

# Section 1 - Introduction

We would like to take this opportunity to thank you for purchasing a **Mold-Masters** hot runner. The purpose of this manual is to assist users in the integration, operation and maintenance of **Mold-Masters** systems. This manual is designed to cover most system configurations. For additional information, please contact your representative or a **Mold-Masters** office.

**Please note that the responsibility for the safety of personnel remains exclusively with the employer. It is the obligation of the employer to properly train and instruct its personnel in the safe operation of equipment including maintenance and the purpose and proper use of all the safety devices. In addition, the employer must provide its personnel with all necessary protective clothing, including such items as a face shield and heat resistant gloves. Any instructional material provided by **Mold-Masters** for the operation and maintenance of equipment, does not in any way absolve the employer from fulfilling these obligations and **Mold-Masters** disclaims liability for injury to personnel using equipment supplied.**

## Warranty and Documentation

Your original system documentation contains warranty details. If for any reason, parts must be returned to **Mold-Masters**, it is essential to obtain prior pre-authorization and a return authorization number.

Documentation will include any or all of the following:

- Parts list containing all system components. Together with the general assembly drawing, the parts list should be referenced when ordering spare parts.
- General assembly drawing used to integrate your hot runner system into mold.
- Hot half drawing used to integrate hot half to cavity plate.

When ordering this manual, please reference document number: **MMHRUM**.
