FOOLISH DUCATI

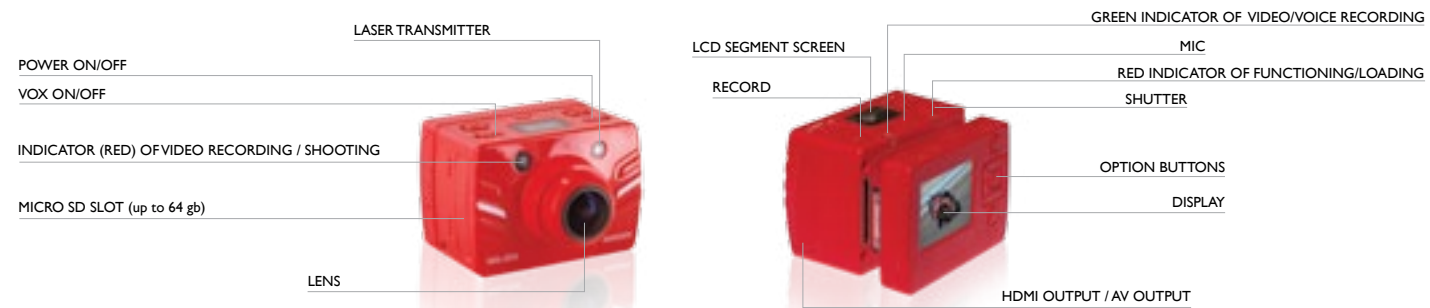

Full HD 1080 ACTION CAM

REF: 13NXAKFH00002

Ninox and Ducati have created Foolish Ducati, the special make-up of the professional camera with the biggest possible wide-angle lens available in the field (175°), that will allow you to shoot your performance in FULL HD (1920p×1080p). Tested by Ducati and by Ninox Champions Team, it can be worn or fixed on your fellow traveller (motorbike, ski helmet, surfboard, windsurf, etc.) thanks to the various accessory packs available. Provided with a waterproof case, that grants an impermeability up to 60 meters, FOOLISH DUCATI makes you see your performance straight away thanks to the equipped LCD screen. You can also operate the camera through its wireless remote control and take photos up to 8 MegaPixels. Foolish Ducati is uniquely equipped with both and 4X digital zoom and laser-puntator.
