- TV SoundConnect™
- TV Multiroom Link™
- Bluetooth®
- DLNA™

Get drawn into the game we love with an immersive curved screen. See the difference precise colour, deeper blacks and a greater depth can make. With 4K UHD resolution you'll enjoy a picture with 4x the resolution of Full HD*

CURVED SCREEN

- Innovative curved design and UHD picture quality provides the ultimate immersive experience
- Curved screen widens viewing angles to provide an optimal viewing experience even from the sides
- Lifelike picture quality and curved screen are built to naturally match the shape of your eye

MADE FOR THE GAME WE LOVE

- Hockey Mode carefully enhances the sights and sounds of your hockey viewing experience, so you can live the excitement of the game you love from the comfort of your home
- Clear motion rate technology ensures fast moving objects look razor sharp, so you can see the puck glide across the icy surface with great detail

BACKLIGHT ENHANCEMENT

- Peak Illuminator™ provides greater detail with increased LED illumination behind the brightest regions of the picture
- Precision Black™ improves black levels and contrast while bright areas remain bright

▾ "Motion Rate (MR)240 uses proprietary backlight enhancements and advanced video processing technology in order to deliver a 120Hz like viewing experience."

* Wireless PC Mirroring Dongle is supported on select 2015 Smart TV models. Check Samsung.ca for details
