Step 5: Press the power button and take slow and steady draws.

How to Use with Dry Herbs:

Step 1: Attach dry herb atomizer.

Step 2: Remove the tank cover if connected.

Step 3: Unscrew top of atomizer and fill with dry herbs of your choice.

Step 4: Reconnect the tank cover.

Step 5: Press the power button and take slow and steady draws.

Lifetime Warranty: At KandyPens, we are dedicated to making the best quality vaporizer on the planet. All of our products are backed by our Lifetime Warranty which covers the battery from all workmanship and/or manufacturing defects. This warranty does not cover the detachable atomizers. Most detachable atomizers will need to be replaced over time with normal use. Please visit KandyPens.com to order replacement parts or go to our support section online at KandyPens.com for help with your atomizer replacement.
