CALLER ID DIGITAL ENHANCED CORDLESS PHONE

CL-3375 USER'S MANUAL

Congratulations

on purchasing our high quality product.

Please read the manual carefully to find out all features and how your telephone works, so you can get the best out of your new phone.

■ Safety Precautions

To reduce the risk of electrical shock and injury, please follow these basic safety precautions before using the phone.

- 1. Carefully read and observe the instructions in this manual.
- 2. Follow all warnings marked on the unit.
- 3. When cleaning, unplug the phone first, then use a damp cloth to wipe. Do not use liquid or aerosol
- 4. Do not place objects on the line cord that may cause damage.
- 5. Do not use this phone in wet surroundings or environments where there is a risk of explosion.
- 6. Avoid spilling of any liquid on the phone.
- 7. Unplug this phone from the wall outlet and refer servicing to qualified service personnel only.
- 8. Pay attention to the polarity of the batteries, insert the rechargeable batteries in accordance with polarity symbols (this instruction is found in the installing batteries section.)
- 9. Use only the batteries indicated in the User's Manual. Never use other ordinary batteries or conventional alkaline batteries. Otherwise this may not only cause personal injuries but also damage
- to the unit. 10. Do not mix exhausted batteries with full batteries. Exhausted batteries shall not be disposed of with the usual household waste or in a fire.
- 11. If you are sure you will not be going to use the handset over a month, please take out the batteries from the battery compartment.
- 12. Use only the power supply indicated in the User's Manual
- 13. Keep the phone out of the reach of children
- 14. Use the phone only in the described manner
- 15. Stop using the phone if it becomes damaged.

Unpacking

Once you have unpacked your phone, make sure that all the parts shown below are available. If any pieces are missing or broken, please promptly call your dealer.

*The shape of the plugs can vary according to each country's specification.

■ Installing Batteries

The rechargeable Ni-MH batteries (AAA size) come with your phone. Install the battery before using your

- 1. Slide the battery cover in the direction of the arrow and pull it out.
- 2. Insert new batteries as indicated, matching correct polarity (+,-).
- 3. To replace the battery cover, slide the cover up until it snaps in place.

■ Charging Handset

! Important Note: Before initial operation, YOU SHOULD FULLY CHARGE THE HANDSET for about 15 hours.

To charge the handset, you should place it on the base.

Result: When you place the handset on the base, the handset automatically turns on

■ Turning Handset On/Off

If the handset is in power off mode, when you place the handset on the base, it automatically turns on. To turn the handset on or off in standby mode, follow these steps:

1. To turn on the handset when it's off, press and hold the 🔞 key until you switch the display on. On power up, the handset will enter subscription mode and search for a registered base. A message as shown below will be displayed to the user, and the signal icon will flash.

2. To turn the handset off, keep the key

If the handset is successful in finding a base, the handset will enter the standby mode, the display will show handset number or the handset name (if you have one saved as described on par. HS Name), signal icon, battery icon and current time. If the handset is unsuccessful in finding a base, the handset will behave according to the Out of Range condition.

When battery power is very low, if you place the handset on the base, the display win show as below. YOU SHOULD FULLY CHARGE THE HANDSET BEFORE USING.

pressed until the display turns off

Basic Functions

Making a Call

1. Pick up the handset and press the 4 key.

Result: The ✓ icon appears on the LCD.

2. Dial a telephone number.

or replace the handset on the base.

3. To end the call, either press the 🔞 key

Receiving a Call

When a new call is received, the call information will appear.

If the caller can be identified, the caller's phone number is displayed.

- 1. To answer the call, press the 💪 key. If you have activated the Auto Answer function, when the handset is on the base, simply lift it up to answer.
- 2. To end the call, either press the key or replace the handset on the base.

Muting the Microphone

During a conversation, you can temporarily switch your phone's microphone off, so that the other party cannot hear you.

Example: You want to say something to another person in the room but do not want the other party to hear you.

Adjusting Audio Volume
