

## **DVD113B**

### **GENERAL**

#### **WHO IS MEOS?**

MEOS is an established manufacturer of consumer electronics based in the UK. The products are made in China. [Website: www.meos.co.uk](http://www.meos.co.uk)

#### **IS THE ITEM NEW OR REFURBISHED?**

All items are new and delivered in sealed packaging.

#### **DO I GET FULL WARRANTY COVERAGE FOR THIS MODEL?**

This model comes with a 2-year manufacturer's warranty, which covers any defects during this period of time. In the unlikely event that your item is defective, please contact us to make the respective arrangements for you.

#### **WHAT IS INCLUDED IN THE PACKAGE?**

100V – 240V AC power adapter, UK and European plug adapter, 12V power adapter, rechargeable Li-Ion polymer battery pack, headphones, AV and VGA cable, gaming control pad and 300 games CD, remote control with battery, user manual, presented in a stylish gift box; bonus accessory: car headrest mounting case.

#### **IS THIS MODEL EASY TO USE?**

Yes. This model is designed to be easy to use with a user friendly onscreen menu.

#### **CAN I USE THIS MODEL DURING MY VACATION IN EUROPE/THE U.S.?**

Yes. The TV features a tuner receiving signals in PAL/SECAM/NTSC standard. The DVD player is multi-regional.

#### **HOW MANY TV/RADIO STATIONS CAN I RECEIVE WITH THIS MODEL?**

This model features both a digital (DVB-T) and an analog tuner. Reception depends on actual location and signal strength. This model can also be connected to a booster or roof antenna, and a cable box or satellite dish via the respective receiver.

#### **CAN THIS MODEL BE OPERATED ON BATTERY POWER?**

Yes. This model includes a rechargeable Li-Ion polymer battery pack, which allows continuous operation of approx. 2.5 to 3 hours on a single charge.

#### **CAN THIS MODEL BE OPERATED ON 12V OR 24V POWER?**

This model is designed for use in both the home and leisure market. This model is ideal for when on the move, in the car, caravan or camping trailer (12V operation). For 24V (in-truck) operation, please choose the DVDM133B model, with 13.3" LCD screen.

#### **CAN THE VOLUME BE CONTROLLED ON THE UNIT ITSELF?**

Yes. The volume can be adjusted on the unit itself or via the remote.

#### **IS THIS MODEL ENERGY EFFICIENT?**

Yes, this model is designed to be energy efficient. The power consumption is approximately **15W (1.2 amps at 12V)**.

#### **HOW MUCH DOES THE UNIT WEIGH?**

The player is lightweight at only **1.9kg**.

#### **WHAT COLOUR IS THIS MODEL?**

Black.

### **FEATURES**

#### **WHAT ARE THE MAIN FEATURES OF THIS MODEL?**

This lightweight and portable all-in-one entertainment unit can be used as a TV/radio, digital TV recorder with time shift, CD/DVD/MP3/MP4 player, gaming console, PC monitor or a digital photo frame etc. The TV features a digital (DVB-T) auto-tuner with EPG, and an analog auto-tuner (PAL, SECAM, NTSC) with teletext. The DVD player is multi-regional and supports DivX. **The 11.3" widescreen TFT LCD panel swivels 180° and flips over.** This allows the unit to be used in the same way as a full sized TV.

#### **DOES THIS MODEL HAVE BUILT-IN MEMORY?**

The model does not have built in memory. Digital TV can be recorded to a USB memory stick, SD memory card, or a compatible external hard drive. This allows for expandability and portability of your recorded media.
