WARNING

There can be a cause of potential fire or electric shock when operating this machine under smoke, weird noise or smell. Please turn off the power switch and unplug the power cord immediately to prevent further serious damage. Consult with the service center for any repair needs.

DO NOT attempt to service this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel for any repair or disassemble needs.

If the unit is exposed to water or any flammable materials, turn off the power switch immediately and unplug the power cord. Consult with the service center for any repair needs.

If the unit is dropped or its cover case is damaged, turn off the power switch immediately and unplug the power cord. DO NOT use the machine as broken, it may cause fire or potential electric shock

If there's an indication of the power cord getting heat up or the main unit turns off and on, please turn off the machine completely and unplug the cord. It may cause a fire or electric shock if constantly used in above condition.

All power cords should be routed so that they are not likely to be walked on or pinched by heavy items upon or against them. Open cut on the cord may cause a fire or electric shock.

Safety Notice

If the power cord is damaged (open cut or cutted,) replace the power cord immediately to prevent from a fire or electric shock.

DO NOT twist, bend hard, burn, pull hard, or damage the power cord. It may cause a fire or electric shock.

After thunder or lightening shock, DO NOT touch the power cord. It may cause an electric shock.

Only use the item under its indicated voltage. It may cause an electric shock if used over or below its indicated voltage.

DO NOT place the item on the surface where it may fall. Make sure children are not abusing the product. It may cause serious personal injury or damage.

Be careful when using this product under snowy, rainy, or moistened area. It may cause an electric shock.

DO NOT touch the power cord with moistened hands. It may cause an electric shock.

Notice

DO NOT place the item exposed of dusts or moist. It may cause a fire or electric shock.

DO NOT place the item exposed of oils or moistures; such as burner or humidifier. It may cause a fire or electric shock.

Place the item in a ventilated area and try to avoid the following:

- * Storing the item upside down or sideways.
- * Storing the item where no ventilation exists such as closet.

Safety Notice

DO NOT place the item under a direct heat from the sun light.

Unplug the power cord from the wall outlet before cleaning. It may cause a fire when accumulated.

DO NOT operate this machine under a weird noise for a long period of time. It may blow out the speakers.

DO NOT put heavy items or lean on the product. It may damage the item.

Please disconnect all wires, cables, and cords before moving the unit to another place. Do not place the unit close to the heated area for it may cause a fire by melting the cords close to it.

DO NOT pull the power cord to disconnect it. It may damage the cord and cause fire.

It is highly recommended to plug the power cord directly to the wall outlet without using any extensions. It will reduce the chance of causing fire.

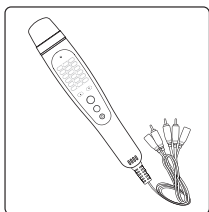

Please unplug the power cord from its wall outlet before cleaning the unit. It will prevent the electric shock.

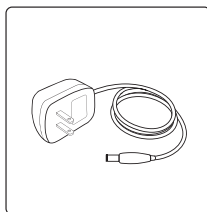

For safety reason, please unplug the power cord when the unit is not in use for a long period of time.

Notice before installing hardware

Read instructions on how to connect first before connecting your YK-4000.

- 1** Turn off the power before insert/remove additional song pack. It may damage the data saved on song pack if inserted/removed while power is on.
- 2** Never make or change connections with the power switch on.
- 3** Avoid dust, oil residue, excessive physical power on connection of connection cord terminal and connector types. It may cause loose contact or contact failure.
- 4** Do not disassemble or convert MyStage. It may cause permanent damage to the unit, and electric shock or burning hazard to the user.
- 5** Do not use MyStage near electric induction sources (i.e. microwave). It may cause noise and howling.

Connecting TV

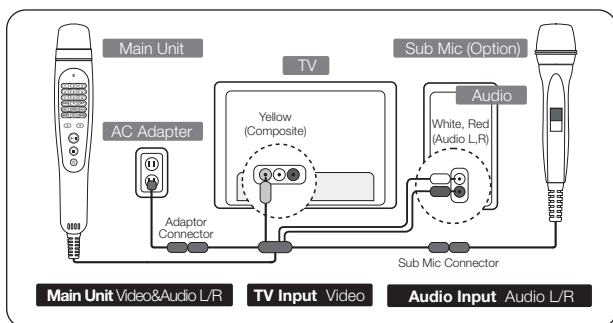

- 1 Connect AV cord to the RCA jack terminal on your TV.

*Use the composite cable (yellow) to connect the yellow RCA jack to the other RCA jack terminal of your TV. *Caution: The video may be faded or out if cable is not connected properly.

*Use the audio cables (white/red) to connect AUDIO OUT (L/R) jacks of the MyStage to the corresponding AUDIO IN jacks on the stereo. For mono TV, there is only white cord.

- 2 After everything is connected properly, plug in the AC power cord to the power outlet.
- 3 Turn TV on and select menu for remote control of other optional video sources (VCD, DVD, VIDEO1 or 2). Read user's manual of TV for detail.
- 4 Turn MyStage on.
- 5 When the logo display appears on the TV screen, there must be a theme song coming up within ten seconds after.

Connecting TV & Audio

- 1 TV's video input terminal (composite video) is indicated in yellow color located on either back of the TV or on the side. Please connect it with the main unit's video jack (yellow male jack).
 - Please check to make sure wires are properly connected for its best performance.
Please purchase any extra A/V Extension Cable if necessary.
- 2 Then, connect the two red & white male jack from the main unit's A/V Cable to the Audio System's audio input terminal (Audio In) in their matching colors (red & white.)
- 3 Turn both TV and Audio System on.
- 4 Turn both TV and Audio System's Input Source Channel to the correct channel and test to see if everything comes up properly.
- 5 When the logo display appears on the TV screen, there must be a theme song coming up within ten seconds after.

Using up/down button or search button, or press song's own number found in list.

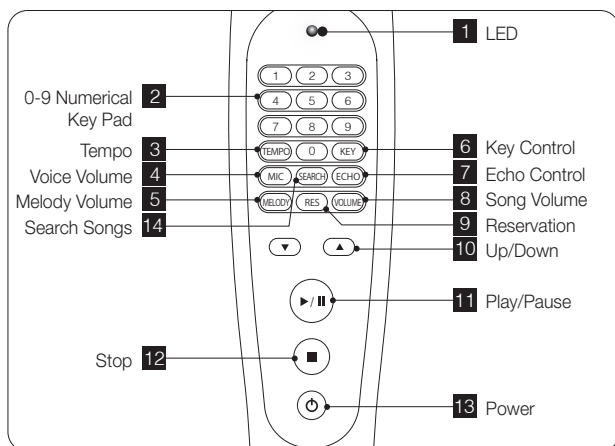

Press ►/|| button to start playing, press button ►/|| again to pause.

To stop playing, press “STOP” button.

- Performance of MyStage may be affected by own function of your TV. Please turn off the function “Automatic Level Control” (AVL/AVC : This function may be shown as different words, please check your TV manual for detail) on your TV set. It may cause excessively low volume if ALC function is on.
