**CAUTION!** Please read and understand these instructions before installing or operating this unit.

**Caution!** Never open unit when in use. Always disconnect main power before servicing.

#### Operating Instructions:

The EUV 10 is a simple LED UV effect for clubs and mobile dj's. The Eliminator EUV 10 is a powerful UV LED fixture capable of covering wide area spaces. With its low profile design it lends itself to be installed almost in anyway imaginable. The EUV10 is ready to be hung or set on a flat stable surface in a safe position. When mounting this unit to truss be sure to use a clamp. Plug the unit in to any standard wall outlet. After connecting to a power source, UV light will be emitted from the unit.

**Daisy Chaining Power Cords:** This feature allows you to connect the EUV 10's to one another using the input and output power sockets. When daisy chaining the power cords, only 28 fixtures max. may be connected. After 28 fixtures, you will need to use a new power outlet. They must be the same fixtures, do not mix fixtures.

1 Year Limited Warranty: Eliminator Lighting warranty is valid from the date of purchase. Our 1 Year limited warranty covers manufacturing defects only. Serial number, place of purchase with dated valid receipt must be submitted at time of service. Eliminator Lighting warranty does not cover items or parts prone to wear and tear: lamps, fuses, brushes and belts. Eliminator Lighting warranty is only valid with-in the United States.
