Video-On-Demand services.

Smart TV with Web-Connected Samsung Apps

Full HD 1080p

Experience the natural beauty of reality with Samsung's Full HD LED TVs. With twice the resolution of standard HD TVs, images defy your mind and home entertainment experience. The rich, realistic texture of Full HD images invites you to enjoy a viewing experience unlike anything you've seen before.

Smart Hub

Change what you watch on TV and how you watch it with Samsung's Smart Hub. Now you can download various Apps to search for TV content while watching live TV, to surf the web on your TV, stay connected with friends and family, find movie recommendations.

Wide Color Enhancer Plus

See the world's true colours. Samsung's Wide Colour Enhancer Plus uses an advanced algorithm to drastically improve image quality – even displaying subtle tones and details that less advanced TVs cannot reproduce.

Digital Noise Filter

Watch crystal-clear analog programming as if it was being broadcasted digitally with Samsung's Digital Noise

Samsung UN40D6000 40" LED 1080p 240CMR LCD HDTV (UN40D6000)

Filter. The filter helps to eliminate some of the digital "noise" that are seen on your screen.

Connect Share Movie

Tap your digital devices. ConnectShare Movie transforms your TV into a home entertainment theatre - simply plug in your USB memory drive or connect your hard disk drive to screen the movies, photos and music stored there.

Eco Sensor

Samsung HDTVs are easy on the planet and your eyes. Our unique Eco Sensor measures the intensity of the room's light and automatically calibrates the brightness of the screen's image. In a brightly lit environment, picture brightness grows even brighter and in dim surroundings, brightness is reduced.

Swivel Stand

With the innovative, round swivel stand you'll never miss a frame. It delivers a great view from a wide range of angles, ensuring that virtually any seat you choose is the best in the house.

Ultra Clear Panel

The Ultra Clear Panel on Samsung LED TV efficiently absorbs external light and effectively eliminates reflection, providing you with real, natural colour and deep, dynamic detail that deliver a clearer, more comfortable viewing

Samsung UN40D6000 40" LED 1080p 240CMR LCD HDTV (UN40D6000)

experience.

HyperReal Engine

The driving force behind the amazing colour and realistic images of Samsung's new LED TVs is the innovative HyperReal Engine. By optimizing performance and image enhancement, the Samsung HyperReal Engine provides the most vibrant and crystal-clear Full HD images.

Allshare

Bring it all together. AllShare wirelessly connects to compatible mobile devices through DLNA technology so the movies, photos and music stored on them can be viewed, listened to and shared on your smart TV.

3D Auto Contrast

Deepen your experience. Samsung's integrated 3D Auto Contrast uses advanced rendering technology to enhance the impression of 3D depth and to produce spacious, startlingly lifelike images.

Anynet

Concentrate your control. Anynet technology enables you to direct all of your HDMICEC-compatible digital devices – whatever their manufacturer – with a single remote control, for a streamlined home-entertainment experience.
