CLEAN FACE GAS FIREPLACE

CONSTITUTION™ CLEAN FACE GAS FIREPLACE

The Constitution Clean Face gas fireplace by Lopi is exceptional in design and in performance. With advantages not found anywhere else, it's as close to a traditional masonry style fireplace as you can get, but has the latest in modern fire technology. With low Btu's, the Constitution is a perfect choice for those who enjoy the aesthetics and comfort provided by a large fire without the excess heat. Others clean face fireplace are merely decorative with almost all the heat escaping up the chimney. The Constitution is "Heater Rated" delivering a heating capacity of up to 1,000 sq. ft.

Advanced Performance

There's nothing traditional about the Constitution's performance. You have the ultimate in variety and control with variable flame regulation and heat output. A large, detailed log set cast from real wood logs and a gorgeous flame simulate a traditional wood fire. The built-in flame control center is completely hidden so your only focus is on the fire.

Your Build-Green Fireplace

The Constitution features an Electronic IPI (Intermittent Pilot Ignition) Gas Valve that allows you to run your fireplace in either "Electronic Ignition" or "Standing Pilot" modes. The Constitution fireplace makes the ideal choice for those looking for a Green Alternative to over other heat and Clean Face fireplaces that dump a majority of their heat straight up the flue into the environment.

Convenient, Easy Operation

Our Home Comfort™ Control System gives you thermostatic control at your fingertips from anywhere in the room. The hand-held remote and wireless modulating wall control programs all functions including on/off, room temperature and flame height adjustment. Both the remote and wall mounted controls come standard with the fireplace.

Wireless Modulating Wall Mounted Control
Controls ON/OFF and High/Low Settings

Thermostatic Modulating Remote Control
Controls ON/OFF, High/Low Settings and Room Temperature.

The Look of a real Fireplace

The Constitution combines a classic fireplace look with no grills or louvers, and the slim outside trim allows a huge view of the fire (1080 sq. in.). The Constitution comes with standard black trim that gives your fireplace a finished look and high temperature tempered glass with a mesh safety screen in front of the glass. This safety screen helps prevent children from trying to touch the glass. The screen is removable if desired. The Constitution also allows you the ability to personalize the look of you fireplace with beautiful decorative options.

Standard Black Interior

Weathered Straight Brick

Herringbone Brick

Fireplace Interior Options

Your Constitution CF fireplace comes standard with a black firebox interior. While not required, the Constitution CF allows you the ability to make your fireplace look like a real masonry fireplace with the reversible fireback brick liner option. You have the choice of Weathered Brick on one side or Herringbone Brick on the other.

Andirons

Enhance the look of your Constitution CF fireplace even further with a choice of three optional cast andirons. Andirons feature finely cast detail and attach to the existing grate. These beautiful cast iron andirons in a selection of Early American motifs, we give your fireplace that finely detailed finish look that will set your fireplace apart from all others.

Colonial Andiron

Arabesque Andiron

Wrought Iron Andiron

Extra Room Power Heat Duct Kit

Add heat to an additional room in your home with the optional Extra Room Power Heat Duct Kit. This venting option uses a remote fan to pull heat off the fireplace and deliver it to an adjoining room. You can direct this heat upstairs, downstairs or anywhere in your home within 20 feet of the fireplace.

Accent Light

Add a warm glow to your fireplace even when it's turned off! The accent light adds a glowing backlight behind the flames when the fire is on, and enhances the pattern of the fireback when it's off.

Firescreen

Finish your fireplace with a decorative firescreen. The firescreen features detailed legs and handle for a traditional fireplace look. Ideal protection from the fireplace if you have small children in your home.

CONSTITUTION™ CLEAN FACE GAS FIREPLACE

- No grills for a traditional masonry fireplace look.
- Durable, tempered glass with safety screen. Screen is removable.
- Fire viewing area 1080 sq. in.
