

## Radical design and superb sound for mobile and desk phone

Small and sleek, Jabra BT8040 Multiuse headset has all the benefits of a small discrete headset (only 10 grams) without sacrificing audio performance. Packed with the latest in audio technology Jabra BT8040 is geared for business and provides crystal-clear sound at both ends of the conversation.

Jabra BT8040 connects wirelessly to your Bluetooth mobile phone and simultaneously to your corded desk phone via a discreet Bluetooth hub for ultimate convenience and ease of use with none of the hassle of changing headsets.

Developed for the active professional in the office and in the field, the Bluetooth hub is compatible with most corded desk phones. It gives you up to 10 metres of wireless freedom.

The Jabra BT8040 Multiuse headset with Bluetooth hub makes you heard inside and outside the office.

## One headset for all your needs

# Jabra

<b>What is Multiuse?</b>	Multiuse is a range of Jabra headsets from GN featuring MultiPoint technology that allows simultaneous connection to several Bluetooth enabled devices
<b>What is Bluetooth wireless technology?</b>	Bluetooth wireless technology is a radio technology developed to deliver short-range wireless mobility. Bluetooth technology eliminates wires between devices, such as mobile phones and headsets, and enables communication between devices that are in close proximity to one another. Bluetooth facilitates fast, secure transmissions of both voice and data. More information is available at <a href="http://www.bluetooth.com">www.bluetooth.com</a> or <a href="http://www.bluetooth.org">www.bluetooth.org</a>
<b>Jabra BT8040 Multiuse headset</b>	Dual use wireless Bluetooth headset
Bluetooth compliance	Bluetooth 2.0 specifications + EDR (Enhanced Data Rate)
Supported Bluetooth profiles	Headset and Hands-free Profiles, Advanced Audio Distribution Profile (A2DP) for streaming music
Compatibility	Jabra BT8040 is compatible with other Bluetooth devices with Bluetooth 1.1 (or higher) specifications
