## Operating Instructions:

Unit is ready to be hung or set on flat surface. This fixture is designed to operate as a stand alone unit. It has been tested and the lamp has been installed at the factory there is no assembly necessary. The E 101 is a low cost unit with an incredible effect, without any strong flashing lights or special fog needs. When used with the internal clear gel this unit creates the effect of rippling water movement or use the internal orange gel to create a dramatic fire simulation. This unit comes with 4 built-in colors that can be used to create a variety of different and unique effects.

**Lamp Replacement:** Remove the thumb screw on the top of the unit and remove the protective lamp cover. Locate the lamp and discard the bad lamp. Replace the lamp and reassemble.

**Caution!** Never open unit when in use. Always disconnect main power before serving or replacing lamp. Remember to always replace with the exact same type lamp and fuse.

## HALOGEN LAMP WARNING!

This fixture is fitted with halogen lamps which are highly susceptible to damage if improperly handled. Never touch lamp with bare fingers as the oil from your hands will shorten lamp life. Also, never move fixture until lamp has had ample time to cool. Remember, lamps are not covered under warranty conditions.
