TOSHIBA NB510

YOUR IDEAL FIRST NETBOOK

Toshiba recommends Windows® 7.

Large touchpad for easy typing

Choose your favourite colour.**

Full set of ports to connect in any situation.

'An everyday netbook' is a deceptive badge for a netbook that's capable of so much. For families who want to connect, browse and share around the house, on holiday or in the car, the Toshiba NB510 makes a perfect second computer. For business professionals on the move, it's a versatile and stylish presentation tool. For students on today's wired campuses, it's a convenient day-to-day computer. And for everyone, it's a compact media player, with 1080p video and an HDMI port for playing your favourite music and movies through bigger screens and speakers. With up to 9 hours' battery life, thin, attractive design and silent, fan-less running, it's the entry-level notebook that delivers more.

DUAL-CORE DELIGHT

Featuring a dual-core processor and many extras, the Toshiba NB510 delivers a superb multimedia experience. Toshiba engineers have packed all the essentials into the Toshiba NB510, including the world-class quality for which Toshiba is known.

ALL THE RIGHT CONNECTIONS

The Toshiba NB510 still comes with everything you need to keep in touch. Integrated Bluetooth and Wi-Fi get you connected. A built-in webcam and microphone to enjoy video calls. And three USB 2.0 ports, so you can connect and charge multiple devices.

UP TO 9 HOURS UNPLUGGED

No need to worry where the nearest power socket is. With up to 9 hours battery life*, the Toshiba NB510 keeps you connected all day - or entertained all through your long-haul flight.

Your PC, simplified.

Windows 7

Toshiba recommends Windows® 7.

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: www.computers.toshiba-europe.com and/or contact Toshiba Technical Support. - Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. - Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. - For PCs configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. - For information about upgrading your system memory please refer to the user manual or contact your local Toshiba service provider. - One GB means one billion bytes, accessible capacity may be less. - Wired and wireless communication capabilities to be applied in countries where approved. - Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at www.computers.toshiba-europe.com. - Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. - Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. - Please check your system specifications to ensure optimal results. - Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis. - Performance may vary depending on product model, configuration, video content/format/settings as well as the performance variations of individual hardware components. Results were achieved on select models and configurations tested by Toshiba at the time of publication.
