

# Epson EB-G6550WU

## DATASHEET

The Epson EB-G6550WU Full HD projector for the office is ideal for medium to large meeting rooms. Business presentations are delivered with rich, vivid colours - even in daylight. This is thanks to Epson's 3LCD technology enabling an equally high White and Colour Light Output of 5,200 lumens, and a WUXGA resolution.

## KEY FEATURES

- 5,200lm White and Colour Light Output
- WUXGA screen resolution
- Full HD 3LCD technology
- 360° vertical rotation of projection
- Easy installation features

The Epson EB-G6550WU boasts superior picture quality, ensuring the best possible projection for important presentations. The Colour Uniformity function compensates for unequal colour distribution by adjusting the intensity of RGB on individual areas of the screen.

New and innovative features are designed to offer the best possible presenting tools. The projector can be rotated vertically by 360 degrees so the projection image can be easily moved around the room.

In addition, Frame Interpolation makes sure video footage is sharper and images are clearer with smoother, more fluid screen movement.

The Epson EB-G6550WU is easy to set up and use, thanks to a variety of user-friendly installation features. Pixel alignment, for example, enables the user to align pictures easily and effectively during set up for clear, correct images. With edge blending, a large, widescreen image can be projected from a number of projectors working together seamlessly. Its powerful zoom lens, as well as manual vertical keystone correction and centred lens, make it quick and easy to set up in a variety of positions without picture blurring or distortion.

With the HDMI input, you can connect a variety of high definition devices to deliver Full HD content effortlessly.

For simpler integration, this model is also compatible with the Epson EB-G5 series lenses<sup>1</sup>.

EXCEED YOUR VISION

## PRODUCT SPECIFICATIONS

### TECHNOLOGY

Projection System	3LCD Technology, RGB liquid crystal shutter
LCD Panel	0,76 inch with C2 Fine

### IMAGE

Color Light Output	5.200 lumen - 3.952 lumen (economy)
White Light Output	5.200 lumen - 3.952 lumen (economy)
Resolution	WUXGA, 1920 x 1200, 16:10
Contrast Ratio	5.000 : 1
Lamp	380 W, 2.500 h durability, 4.000 h durability (economy mode)
Keystone Correction	Manual vertical: ± 30 °, Manual horizontal ± 30 °

### OPTICAL

Projection Ratio	1,26 - 2,30:1
Zoom	Manual, Factor: 1 - 1,8
Projection Size	50 inches - 300 inches
Projection Distance Wide	1,4 m - 8,4 m (300 inch screen)
Projection Distance Tele	2,5 m - 15 m (300 inch screen)
Projection Lens F Number	1,65 - 2,55
Focal Distance	21,28 mm - 37,94 mm
Focus	Manual

### CONNECTIVITY

Interfaces	RS-232C, Ethernet interface (100 Base-TX / 10 Base-T), Wireless LAN IEEE 802.11b/g/n (optional), VGA in, VGA out, HDMI in, Display Port, Composite in, BNC in, S-Video in, Stereo mini jack audio out, Stereo mini jack audio in (4x), Cinch audio out
------------	--

### ADVANCED FEATURES

Security	Kensington lock, Security bar
Features	Frame interpolation, Freeze image, Instant on/off, Network administration, Network image transmission, Split-Screen-Function
Video Color Modes	Dynamic, Photo, Presentation, sRGB, DICOM SIM

### GENERAL

Energy Use	504 W, 405 W (economy), 0,41 W (standby)
Product dimensions	505 x 144 x 382 mm (Width x Depth x Height)
Product weight	9,7 kg
Noise Level	Normal: 39 dB (A) - Economy: 31 dB (A)

### OTHER

Warranty	36 months Carry in or 15.000 h, Lamp: 36 months or 1.000 h
----------	--

## LOGISTICS INFORMATION

SKU	V11H513040
Barcode	8715946513843
Dimensions Single Carton	517 x 342 x 196 mm
Carton Weight	5,51 Kg
Multiple Order Quantity	6 Units
Country of Origin	Japan
Pallet Size Euro	7 Units (1 x 7)
