

Ultra-slim and powerful – the multi-functional companion for travel and entertainment:

The Pocket PC e350.

This super-thin Pocket PC is the ultimate personal assistant, keeping you totally organised, informed and entertained on the move. It's incredibly slim and lightweight and also fully expandable. All at a price that's amazingly easy on the pocket.

- Powerful mobility – extreme mobile power, easy to carry and use anywhere
- Exciting entertainment – MP3 audio and video on the move
- Fully expandable – add applications, storage and wireless connectivity via SD™ slot
- Great design – slim and stylish yet incredibly powerful
- Ready to use – latest software pre-installed, everything included

Powerful mobility.

At just 80 x 125 x 12.4 mm and 149 g, the e350 fits easily in a pocket yet contains everything you need to keep your life on track – from scheduler to spreadsheets and e-mail to Internet access. The new 300 MHz Intel® PXA 255 processor runs any application, while a lithium-ion battery gives extended power for greater independence.

Exciting entertainment.

Loaded with 64 MB RAM, it's a brilliant micro-sized multimedia entertainment system. You can use an MP3 audio player, watch video clips in power-saving mode, download games for hours of entertainment. You'll even find a digital voice memo function for recording notes.

Fully expandable.

Built-in Secure Digital™ (SD) means the PDA easily expands to fit your lifestyle. Add SD™ cards for data transfer, or to turn your Pocket PC into a video player or digital photo album. Beam information wirelessly via integrated InfraRed and use an optional Bluetooth SD™ card and mobile phone to link to the web.

Great design.

The sleek wafer-thin premium-graphite casing makes the e350 sheer pleasure to hold, while innovative ergonomics, including 5-way navigation and user-programmable buttons, mean it's incredibly easy to use. A large 3.5" 240 x 320 pixel TFT colour screen with impressive back-lighting also ensures beautifully sharp images in any environment.

Ready to use.

Get ready for maximum productivity straight out of the box. Microsoft® Pocket PC 2002 Professional and a comprehensive set of applications including Pocket Word and Pocket Excel are pre-loaded. Bundled hardware includes a desk cradle for quick recharging and USB synchronisation with your PC.
