The Royal Designer Collection Woodburning Fireplaces

Models • STR • CVR • CL/R36

There's no limit to your style with our Royal Designer Series.

With our selection of two-sided See-Through, three-sided Cove, or left or right facing Corner fireplaces, the only limit is your imagination. Majestic® lets you create a gathering place like no other – with the authentic style of a natural woodburning fireplace. The Designer Series offers larger viewing areas than other multi-sided fireplaces. Best of all, they provide generous amounts of radiant heat with no smoke baffles to obstruct your view of the fire. Ready to unleash the designer in you?

Hearth Dimensions

Model	Front/Back Width A	Side Width B
STR33	26" (660 mm)	17 1/8" (435 mm)
STR/CVR36	29" (737 mm)	17 1/8" (435 mm)
STR/CVR42	35" (889 mm)	17 1/8" (435 mm)

Features and Benefits

Standard Features

- Choice Styles and Sizes; See-Through fireplace available in 33-inch, 36-inch and 42-inch radiant models (STR33/STR36/STR42), Cove fireplace available in 36-inch and 42-inch radiant models (CVR36/CVR42). Corner fireplace available in 36-inch left-facing or right-facing radiant models (CL/R36)
- Fully Refractory-Lined Firebox sides and hearth with realistic firebrick imprint for beauty, authenticity and durability
- Built-In Flue Damper reduces home heat loss when fireplace is not in use
- Unobtrusive Built-In Ash Lip reduces ash spillage
- Black Wire Mesh Firescreens with solid brass pulls protects against sparks

- Heavy Duty Basket Grate made of 5/8" round steel bar allows adequate combustion air to flow under fuel.
- Log Lighter Access with knockout provided for optional gas applications
- Factory-Installed Outside Air System provides steady flow of combustion to firebox for tightly sealed homes. (Venting and termination sold separately)
- Fireplace Utilizes Double-Wall Chimney System that keeps installation simple and economical. No tools or fasteners needed for this snap-together pipe system. (33"/36" models use 8" 'SK' system; 42" models use 11" 'CF' system)
- UL/ULC Tested and Listed for safety

Optional Features:

- Tempered Bi-Fold Glass Doors enhance traditional fireplace appearance and improves home efficiency by reducing heat loss up the open flue. These easy-to-install doors are available in black or brushed brass door. Cove end glass panel is standard equipment and is provided in brushed brass finish only. Optional end panels available in black only
- Full Mantelpiece and Shelves (See-Through models only) available for an added individual touch
