

# DESSO ONLINE DESIGN LIBRARY CUSTOMER USER MANUAL

## WELCOME TO DESSO ONLINE DESIGN LIBRARY

Thank you for using Desso's online design library!

We are delighted that you have chosen to sign in and use our online application to easily search designs online. With our application you can also recolor designs and show them in different scenes such as ballrooms, corridors and rooms. The tool is made to give you an idea how the Desso carpet designs would look in real life. We hope this tool will help you to make your job easier. If you have any questions or remarks please let us know.

Enjoy our Desso Online Design Library,

Desso Team

## INTRODUCTION TO THE ONLINE DESIGN LIBRARY

This document is made to help guide you through the online design library tool and can be used as a first go to guide in how to use the online design library.

What can you do in the new design library

- **Search for design and find the related info**
- **Recolor design and visualize these designs in scenes**
- **Visualize designs with the different scenes and save these as your project**
- **Download your designs and recolors**
- **Save your projects to work on later**

## LOG IN

Log in via : <http://desso.picarioxpo.com/xpo>

Use the same login name and password as you have done in the past.

If you don't have a log in name please contact your local sales representative, so one can be created for you.

*\* Your username is your email address*

### How to (re) set your password

If you don't remember your password please request a new one via "Can't access your account?" on the log in page. A link will be send to your email address to reset your password.

## NAVIGATE BAR

The different options you have in the Design Library are shortly listed below :

- **DESIGNS:** Here you will find all the designs ever uploaded to the designs library. You can also look for more design information available per design.
- **DESIGNER:** Here you can put the scenes and the designs together as a rendering. Plus you can also recolor the designs here
- **PROJECTS:** In projects you will find the renderings you have saved in the past
- **ACCOUNT:** Your own account information
- **LOGOUT:** Here you will exit the design library program

## DESIGNS

Here you will find all the designs ever uploaded to the designs library. You can also look for more design information available per design.

### How to search designs

1. You can search designs by the labels on the left side
2. You can search designs by name or number

The screenshot shows the DESSO Design Overview interface. On the left, there is a search filter menu with 122 labels. The 'Starburst' label is highlighted with a red circle. On the right, there is a grid of 50 design thumbnails. A search icon is also highlighted with a red circle. A red box on the right side of the interface contains the text: '2) You can search designs by name or number'. Another red box on the left side of the interface contains the text: '1) On the left side you can search for designs by clicking on the different labels available. For example if you choose the label starbust only the designs with a starbust will appear.'

## How to create favorite folders

You can save your most liked designs as your favorites and manage them by creating folders. To create favorite designs you first need to make a favorite folders. You can create as much folders as you like.

In Design modus go to the bottom of the page and select “Add favorite folder” then a screen will pop up to name your folder, enter a name and select save. Now your favorite folder has been created, once you have created a folder you can drag and drop your most favorite designs in your folder(s).

## How to search for your favorite designs

Can search for your saved favorite designs by going to DESIGN mode and then choose “Favorite” all your favorites from all your folders will be displayed. Or just click on your favorite folder and the designs in that folder will be shown.

**1) Do to DESIGN mode and then choose “Favorite” all your favorites from all your folders will be displayed.**

The screenshot shows the DESSO interface with the 'DESIGN' tab selected. The 'Design Overview' page has the 'FAVORITE' filter active. The '129 LABELS' sidebar is visible, and the main area shows two design thumbnails. The right-hand panel displays details for 'design N14004A-8N03', including dimensions (1104px width, 2800px height), file size (608 KB), and a list of favorite folders: Hilton and Marriott.

**2) Or just click on your folder and the designs only in that folder will be shown.**

The screenshot shows the DESSO interface with the 'DESIGN' tab selected. The 'Design Overview' page has the 'FAVORITE' filter active. The '129 LABELS' sidebar is visible, and the main area shows one design thumbnail. The right-hand panel displays details for the 'Favorite folder Marriott', including the number of favorites (1) and the creation date (19-8-2014 13:13:05). Below, it shows two favorite folders: Hilton and Marriott, with the Marriott folder circled in red.

## How to find more design information

Select a design you wish to read more design information on. Then choose “full design info” to see more information available for this design.

All extra design information is now shown

## Visualize designs in a scene

Select a design you wish to visualize in a scene and then choose “visualize with this design”. After this step you will be switched to the “Designer”. Then you can choose the scene you wish to visualize in.

Select the scene and click on the design to render into the scene.

## DESIGNER

In de Designer option you can put the scenes and the designs together as a rendering. Plus you can also recolor the Designs here.

### How to put designs and scenes together

You can come into the designer option in different ways.

1 First choose a design then choose “visualize with this design” then pick your scene (as mentioned above).

Or go directly to the designer option and put the designs and scene together into a 3D images. Choose a scene and choose a design. Then you will see how the design looks in a room, corridor or ballroom.

On the left side you can choose from the different scenes

On the right side you can choose from the different designs

The screenshot shows the DESSO Scene Designer interface. At the top, there is a navigation bar with 'SCENES', 'DESIGNS', 'DESIGNER', and 'PROJECTS'. Below this, the 'Scene Designer' section is active, showing a central 3D rendering of a hallway with a purple carpet. On the left side, there is a grid of 21 scene thumbnails. On the right side, there is a panel with 3466 design thumbnails and a 'COLORWAYS' section. A red box highlights the 'COLORWAYS' section with the text 'Here you can choose to recolor the design'.

## How to recolor your designs

In the option “Colorways”, on the right bottom of the page you can recolor the chosen design.

Click on “Colorways” and then choose “add Colorway”. Click on the Design and the color palette will pop up.

1) click on add colorway

2) Then click on the design and the color palette will pop up.

3) Here you will see the original color scheme of the design

4) Click on the color you wish to change (will be blue highlighted).

5) Then choose the color you wish to change it to by using the bar on the left side and the scrolling bar on the right side. Here you will see all the Desso pom colors. Then choose “apply this color”, the color will then be changed. You can repeat this as many times as you wish until all the colors are changed. To change the next color just click on this color and it will be blue highlighted for you to know which color you are changing.

6) Change the color palette by moving the dot over the color scheme

7) Change the color palette by moving the black bar up and down.

In “Design Properties” you have the option to change the design lay out and position of the design.

In “Design Properties” you have the option to change the design lay out. Here you can choose where the design needs to start. Simply change the blue square to decide where to start. You can also change the design format here as well to better fit in the scene.

## How to download your scenes, designs and recolors

You have the options to “download” the scene with the rendering to your computer.

If you choose the “report” option a PDF report will be generated and you will see the original color scheme and the new color scheme you made.

You can also choose “save as project”, the rendering will then be saved in your project environment.

**\* DON'T FORGET TO “SAVE AS PROJECT” OTHERWISE YOU WILL LOOSE YOUR COMPOSITION**

# PROJECTS

In projects you will find the renderings you have saved in the past.

If you click on “visualize with this project” you will find the options available to recolor and download the image to your computer.

The screenshot shows the DESSO Project Overview page. At the top, there is a navigation bar with 'DESSO' and 'SCENES DESIGNS DESIGNER PROJECTS'. The 'PROJECTS' tab is active. On the right side of the navigation bar, there are links for 'ADMIN ACCOUNT LOGOUT'. The main content area is titled 'Project Overview' and includes filters for 'ALL NEW UNLABELLED FAVORITE' and an 'Add Project' button. Below the filters, there is a section for '5 PROJECTS CREATED' with a list of project thumbnails and names: '001 Ballroom', three '001 corridor' entries, and '002 Hotel room'. To the right of the project list, there is a detailed view for 'project 001 Ballroom' showing metadata: 'CREATEDATE: 05/26/2014 16:31:32', 'LASTSAVEDATE: 05/26/2014 16:31:32', and 'NUMBEROFITEMS: 1'. Below the metadata, there are four action buttons: 'Full project info', 'Delete this project', 'Add project to favorites', and 'Visualise with this project'. The 'Visualise with this project' button is circled in red.

## ACCOUNT

In “account” you can see your login name, which is your email address. You can also change your password here.

### How to change your password

If you want to change your password go to Account and choose “change password” type your old pass word and your new pass word twice don't forget to Save!

The screenshot shows the DESSO website's account settings page. At the top, there is a navigation bar with the DESSO logo and links for SCENES, DESIGNS, IMAGES, DESIGNER, and PROJECTS. On the right side of the navigation bar, there are links for ADMIN, ACCOUNT, and LOGOUT. Below the navigation bar, the page title is "Settings Account" and the sub-header is "USER ACCOUNT". The main content area displays the user's account information: "Account kvrendenberg@desso.com" and "EMAIL kvrendenberg@desso.com". Below this information, there are two circular icons with arrows: "Edit Account" and "Change Password". The "Change Password" icon is circled in red. Below the account settings, there is a "Change Password" form with a close button (x) in the top right corner. The form contains the instruction "please enter old password and new one two times" and three input fields labeled "OLDPASSWORD", "NEWPASSWORD", and "NEWPASSWORDAGAIN". At the bottom right of the form, there is a circular icon with an arrow, which is also circled in red.
