Samsung BD E5900 Blu-ray player

Open your eyes to possibilities with the Samsung BD E5900 Blu-ray player, which gives your Samsung TV great capabilities with both internet* and wireless connectivity. Blu-ray player features such as Smart Hub™*, Web Browser* and Wi-Fi Direct^ help ensure that you have variety of content to enjoy. Add to this the enhanced connectivity found with the built-in Wi-Fi Direct^, which lets you share content from compatible Samsung devices like your compatible camera, notebook and Smartphone.

Create a great level of connectivity with Wi-Fi Direct

Create a great level of connectivity in your home with Samsung's Wi-Fi Direct feature. By utilising the built-in Wi-Fi technology, you are able to upload and share content from Samsung compatible devices onto your Samsung Blu-ray player with just a push of a button^*. Forget searching for the right cables, with the Wi-Fi direct feature you can effortlessly share movies, pictures and music wirelessly through your Samsung Blu-ray player. Content can be wirelessly streamed between Wi-Fi Direct capable products without a router. Whether the content is on your compatible Samsung laptop, camera, Smartphone or tablet, your content can be enjoyed on the big screen.

Enjoy apps, videos, web browsing and more*

The Samsung Smart Hub* feature available through your Samsung Blu-ray player is your gateway into accessing a variety of content. Simply find and watch movies online with a touch of a button. You can even enjoy our three great new services available on the Samsung Smart Hub Feature. Family Story lets you share special photos, messages and events with loved ones. Meanwhile, children can stay entertained and educated with the Kids App feature. You can also exercise and manage your training using Fitness. With access to great content as well as a selection of Samsung Apps, web browsing and more, this is an exceptional family home entertainment experience.

Enjoy web access with the BD-E5900*

Give your web experience a great upgrade with the help of Samsung's a BD-E5900 Blu-ray player. Simply connect the Blu-ray player to your existing compatible Samsung TV and enjoy surfing the net on your very own big screen. The featured Web Browser function helps to ensure that your online experience is fast and easy from the comfort of your living room for everyone to share.

Help optimise Web videos for your Samsung TV

With the Samsung's BD Wise Web feature, you can watch Web-quality videos in high definition on your compatible Samsung TV*. It can automatically optimise internet videos by delivering outstanding picture quality so that images are crisp. BD Wise Web can even re-size the video ratio so that the edges aren't cropped off.
