One word could sum up our design team: *passionate*. Our designers and engineers are not only avid users of headphones, but are passionate about creating products to elevate the quality of your music. Just like you, we enjoy listening to our favorite artists while on the go, exercising, or just relaxing. Understanding the importance of durability, sound quality, and lightweight comfort is not just our job, it's our active everyday passion.

In-line multifunction control with microphone*

The one button control performs many useful commands and is supported by most mobile phone and portable media players. Some devices may require you to click two times or to hold the button down for a few seconds to activate some commands. Not all features will work for every device. Refer to the user's manual for your device to see which features are supported. Please note that not all manuals list the one-touch button features, even though they are supported.
