Bluetooth® Push to Talk Phone

Could talking on a phone be any easier? First, you get instant Push to Talk service that lets you chat walkie-talkie style at the push of a button. Then there's Bluetooth technology so you can take calls on a wireless headset. Add speaker-independent voice recognition and a one-touch speakerphone and you're as hands-free as it gets. Your eyes do get to enjoy one thing—a high resolution camera/camcorder that lets you capture memories in ways words can't describe.
