Statement of Conditions

The information contained in this manual is subject to change without notice. Alvarion Ltd. shall not be liable for errors contained herein or for incidental or consequential damages in connection with the furnishing, performance, or use of this manual or equipment supplied with it.

Warranties and Disclaimers

All Alvarion Ltd. ("Alvarion") products purchased from Alvarion or through any of Alvarion's authorized resellers are subject to the following warranty and product liability terms and conditions.

Exclusive Warranty

(a) Alvarion warrants that the Product hardware it supplies and the tangible media on which any software is installed, under normal use and conditions, will be free from significant defects in materials and workmanship for a period of fourteen (14) months from the date of shipment of a given Product to Purchaser (the "Warranty Period"). Alvarion will, at its sole option and as Purchaser's sole

remedy, repair or replace any defective Product in accordance with Alvarion's standard R&R procedure.

(b) With respect to the Firmware, Alvarion warrants the correct functionality according to the attached documentation, for a period of fourteen (14) month from invoice date (the "Warranty Period"). During the Warranty Period, Alvarion may release to its Customers firmware updates, which include additional performance improvements and/or bug fixes, upon availability (the "Warranty"). Bug fixes, temporary patches and/or workarounds may be supplied as Firmware updates.

Additional hardware, if required, to install or use Firmware updates must be purchased by the Customer. Alvarion will be obligated to support solely the two (2) most recent Software major releases.

ALVARION SHALL NOT BE LIABLE UNDER THIS WARRANTY IF ITS TESTING AND EXAMINATION DISCLOSE THAT THE ALLEGED DEFECT IN THE PRODUCT DOES NOT EXIST OR WAS CAUSED BY PURCHASER'S OR ANY THIRD PERSON'S MISUSE, NEGLIGENCE, IMPROPER INSTALLATION OR IMPROPER TESTING, UNAUTHORIZED ATTEMPTS TO REPAIR, OR ANY OTHER CAUSE BEYOND THE RANGE OF THE INTENDED USE, OR BY ACCIDENT, FIRE, LIGHTNING OR OTHER HAZARD.

Disclaimer

(a) The Software is sold on an "AS IS" basis. Alvarion, its affiliates or its licensors MAKE NO WARRANTIES, WHATSOEVER, WHETHER EXPRESS OR IMPLIED, WITH RESPECT TO THE SOFTWARE AND THE ACCOMPANYING DOCUMENTATION. ALVARION SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT WITH RESPECT TO THE SOFTWARE. UNITS OF PRODUCT (INCLUDING ALL THE SOFTWARE) DELIVERED TO PURCHASER HEREUNDER ARE NOT FAULT-TOLERANT AND ARE NOT DESIGNED, MANUFACTURED OR INTENDED FOR USE OR RESALE IN APPLICATIONS WHERE THE FAILURE, MALFUNCTION OR INACCURACY OF PRODUCTS CARRIES A RISK OF DEATH OR BODILY INJURY OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE ("HIGH RISK ACTIVITIES"). HIGH RISK ACTIVITIES MAY INCLUDE, BUT ARE NOT LIMITED TO, USE AS PART OF ON-LINE CONTROL SYSTEMS IN HAZARDOUS ENVIRONMENTS REQUIRING FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, LIFE SUPPORT MACHINES, WEAPONS SYSTEMS OR OTHER APPLICATIONS REPRESENTING A SIMILAR DEGREE OF POTENTIAL HAZARD. ALVARION SPECIFICALLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES.

(b) PURCHASER'S SOLE REMEDY FOR BREACH OF THE EXPRESS WARRANTIES ABOVE SHALL BE REPLACEMENT OR REFUND OF THE PURCHASE PRICE AS SPECIFIED ABOVE, AT ALVARION'S OPTION. TO THE FULLEST EXTENT ALLOWED BY LAW, THE WARRANTIES AND REMEDIES SET FORTH IN THIS AGREEMENT ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES, TERMS OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SATISFACTORY QUALITY, CORRESPONDENCE WITH DESCRIPTION, NON-INFRINGEMENT, AND ACCURACY OF INFORMATION GENERATED. ALL OF WHICH ARE EXPRESSLY DISCLAIMED. ALVARION' WARRANTIES HEREIN RUN ONLY TO PURCHASER, AND ARE NOT EXTENDED TO ANY THIRD PARTIES. ALVARION NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR IT ANY OTHER LIABILITY IN CONNECTION WITH THE SALE, INSTALLATION, MAINTENANCE OR USE OF ITS PRODUCTS.

Limitation of Liability

(a) ALVARION SHALL NOT BE LIABLE TO THE PURCHASER OR TO ANY THIRD PARTY, FOR ANY LOSS OF PROFITS, LOSS OF USE, INTERRUPTION OF BUSINESS OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY KIND, WHETHER ARISING UNDER BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE AND WHETHER BASED ON THIS AGREEMENT OR OTHERWISE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

(b) TO THE EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL THE LIABILITY FOR DAMAGES HEREUNDER OF ALVARION OR ITS EMPLOYEES OR AGENTS EXCEED THE PURCHASE PRICE PAID FOR THE PRODUCT BY PURCHASER, NOR SHALL THE AGGREGATE LIABILITY FOR DAMAGES TO ALL PARTIES REGARDING ANY PRODUCT EXCEED THE PURCHASE PRICE PAID FOR THAT PRODUCT BY THAT PARTY (EXCEPT IN THE CASE OF A BREACH OF A PARTY'S CONFIDENTIALITY OBLIGATIONS).

Disposal of Electronic and Electrical Waste

Disposal of Electronic and Electrical Waste

Pursuant to the WEEE EU Directive electronic and electrical waste must not be disposed of with unsorted waste. Please contact your local recycling authority for disposal of this product.

Important Notice

This user manual is delivered subject to the following conditions and restrictions:

- This manual contains proprietary information belonging to Alvarion Ltd. Such information is supplied solely for the purpose of assisting properly authorized users of the respective Alvarion products.
- No part of its contents may be used for any other purpose, disclosed to any person or firm or reproduced by any means, electronic and mechanical, without the express prior written permission of Alvarion Ltd.
- The text and graphics are for the purpose of illustration and reference only. The specifications on which they are based are subject to change without notice.
- The software described in this document is furnished under a license. The software may be used or copied only in accordance with the terms of that license.
- Information in this document is subject to change without notice. Corporate and individual names and data used in examples herein are fictitious unless otherwise noted.
- Alvarion Ltd. reserves the right to alter the equipment specifications and descriptions in this publication without prior notice. No part of this publication shall be deemed to be part of any contract or warranty unless specifically incorporated by reference into such contract or warranty.
- The information contained herein is merely descriptive in nature, and does not constitute an offer for the sale of the product described herein.
- Any changes or modifications of equipment, including opening of the equipment not expressly approved by Alvarion Ltd. will void equipment warranty and any repair thereafter shall be charged for. It could also void the user's authority to operate the equipment.

1. Mini-Centralized ASN-GW Overview

The Mini-Centralized ASN-GW provides ASN-GW functions in a small package, simplifying implementation of various deployment scenarios where a single ASN-GW serves several BTSs. Specifically, it targets high speed transport locations, which wouldn't normally host BTSs, allowing optimal, flexible, and scalable network design, significantly raising traffic bandwidth and reducing CAPEX and OPEX.

In future releases, the Mini-Centralized ASN-GW will support stackable solution with additional features such as load balancing and various redundancy configurations.

The stand alone ASN-GW is a 1U ETSI unit that can be installed in a standard 19" cabinet. It may complement both indoor and outdoor BTS systems (i.e. BreezeMAX 4Motion Indoor and Outdoor systems and BreezeMAX Extreme systems), while operating concurrently with integrated ASN-GW instances.

Figure 1: Mini-Centralized ASN-GW

2. Mechanical and Electrical specifications

Table 1-1: Mechanical & Electrical Specifications

Item	Description
Dimensions	1U high ETSI type shelf, 1U x 43.2 x 45 cm
Weight	2.67 Kg
Power Source	-36 to -60 VDC, typical -48 VDC
Power Consumption	100W maximum

3. Installation Requirements

3.1 Packing List

- Mini-Centralized ASN-GW Unit
- DC power cable (2.5m)

- Monitor cable

3.2 Additional Installation Requirements

- Ethernet cable (straight) for connecting the unit to the backbone network.
- A grounding cable with appropriate terminations for connecting the unit's ground terminal to the rack or to a ground connection.
- For installation in a 21" ETSI rack: two 21" ETSI rack adapters (available from Alvarion)
- For installation in an outdoor cabinet - data equipment installed in the cabinet
- A portable PC for configuring parameters using the Monitor cable.
- Installation tools and materials

4. Mechanical Interface

4.1 Connectors

Figure 2: Mini-Centralized ASN-GW Unit Front Panel

Figure 3: Mini-Centralized ASN-GW Unit Rear Panel

Table 2: Mini-Centralized ASN-GW Unit Connectors

Name	Connector	Functionality
DATA	10/100/1000 Mbps channel (RJ-45 shielded connector) with 2 embedded LEDs.	Connection to the backbone.
MGMT	10/100Base-T (RJ-45 shielded connector) with 2 embedded LEDs.	Connection to out-of-band management.
CSCD	10/100/1000 Mbps channel (RJ-45 shielded connector) with 2 embedded LEDs.	Connection to local management and to cascaded ASN-GW (future option).
MON	RS-232 interface	Access for debugging and configuration
Power (rear panel)	D-type	Connection to DC power

4.2 Unit Reset

Press the Reset button for a few seconds to perform hardware reboot. The unit will reset to the latest saved configuration.

4.3 LEDs

Table 3: Mini-Centralized ASN-GW Unit LEDs

Name	Description	Functionality
PWR	Power indication	<ul style="list-style-type: none"> ■ Off - Unit is not powered ■ Red - Input power failure ■ Green - Unit power is OK
ALRM	Alarm indication	<ul style="list-style-type: none"> ■ Off - No alarm ■ Red - Unit failure ■ Blinking Red - Unit powers up.
MGMT/DATA/CSCD LEDs on the RJ-45 connectors	Port Activity	<ul style="list-style-type: none"> ■ Blinking Yellow - Ethernet traffic activity. ■ Off - no traffic.
	Port Integrity	<ul style="list-style-type: none"> ■ Green - Ethernet PHY layer connectivity is OK. ■ Off - Ethernet not connected.

5. Preparing a DC Power Cable

The unit is supplied with a 2.5m DC power cable. Additional DC cables can be ordered from Alvarion. If necessary, use the following instructions to prepare a DC cable.

To prepare the power cable:

- 1 Use a cable capable of supporting a current of at least 2A. Use a cable with 3 x 16AWG (or thicker) wires for the power and an additional 16AWG ground wire. The matching power connector to be used is D-type power with high power socket contacts.
- 2 Connect the wires to the power connector as follows:
 - » Pin 1 (RTN): White (2 AWG min wire)
 - » Pin 2 (-48V): Black (2 AWG min wire)
 - » Pin 3 (): Ground (shield-green/yellow) (16AWG wire)
- 3 Attach suitable terminal rings to the side that connects to the power source. (Not applicable to installation in an outdoor cabinet).

Figure 4: Power Cable

6. Installing the Mini-Centralized ASN-GW Unit

6.1 Installing in an Indoor Rack

The location of the indoor equipment should take into account its connection to the power source and to the base station networking equipment.

To install the Mini-Centralized ASN-GW Unit in an indoor rack:

- 1 Place the unit on a shelf/desk or install it in a 19" cabinet. For installation in a 21" cabinet, attach suitable ETSI rack adapters to the chassis.
- 2 Connect one end of a grounding cable to the grounding screw located on the rear panel of the unit (marked \perp) and firmly tighten the grounding screw. Connect the opposite end of the grounding cable to a ground (earth) connection or to the cabinet, if applicable.
- 3 Connect the DATA port to the backbone data equipment (use a straight Ethernet cable to connect to the provider's core network . The maximum length of the Ethernet cable is 100m.

- 4 If the MGMT port will be used for remote management, connect it to the appropriate data equipment (use a straight Ethernet cable to connect to a hub/switch/router). The maximum length of the Ethernet cable is 100m.
- 5 Connect the power cord to the unit's DC socket, located on the rear panel. Connect the other end of the power cord to the -48 VDC power source.

**NOTE**

The color codes of the power cable are as follows:

Brown	Phase	~
Blue	Neutral	0
Yellow/Green	Ground	

- 6 Configure basic parameters using the Monitor program (Refer to the *Commissioning* section in the *System Manual*).

6.2 Installing the MC ASN-GW in an Outdoor Cabinet

The BreezeMAX Extreme and Macro Outdoor BTS outdoor solutions require the MC ASN-GW to be outdoor.

To install the Mini-Centralized ASN-GW Unit in an Outdoor cabinet:

- 1 To gain access for connecting the ASN-GW power cable, unlock the Smartpack controller in the top section of the cabinet and temporarily slide the controller out (see [Figure 5](#)).

Figure 5: Front View of Outdoor Cabinet Top Section

- 2 Connect the three ends of the ASN power cable to power shelf as follows (see [Figure 6](#)):
 - ◇ Ground (green/yellow) to DC Earth
 - ◇ (+) (white) to Common DC Output (+)
 - ◇ (-) (black) to Common DC Output (-)

Figure 6: Top View of Outdoor Cabinet

- 3 Return the Minipack controller and lock it in its location.
- 4 Insert the MC ASN-GW into its location in the cabinet; fasten the screws at both sides of the 19" cabinet rails.
- 5 Connect the power connector to the unit's DC socket, located at the rear panel.
- 6 Connect the DATA port to the backbone data equipment in the cabinet (use a straight Ethernet cable to connect to the provider's core network).
- 7 If the MGMT port will be used for remote management, connect it to the appropriate data equipment (use a straight Ethernet cable to connect to a hub/switch/router).
- 8 Make sure the breakers are off (down) and turn on the power to the shelf.
- 9 Switch on the breakers and check that there is no short circuit.
- 10 Check the ASN LEDs to verify correct operation.
- 11 Configure basic parameters using the Monitor program (Refer to the *Commissioning* section in the *System Manual*).
