Charge time: ~2-3 hours
Maximum playing time: ~9 hours
Standby time: ~150 hours
Battery: Li-polymer 3.7V 120mAh
Weight: 12g

Charging your NS560:

To prolong the battery life, it is recommended to fully charge your headset before first use. To charge, simply connect the included charging cable into a USB power outlet (such as USB chargers, computer USB port, etc.) and plug the other end into the NS560.

The red LED indicator will light up to show that the unit is being charged. When charging is complete, the light will turn blue. If the NS560 is low on power and needs to be recharged, the red light will blink.

Turning ON/OFF:

To turn ON the NS560 (when already paired to a device), press and hold the Multifunction button (MFB) for approximately 2 seconds. The blue light will light up to indicate that the NS560 is turned on and you are paired to a device.

To turn off the NS560, press and hold the MFB until the NS560 is turned off, which will be indicated by the red light that lights up for 2 seconds.

Pairing your NS560:

1. Make sure the NS560 is turned off.
2. Press and hold the Multifunction button until red and blue lights blink alternatively.
3. From your device, enable Bluetooth discovery.
4. Allow your device a few moments to search.
5. Select the NS560 from the list of found nearby Bluetooth devices.
6. Confirm the Bluetooth connection.

Note: Enter "0000" if prompted for a passkey. For instructions on how to enable Bluetooth discovery on your device, please consult your device's user manual.

Hands-free calling functions:

- Answer a call: Press the MFB once during an incoming call.
- Reject a call: Press and hold the MFB for 2-3 seconds during an incoming call.
- Hang up a call: Press the MFB once during a connected call.
- Activate voice command: Press and hold the MFB for 2 seconds.

- Redial last number: Press the MFB twice.
- Increase or decrease volume: Press the + or - buttons to set the volume.

Using the NS560 as a Bluetooth dongle:

Using a 3.5mm (male-to-male) cable, connect one end into the NS560 audio output and the other end into your home or vehicle entertainment system's auxiliary input. Make sure your Bluetooth enabled device is paired with the NS560 and start enjoying your tunes wirelessly.

Warning and Cautions:

- Do not expose this unit to water, rain or moisture.
- Do not leave the unit exposed to extreme heat for long periods of time.
- Do not disassemble or attempt to repair the unit.
- Do not forcefully bend the clip beyond its tolerance.
- Keep out of reach of children.

Warranty Information:

NoiseHush warrants this product against defects in material and/or workmanship under normal use for a period of ONE (1) YEAR from the date of purchase by the original purchaser.
