Features

Hear Clearly. The Clarity Power™ featuring speech enhancing technology enables loud and clear conversation.

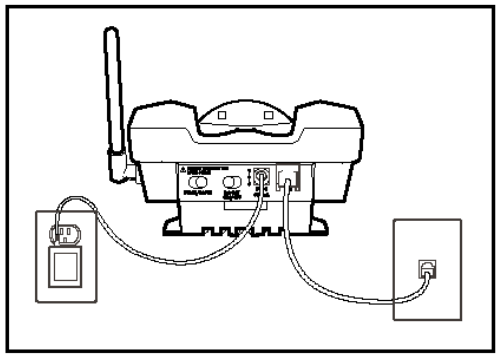
- Amplifies incoming sound up to 45 decibels
- Speech enhancing technology specifically caters sound to those with hearing loss

Easy to Use. The large backlit keys and hands-free headset ability make the phone easy to use and easy to see.

- Large backlit keys with high contrast numbers
- 13 speed dial buttons
- Direct connection to assistive listening devices or headset (2.5mm)

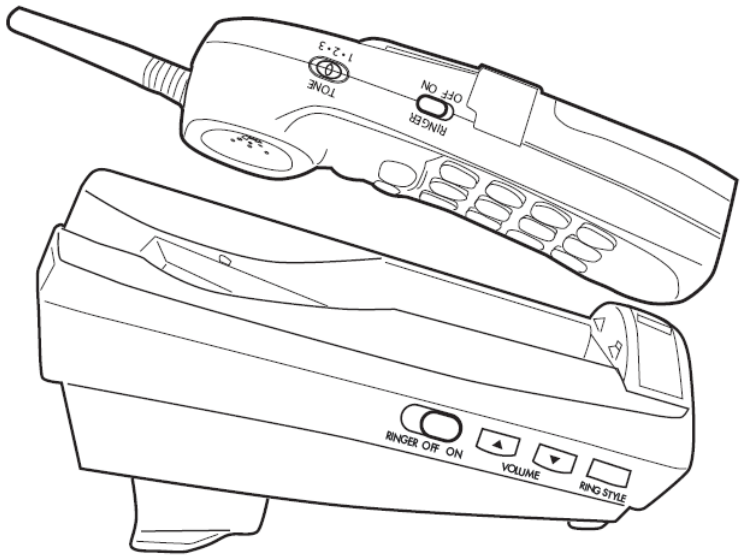
Superior Technology. Clarity's dedication to innovation provides each phone with effective solutions to better fit into your lifestyle.

- 900MHz transmission frequency reduces interference and is Wi-Fi friendly
- Adjustable Extra loud ringer (90dB)
- Super bright visual ringer
- Hearing Aid Compatible and TIA-1083 Compliant



The power adapter and telephone line ports are located on the back of the base.

Note. Both are required to be plugged in for phone to be operational.



Install battery by removing battery door on back of handset and connecting the white plug into handset.

After installing adapter and phone line, place the handset face down on base unit to charge.

Charge battery for 12 hours before first use.

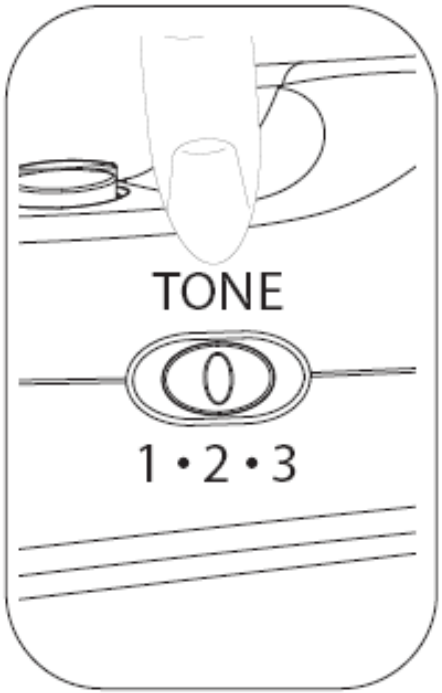
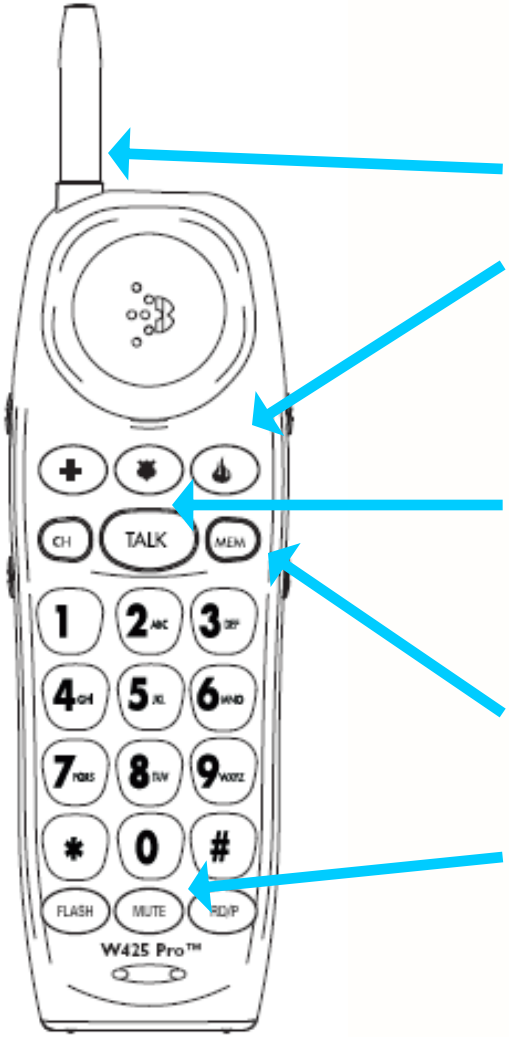
Tone Control



Adjusting the **TONE** switch allows you to customize your hearing experience. Since we all have different hearing preferences we suggest exploring each setting to find the one most comfortable for you.

The three available settings are:

1. **Flat** frequency response. Best for hearing aid users.
2. **High** Frequency emphasis. Best to hear high frequency sounds.
3. **Clarity Power**. Makes words clearer and easier to understand.



Antenna/Visual Ringer

One Touch Memory Buttons. Dial a number with a simple press of the button. Can be used for emergency contacts or often used numbers.

TALK. Press to start an outgoing call or answer an incoming call. Will light up when phone is in use.

MEM button. Use to assign speed dial numbers into the keypad.

Mute. Press to mute the microphone of the handset.

Tone Setting Control
