Glass Door Limited Warranty

THE WARRANTY

Lennox Hearth Products ("LHP") warrants this Glass Door to be free from defects in materials and workmanship at the time of manufacture for a period of 90 days from the date of installation. If the Glass Door covered by this Warranty is found to be defective (see the right of investigation outlined below), LHP will at its option repair or replace the Glass Door in accordance with the following schedule:

- (1) During the 90 day term of the Warranty, LHP will provide at no charge replacement glass panes should the glass panes be broken resulting from defects in materials or workmanship but will assume no responsibility for labor cost. LHP is not responsible for accidental glass breakage or damage to the glass door frame finishes incurred in transit, handling, installation or operation either before, during or after installation.

NOTIFICATION OF REMEDY

If LHP finds the Glass Doors to be defective under the provisions of this Warranty, LHP will then, in writing, so notify the fireplace system purchaser of which option (replacement or repair) LHP has elected to pursue. Written notice shall be signed by a responsible officer of LHP. No other form of advice regarding LHP's election of option is authorized or binding.

QUALIFICATION TO THE WARRANTY

The complete Glass Door Warranty outlined above is further subject to the following qualifications:

Certain portions of the Glass Door were not manufactured by LHP but were supplied to LHP by other manufacturers. Except as provided, LHP is not responsible for, and this warranty does not cover, the products of other manufacturers and any loss or injury caused by or resulting from a defect in those products.
- (2) The Glass Door must be subjected to normal use. For wood burning manufactured fireplaces, use natural fuels such as wood and natural or LP gas. For vented decorative gas appliances, use natural or LP gas appropriate for the given appliance. Fuel products with abnormal burning characteristics, including but not limited to fuels such as coal or plywood and other wood products using a binder, may burn at excessive temperatures and may cause damage to the glass doors or may cause it to function improperly. LHP does not warrant the glass doors when such fuels have been used.
- (3) Coverage of this warranty is conditioned upon use of an adequate fireplace grate in wood burning manufactured fireplaces.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. THE DURATION OF ANY IMPLIED WARRANTY APPLICABLE TO GLASS DOOR IS LIMITED TO THE FOREGOING WARRANTY. Some states do not allow limitations on how long an implied warranty lasts, so the above may not apply to you.
