugged in and the switch is on EXT. the output indicator lights above the output sockets will light up only on one side or flash erratically.

TREATMENT

Program description:

(Program 0) When first using "The Driver Resonator" we recommend the 24 Frequency program for three minutes a frequency (default) once a day for 1 week. Thereafter use every 2nd or 3rd day as a maintenance program.

(Program 1) The 12-frequency program is a subset of the 24-frequency program and can be run if time is short and not all the frequencies of Program 0 are needed.

(Program 2) The Harmonise program is a great way to boost your sense of well being and to relax. We recommended doing it every day for 1 minute a frequency.

(Program 3) This is the Dr Hulda Clark Zapper program as described in her book "A Cure for all Diseases", i.e. only the 33 kHz frequency on for 7 Min and off for 21 Min, then 7 Min on and 21 Min off and finally 7 Min on and then the machine will switch off.

(Program 4) This is a program recommended by Dr. I. Keeka **PLEASE REQUEST DETAILS FROM US BY E-MAIL.**

(Program 5) This is a program recommended by Dr. I. Keeka **PLEASE REQUEST DETAILS FROM US BY E-MAIL.**

(Program 6) This is a program recommended by Dr. H. Abed for cleansing of the chakras **PLEASE REQUEST DETAILS FROM US BY E-MAIL.**

Methods of treatment:

There are 2 methods of treatment:

1. Biphasic: When you connect yourself between terminal A and terminal B or between the red and black terminals you are using the biphasic treatment. In this situation you become the load. Biphasic treatment is recommended more for gross conditions.
2. Monophasic: When you connect both handholds and foot-plates to only one terminal, either A or B, i.e. red or black you become an arial. The Monophasic treatment is for more subtle conditions.

Treating specific areas of the body:

1. Biphasic: If you want to localize the treatment, e.g. just your knee or elbow, connect 1 foot-plate to the red cable and red output socket and 1 plate to the black cable and black output socket. Place the foot-plates on either sides of the area making sure that the red and black wires or plates do not touch.

NB: Start with volume control set to its lowest position and increase the volume by turning the control clockwise until you are comfortable.

We recommend that you wrap the footplates in a damp to wet towel for this treatment.

2. Monophasic: By connecting 1 foot-plate to the red cable and red output socket and the other foot-plate also to the red cable and red output socket and placing the plates on either side of localized area will give you a monophasic treatment. You may keep volume control on its highest setting as no sensation will be felt.

PROGRAM LISTS

Program 0:

90 Min

- 10.8 Hz Detox and lymphatic drainage due to massaging pulse. Boosts production, and turnover rate of serotonin.
- 108 Hz Works on the mind, beta-endorphin stimulation.
- 1080Hz Works on the heart, Harmonise.
- 10.8 kHz Auric detoxes Harmonise.
- 108 kHz Aura boost and balance, Sterigmatocystin.
- 1.08 MHz Aura boost and balance mega.
- 33 kHz Zapper frequency.
- 128 kHz Lycogala.
- 184 kHz Aflatoxin.
- 295 kHz Ergot, Histoplasma, Herpes.
- 315 kHz Corynebacterium, Influenza, Shigella sonnei, Streptococcus mitis.
- 325 kHz Influenza, Bacteriodes, Proteus mirabilis, Mycoplasma.
- 353 kHz Schistosoma mans, Nocardia, Herpes, Salmonella.
- 361 kHz Besnoitia, Loa loa, Naegleria, Bacillus, Clostridium, Coxsackie, Diplococcus diphter.
- 365 kHz Immune system boost, Streptococcus, HIV, Nocardia, Clostridium, Coxsackie, Campylobacter, Diplococcus pneumon
- 378 kHz Borellia, Trichomomas, Gyrodactylus, Haemoproteus, Micrococcus, Spirillum, Staphylococcus, Syncytial virus, Eikanella, Chlamydia trachomatis, Epstein-Barr.
- 385 kHz Anaplasma, Haemonchus, Salmonella, Clostridium, Adenovirus, Alpha Streptococcus, Beta Strep, Candida, Propionobacterium.
- 392 kHz Escherichia, Shigella
- 400 kHz Trichinella, Strongyloides, Klebsiella, Lodamoeba, Leischmania, Leucocytozoon, Ent-amaeba, Ancylostoma, Leptospira, Chilomonas, Prosthogonimus.
- 406 kHz Ascaris, Dientamoeba, Pneumocystis, Proteus vulgaris, Cytomegalovirus, Wart papillomar virus, Stigeoclonium, Trichinella, Trichurus, Blepharisma.
- 420 kHz Plasmodium cynomolgi, Eurytrema, Echinoporyphium, Enterobius, Fasciola, Troglodytella, Hepatitis, Herpes, Wart JB.
- 427 kHz Capillaria, Chilomastix, Clonorchis, Echinostoma, Fasciola, Fasciolopsis, Hypodereum, Trypanasoma.
- 432 kHz Cytophaga, Trypanasoma, Moniezia, Fasciolopsis, Endamoeba, Endolimax, Mycobacterium, Wart CC,
- 441 kHz Cysticercus, Macracanthorhynchus, Dipylidium, Echinococcus, Endamoeba, Fiscoedrius, Lodamoeba, Metagonimus, Onchocerca, Paragonimus, Passalurus, Plasmodium vivax,
- 10.8 Hz Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz Works on the mind, beta-endorphin stimulation.
- 1080Hz Works on the heart, Harmonise.
- 10.8kHz Auric detoxes Harmonise.
- 108kHz Aura boost and balance.
- 1.08MHz Aura boost and balance mega.

Please refer to Hulda Clark's book "The Cure for all Diseases" from which above frequencies are taken.

Program 1:

54 Min

- 10.8 Hz Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz Works on the mind, beta-endorphin stimulation.
- 1080Hz Works on the heart, Harmonise.
- 10.8kHz Auric detoxes Harmonise.
- 33kHz Zapper frequency.
- 295kHz Ergot, Histoplasma, Herpes.
- 325khz Influenza, Bacteriodes, Proteus mirabilis.
- 365khz Immune system boost, Streptococcus, HIV, Nocardia, Salmonella, Clostridium, Coxsackie, Campylobacter, Program B continued:
- 400khz Trichinella, Strongyloides, Klebsiella, Lodamoeba, Leischmania, Leucocytozoon, Ent-amaeba, Ancylostoma, Leptospira, Chilomonas, Prosthogonimus.
- 406khz Ascaris, Dientamoeba, Pneumocystis, Proteus vulgaris, Cytomegalovirus, Wart papillomar virus, Stigeoclonium, Trichinella, Trichurus, Blepharisma.
- 420khz Plasmodium cynomolgi, Eurytrema, Echinporiphium, Enterobius, Fasciola, Troglodytella, Hepatitis, Herpes, Wart JB.
- 432khz Cytophaga, Trypanasoma, Moniezia, Fasciolopsis, Endamoeba, Endolimax, Mycobacterium, Wart CC
- 10.8 Hz Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz Works on the mind, beta-endorphin stimulation.
- 1080Hz Works on the heart, Harmonise.
- 10.8 kHz Auric detoxes Harmonise.
- 108 kHz Aura boost and balance.
- 1.08 MHz Aura boost and balance mega.

Please refer to Hulda Clark's book "The Cure for all Diseases" from which above frequencies are taken.

Program 2:

18 Min

- 10.8 Hz Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz Works on the mind, beta-endorphin stimulation.
- 1080Hz Works on the heart, Harmonise.
- 10.8 kHz Auric detox, Harmonise.
- 108kHz Aura boost and balance.
- 1.08MHz Aura boost and balance mega.

Program 3:

- 33 kHz on for 7 Min then off for 21 Min, then 7 Min on and 21 Min off and finally 7 Min on after which the machine will switch off

Please refer to Hulda Clark's book "The Cure for all Diseases" from which above frequencies are taken.

Program 4– Treatment Program proposed by Dr Imran Keeka for HIV / AIDS **approx. 1hr**

- 10.8 Hz** Detox and lymphatic drainage due to massaging pulse. Boosts production, and turnover rate of serotonin.
- 108 Hz** Works on the mind, beta-endorphin stimulation.
- 1080Hz** Works on the heart, Harmonise.
- 10.8 kHz** Auric detoxes Harmonise.
- 108 kHz** Aura boost and balance, Sterigmatocystin.
- 295 kHz** Ergot, Histoplasma, Herpes.
- 353 kHz** Schistosoma mans, Nocardia, Herpes, Salmonella.
- 365 kHz x 2** Immune system boost, Streptococcus, HIV, Nocardia, Clostridium, Coxsackie, Campylobacter, Diplococcus pneumon
- 378 kHz** Borellia, Trichomomas, Gyrodactylus, Haemoproteus, Micrococcus, Spirillum, Staphylococcus, Syncytial virus, Eikanella, Chlamydia trachomatis, Epstein-Barr.
- 385 kHz x 2** Anaplasma, Haemonchus, Salmonella, Clostridium, Adenovirus, Alpha Streptococcus, Beta Strep, Candida, Propionobacterium.
- 406 kHz** Ascaris, Dientamoeba, Pneumocystis, Proteus vulgaris, Cytomegalovirus, Wart papillomar virus, Stigeoclonium, Trichinella, Trichurus, Blepharisma.
- 420 kHz** Plasmodium cynomolgi, Eurytrema, Echinporophium, Enterobius, Fasciola, Troglodytella, Hepatitis, Herpes, Wart JB.
- 432 kHz x 2** Cytophaga, Trypanasoma, Moniezia, Fasciolopsis, Endamoeba, Endolimax, Mycobacterium, Wart CC,
- 10.8 Hz** Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz** Works on the mind, beta-endorphin stimulation.
- 1080Hz** Works on the heart, Harmonise.
- 365 kHz x 2** Immune system boost, Streptococcus, HIV, Nocardia, Clostridium, Coxsackie, Campylobacter, Diplococcus pneumon

Program 5 – Treatment Program proposed by Dr Imran Keeka for HIV / AIDS **approx. 1hr**

- 10.8 Hz x 2** Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz** Works on the mind, beta-endorphin stimulation.
- 1080Hz** Works on the heart, Harmonise.
- 33 kHz x 2** Zapper frequency.
- 365 kHz x 3** Immune system boost, Streptococcus, HIV, Nocardia, Clostridium, Coxsackie, Campylobacter, Diplococcus pneumon
- 10.8 Hz x 2** Detox and lymphatic drainage due to massaging pulse. Boosts production and turnover rate of serotonin.
- 108 Hz** Works on the mind, beta-endorphin stimulation.
- 1080Hz** Works on the heart, Harmonise.
- 365 kHz x 3** Immune system boost, Streptococcus, HIV, Nocardia, Clostridium, Coxsackie, Campylobacter, Diplococcus pneumon
- 33 kHz x 2** Zapper frequency.

NB Setting the time for another time other than default must be done after you set the desired program. Time per frequency for program 5 and 6 is 4 min default, therefore when you see x 2 the time will be 8 min and x 3 = 12 min if you set the time to 3 min x 2 = 6 min etc.

Program 6 – Dr Hajera Abed chakra cleanse

All healing must be ascribed to the Grace of God!

DISPOSAL OF THE DEVICE AT THE END OF ITS LIFE SHOULD BE DONE IN ACCORDANCE WITH NATIONAL ENVIRONMENTAL LAWS AND REGULATIONS

TECHNICAL SPECIFICATIONS

PARAMETER	SPECIFICATION
POWER SUPPLY	230 V ~ (50 Hz) or 115 V ~ (60 Hz)
POWER CONSUMPTION	0.2 A
PROTECTIVE CLASS	CLASS I
DEVICE TYPE	TYPE BF 
FUSE RATING	F; 0.25 A
OUTPUT FREQUENCY	10.8 TO 1.08 MHz
OPERATING TEMPERATURE	+ 10 ° C TO +40 ° C
STORAGE AND TRANSPORT TEMPERATURE	+ 5 ° C TO +45 ° C

TYPE BF EQUIPMENT

ALTERNATING CURRENT

WARNING

MAKULU MUTIS cc
EC Declaration of Conformity to the
Medical Devices Directive 93/42/EEC

Manufacturer: Makulu Mutis cc
Manufacturer's Address: 49 Basil Street, Ferndale, 2194, Randburg, South Africa
Device: Description: **THE DRIVER RESONATOR**
EC Product Class: Rule IIa

Makulu Mutis cc declares that The Driver Resonator, an electro-medical device conform to the relevant provisions of the EC Council Directive 93/42/EEC dated 14 June 1993 and is in accordance with Annex IX. The Quality Management System satisfies the requirements of ISO 13485 and is verified by the Notified Body DQS. The product was assessed against Annex I of the Medical Device Directive 93/42/EEC and risks found to be acceptable.

Makulu Mutis cc. confirms that no other application has been lodged with another Notified Body for the same device related Quality Management System.

Makulu Mutis cc. agrees to maintain a formally recognised Quality Management System to ensure continued adequacy and efficacy.

Makulu Mutis cc. agrees to maintain a documented post-production experience monitoring process, including the notification of reportable events under the European Medical Device Vigilance System Guidelines to the competent authorities.

Makulu Mutis cc. confirms that no medicinal products/drugs are incorporated in the device covered by the Device Schedule.

Makulu Mutis cc. agrees to inform the appointed Notified Body of any planned or unplanned substantial change to the Quality Management System.

Makulu Mutis cc. agrees to inform the appointed Notified Body of any planned or unplanned significant change to the Device Schedule, including significant design change to devices.

Makulu Mutis cc. has appointed TNMC Medical Devices UK Limited as our EU Authorised Representative of: Beechlawn House, Hurtmore Rd, Godalming, Surrey, GU7 2RA, United Kingdom. Tel: + 27 8922133, Fax: + 44 1483 420009, email: tnmc@mweb.co.za
