Mantis Tillers

The World's Most Popular Tillers!

Mantis Tillers make gardening easier and even more fun than ever. They do so many things around your yard and garden that you'll be amazed that you ever got along without one. They shallow cultivate for easy weeding around established plants and rows. They dig deep planting holes for trees and shrubs and with the optional attachments, you can edge around garden beds, create uniform planting rows, aerate and dethatch your lawn, plow, clean sidewalk cracks of weeds and dirt, and much more! Lifetime Warranty on Tines. 2 year Warranty on Tiller, plus one year full return privilege.

Revolution Tomato Planter

Growing tomatoes upside down eliminates the need for weeding, staking or tying up your plants! Containing a watering reservoir on the top, our Revolution Planter protects your plants from drying out. Constructed from heavy-duty enameled steel caging along with a flexible poly liner.

Collapsible Rain Barrels

These collapsible rain barrels assemble or disassemble in minutes with no tools required. Featuring a strong and durable UV protected polyvinyl chloride (PVC) cover with centre mesh area, a cap fits over the filter opening to keep collected water safe from disease and stop unwanted debris. A standard 3/4" hose fits the bottom tap to easily fill watering cans. Includes filter, hose spigot, overflow tube and filler cap. Optional downspout diverter diverts water from your downspout to the barrel.

Item #80049 400 litre **\$124⁹⁵**

Item #80050 Diverter **\$24⁹⁵**

Rigid Rain Barrels

Embrace nature's solution to our emerging water shortage and take advantage of all that fresh, soft, free rain water has to offer. These heavy-duty flat backed rain barrels will hold 190 litres of rain water. Comes complete with a shut off valve, a screen to keep out debris & insects and a flat back design to fit flush against a wall. Optional barrel stands create a larger offset between the spigot and the ground, making it easier to fill watering cans and for general use.
