

Pump Order Guide MN WIC 2015 Ameda
Order Guide 2015: MN WIC Breast Pumps Eligible for Reimbursement Exhibit 6I

We will reimburse **ONLY** for breastpumps listed on this guide, unless you have made a request for another product to the State WIC Breastfeeding Coordinator and received written approval to purchase that item. This is not a complete list of pumps and supplies available through the CPV. If you identify a need for a product that is not on this list contact the State WIC Breastfeeding Coordinator.

This is not an order form and is not to be sent with your order. See Exhibit H for instructions on purchasing through the CPV.

1. Use this item number to obtain correct pricing.

2. Most must be purchased in case quantities. If you do not need a full case contact the State WIC Breastfeeding Coordinator. We maintain a small stock of a few types of pumps to meet the needs of smaller agencies.

3. Minnesota WIC Agencies: see guidelines in MOM 6.11 on pumps in Minnesota WIC.

http://www.health.state.mn.us/divs/fh/wic/localagency/program/mom/chsctns/ch6/sctn6_11.pdf

4. Please make sure that the order includes the information that you are a MN WIC agency and purchasing through the State of Minnesota / WSCA Contract #01910. If you are charged a higher price than listed on this form, please contact the manufacturer **before** paying for the order.

5. State WIC Breastfeeding Coordinator contact mary.b.johnson@state.mn.us

6. Cavicide or Envirocide are used to clean the PedalPump and the case for electric pumps. Cavicide is listed here for your convenience, but can not be claimed on the pump claim form. They can be treated as a regular WIC expense.
