## Description

**KAWATA**

**GSM Desk Phone**

**Model**            **KG005**                            **Color:**   **Black**

### Specification

\* Applicable to 900MHz/1800MHz public mobile communications network.

\* Quick dial.

\* Handle and hand-free volume digital tuning.

\* Hand-free, re-dial and call-back functions.

\* 5 options of ring tones for incoming call and alarm clock.

\* 5 options of ring tone for SMS and mute.

\* Receive/send SMSs in both Chinese and English language with storage capacity for 100 SMS messages.

\* LCD displaying date, time, signal intensity and battery capacity.

\* Save, check, delete and call back for recent 10 entries in call history, including incoming, outgoing and missed calls.

<b>Fittings:</b>	<b>MOQ</b>	<b>Package</b>	40	pcs/CTN
Cable:            2.1m coil cord;	1000pcs	CTN Size:	57*38*46	cm
Adaptor:        Available	(Negociable)	20GP QTY:	12,000	pcs
Manual: Normal paper, Standard English				

### Lead time

For first order: 45 Days after received deposit and confirmed order details

For repeat order: 30 Days

### Payment term:

1). 30% T/T in advance, 70% T/T before delivery;

2). Irrevocable L/C at sight;

3). DA, DP

### Note:

1 This price DO NOT including any oil painting

2 This price include normal giftbox packing only

3 This price DO NOT include any approval fee

4 This price wil differs in different time because of the changing RMB rate

### Our Advantages:

1. Creation in design and develop;

2. Small QTY Order accepted;

**Aliexpress Store:**

<http://aliexpress.com/store/505556>

**(Sample or Small order)**

3. Welcome Agents;

4. **PPCALL** Net phone calling service;

5. Workers stable, short delivery time

6. B2B, B2C and C2B order

Note: Kindly send your detailed requirements to Kawa Science and technology Co.,Ltd.

## Description

**KAWATA**

**TDS-CDMA Desk Phone**

**Model KG008**

**Color: Black**

## Specification

1, receive, send text messages  
2, support the USIM / SIM card with fixed table phonebook backup function  
3,5 a family member one-touch dial keys, a "Happy Online" button  
4, 64 polyphonic ringtones  
5, the support of TD-SCDMA 2010 ~ 2025MHz  
6, support the handset or speakerphone  
7, support for emergency call services  
8, the standard TNC antenna interface can be connected to the indoor antenna;  
9, the support to receive and send short message  
10, support 10 kinds of 64 polyphonic ringtones selection  
11, 5 family members, one-touch dial keys, a "Happy Online" button  
12, frequency range: TD-SCDMA 2010 ~ 2025MHz  
13, the maximum transmit power: TD-SCDMA: 24dBm \* +1 /-3dBm \*  
14, the static sensitivity: TD-SCDMA 2010 ~ 2025MHz: better than -108dBm/1.28MHz

The main function  
A, TD-SCDMA and GSM seamless switching  
B, high-quality voice  
C the speakerphone  
D, call records  
E, an emergency call  
F, short message  
G and phone book management  
H, 64, and Hyun ringtones  
Five family members, one-touch dial key  
J, 1 "Happy Online" button  
K, the standard external antenna interface

### Product Specifications

1, size (W x D X H): 211.7mm x 167.3mm x65.9mm  
2, Weight: less than 700g (including standard battery does not include power adapter  
3, the power adapter: AC Output: 90V ~ 350V  
DC input: 12v 0.5A  
Power Interface: Single Connector  
6 Battery: Material: nickel-metal hydride rechargeable batteries  
7, capacity: AA size 1000mAh  
8 of standby time: 100 hours  
9 Theory of talk time: 180 minutes  
10, external interface: USIM card interface: Supports 1.8/3V USIM card; SIM card interface: Supports 1.8 / 3  
11, V SIM card; Antenna: TNC  
12, the display: 128X64 lattice, 2.4 inches  
13, the packing list: wireless fixed host / power adapter / battery / certification / user manual / indoor antenna

### Fittings:

Cable: 2.1m coil cord;

Adaptor: Available

Manual: Normal paper, Standard English

## Description

**KAWATA**

**450MHz CDMA Desk Phone**

**Model KG010**

**Color: White / Black**

The CDMA Fixed Wireless Phone provides convenience and mobility for communication in enterprise and home without disturbing phone lines. It is also easy to use in mobile vehicles (trains, ships, etc.), temporary events and remote locations where landline can hardly reach. Adopting CDMA module for industrial application, the FWP has strong interference resistance, low power consumption and good running stability.

- \* Compliant with IS2000 and IS95A/B standards;
- \* Large 4-Line LCD (128x64 pixels) to display indication of clock, signal strength, battery level, and messages;
- \* Support voice and data service (Internet access);
- \* Provided with a USB port for data transmission and diagnosis;
- \* Short Message Service (SMS): support sending long messages with up to 160 characters and storing up to 200 messages;
- \* Support R-UIM and ROM-only R-UIM;
- \* Support setting password to lock the phone and UIM card;
- \* Support Caller ID Identification (subject to network availability);
- \* Provided with speaker for hand-free dialing and talking;
- \* Support automatic dial, last number redial, and speed dialing;
- \* Support setting duration of backlight for LCD and keypad;
- \* Call records: dialed calls, missed calls, and received calls;
- \* Support call waiting, call forwarding, call transfer, and 3-way calling (subject to network availability).
- \* Specifications
- \* Wireless Module

## Specification

\* Working Frequency  
Tx: 453 ~ 456 MHz Rx: 463 ~ 466 MHz

\* Air Interface  
CDMA 2000 1x RTT

\* Voice Coding  
8K EVRC, 13K QCELP

\* Channel Bandwidth  
1.23 MHz

\*Electrical

-Power:  
Input: AC 100~240V, 50~60Hz  
Output: 4.6V @ 1.2A

Stand-by Power Consumption: 25mW (typical)

Battery Backup: Battery type: 1500mAH Ni-MH battery

-Standby time: 100 hours  
-Talk time: 150~180 minutes

\* Max. RF Transmit Power  
200mW

\* Data Service (optional)  
\* Comply with IS-99 and IS-707, support asynchronous data service like PC modem and data G3 fax and 153kbps dual links for Internet

\* Environmental  
Operating Temperature: - 20 °C ~ + 60 °C  
Relative Humidity: 5% ~ 95%  
Noise ≤ 60 dB (A)  
Atmosphere Pressure: 86 ~ 106 kPa

\*Telephonic  
-Dial Feature: Last number redial, auto dial, speed dialing  
-Ring Type: 15 options of ringer melody  
-Volume Adjustment: Support volume control for ringer, key tone, and speaker  
-Phone Book: Support 200 entries  
-Recent Call Record: Last 20 outgoing calls, 10 incoming calls, and 10 missed calls  
-Alert: Support alarm for recharging indication, low voltage, new messages, and minute reminder during a call

\*Structural  
-Housing Material: ABS plastic  
-Connectors: Antenna (fixed or TNC-type), USB port  
-LCD: 4-line, 128X64 pixels, backlight supported

<b>Fittings:</b>	<b>MOQ</b>	<b>Package</b>	<b>20</b>	<b>pcs/CTN</b>
Cable: 1m coil cord;	1000pcs	Unit Size:	198mm X 175mm X 64mm
