# 1. Corporate Loan Origination

## 1.1 Introduction

The process of loan origination gets initiated when a prospective customer approaches the bank, with a loan account opening request or when the bank approaches a prospective customer, taking lead from its database. In case of a bank-initiated request, the process moves forward only if the prospective customer is interested. The entire process is carried out in multiple stages and on successful completion of each stage, it moves automatically to the next stage.

When the customer approaches the bank for its products and offers, before initiating the loan origination process, the bank can create a mock-proposal which would have the personal details of the customer, the loan offers the customer is interested in as well as the schedules associated with the loan offer. This can be stored as reference in the system to be retrieved when the actual loan process flow is initiated.

Corporate lending process flow uses Oracle BPEL framework with multiple human tasks for workflow stages. The capture and enrichment of information in multiple steps can be dynamically assigned to different user roles, so that multiple users can take part in the transaction. Oracle Business rules are used for dynamic creation of multiple approval stages.

The following details need to be maintained for originating a Corporate Loan:

- Credit rating rules
- Credit ratios
- Override details
- Document checklist and advices
- Application category details

The Corporate Loan origination process flow is composed of following stages:

- Application Entry
- Application Verification
- Internal KYC
- External KYC
- Underwriting
- Loan Approval
- Document Verification
- Manual Retry

The features, maintenances and the different stages in the process flow are explained in detail in the following sections.

## 1.2 Maintaining Loan Prospect Details

You can maintain the details of a prospective borrower or a loan applicant, when the borrower initially approaches the bank enquiring about the various loan products that are being offered.

The following details are captured as part of this maintenance:

- Prospective customer's personal and location details
- Prospective customer's employment details
- Requested loan details

You can maintain the details related to the prospective customer in 'Prospect Details' screen. You can invoke this screen by typing 'ORDLEADM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

### Lead Id

Specify a unique identification for the prospective loan customer.

### Description

Specify a suitable description for the prospective loan customer.

### Reason

Specify the reason for the loan enquiry.

### Date of Enquiry

Specify the date when the prospective customer has made the enquiry about the loan. You can also select the date by clicking the adjoining 'Calendar' icon.

### 1.2.1 **Customer Tab**

You can capture the following personal and geographical details related to a prospective customer:

#### **Type**

Select the type of the customer from the adjoining drop-down list.

#### **Salutation**

Select the salutation preference of the customer from the drop-down list provided. You can select any of the following options:

- Mr
- Mrs
- Miss
- Dr

#### **First Name**

Specify the first name of the customer.

#### **Middle Name**

Specify the middle name of the customer.

#### **Last Name**

Specify the last name of the customer.

#### **National Id**

Specify the national Id or country code of the customer or select the national Id from the option list provided.

#### **Responsibility**

Select the responsibility from the adjoining drop down list.

#### **Liability**

Specify the liability for all parties other than primary applicant.

#### **Short Name**

Specify the short name of the customer.

#### **Gender**

Select the gender of the customer from the drop-down list.

#### **Date of Birth**

Specify the date of birth of the customer or select the date by clicking the 'Calendar' icon provided.

**Mother's Maiden Name**

Specify the customer's mother's maiden name.

**Customer Category**

Specify the category to which the customer belongs or select the customer category from the option list that displays all valid customer categories.

**Country**

Specify the country of domicile of the customer or select the country code from the option list provided.

**Nationality**

Specify the country of which the customer is a national or select the country code from the option list provided.

**Language**

Specify the primary language of the customer or select the language from the option list provided.

**Mobile Number**

Specify the mobile phone number of the prospective customer.

**Landline No**

Specify the land phone number of the prospective customer.

**Office No**

Specify the office phone number of the prospective customer.

**Fax**

Specify the fax number of the prospective customer.

**Passport No**

Specify the passport number of the prospective customer.

**Passport Issue Date**

Specify the date on which the customer's passport was issued or select the date from by clicking the adjoining 'Calendar' icon.

**Passport Expiry Date**

Specify the date on which the customer's passport expires or select the date from by clicking the adjoining 'Calendar' icon.

**Passport Issue Place**

Specify the place where the customer's passport was issued.

**E-mail**

Specify the e-mail Id of the prospective customer.

## Dependents

Specify the number of dependents for the customer.

## Marital Status

Select the marital status of the prospective customer from the drop-down list. The following options are available:

- Married
- Unmarried
- Divorcee

### 1.2.2 Details Tab

You can capture the address and employment related details of the prospective customer in 'Details' tab.

The screenshot displays the 'Prospect Details' form with the 'Details' tab selected. The form is organized into several sections:

- Top Section:** Includes fields for Lead Id, Description, Branch Code (001), Date of Enquiry (2012-11-07), Financing Type (Corporate), and Reason.
- Applicant Details:** Features a 'Type' dropdown set to 'Primary' and a 'Customer Name' field.
- Address Details:** Contains a 'Main' tab, a 'Details' tab (which is active), and a 'Requested' tab. It includes a '1 of 1' indicator, a '+ -' button, and fields for Address Type (Correspondence Address), Address Line 1, 2, and 3, Zip, Contact Number, and Country. A 'Current' checkbox is also present.
- Employment Details:** Includes a '1 of 1' indicator, a '+ -' button, and fields for Employer, Employment Type (Full Time), Occupation, Designation, Employee Id, Address Line 1, 2, and 3, Country, Zip, Phone Number, Extension, Contact Phone, Contact Name, Contact Extension, Department, and Comments.
- Footer:** Contains fields for Maker, Checker, Date Time, Mod No, Record Status, Authorization Status, and a 'Cancel' button.

## Address Details

### Address Type

Select the address type of the customer from the following options provided in the drop-down list:

- Correspondence Address
- Registration

### Mailing

Check this box to indicate that the address you specify here is the customer's mailing address.

**Address Line 1 – 3**

Specify the address of the customer in three lines starting from Address Line 1 to Address Line 3.

**Contact Number**

Specify the contact telephone number of the customer.

**Zip**

Specify the zip code associated with the address specified.

**Country**

Specify the country associated with the address specified.

**Employment Details****Employment Type**

Select the customer's employment type from the drop-down provided. The following options are available:

- Part Time
- Full Time
- Contract Based

**Employer**

Specify the name of the employer of the prospective customer.

**Occupation**

Specify the occupation of the prospective customer.

**Designation**

Specify the designation of the prospective customer.

**Employee Id**

Specify the employee Id of the prospective customer.

**Address Line 1 – 3**

Specify the employment address of the customer in three lines starting from Address Line 1 to Address Line 3.

**Zip**

Specify the zip code associated with the office address specified.

**Country**

Specify the country associated with the employment address specified.

**Phone No**

Specify the official phone number of the prospective customer.

### Extn

Specify the telephone extension number, if any, of the prospective customer.

### Contact

Specify the contact number of the prospective customer.

### Contact Name

Specify the name of a contact person at the customer's office.

### Contact Phone

Specify the contact phone number of the customer's contact person.

### Contact Extn

Specify the telephone extension number, if any, associated with contact person.

### Comments

Specify comments, if any, related to the customer's employment.

### Department

Specify the department to which the customer belongs.

## 1.2.3 Requested Tab

You can capture the details related to the requested loan in 'Requested' tab.

The screenshot displays the 'Prospect Details' window with the 'Requested' tab selected. The window is divided into several sections:

- Top Section:** Contains fields for 'Lead Id \*', 'Description', 'Branch Code \* 001', 'Date of Enquiry \* 2012-11-07', 'Financing Type' (set to 'Corporate'), and 'Reason'.
- Tabbed Interface:** Below the top section are three tabs: 'Main', 'Details', and 'Requested'. The 'Requested' tab is currently active and highlighted in red.
- Requested Loan Details Section:** This section contains fields for 'Requested Currency \*', 'Requested Amount \*', 'Rate \*', 'Tenor(In Months)' (set to '12'), and 'Loan Purpose'.
- Bottom Section:** A dark blue footer bar containing fields for 'Maker', 'Checker', 'Date Time:', 'Mod No', 'Record Status', 'Authorization Status', and a 'Cancel' button.

You can capture the following details here:

**Requested Currency**

Specify the loan currency preference of the customer or select the currency from the option list provided.

**Requested Amount**

Specify the loan amount requested by the prospective customer.

**Tenor (in months)**

Specify the preferred loan tenor (in months) of the prospective customer.

**Rate**

Specify the preferred interest rate of the prospective customer.

**Loan Purpose**

Specify the Purpose of the loan.

## **1.3 Viewing Loan Prospect Summary**

You can view a summary of the prospective loan customers or the borrowers in 'Loan Prospect Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSLEADM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Lead Id
- Date of Enquiry

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.4 Simulating Corporate Loans

You can simulate a loan proposal for a customer approaching the bank with enquiries about the loan products offered by the bank. The following details would need to be captured as part of the simulation:

- Personal Details of the Prospect
- Loan offers selected by the Prospect

Based on the product, offers selected and requested details, the system will generate loan and schedule details.

You can enter the required details for the prospective customer in 'Corporate Loan Simulation Details' screen. You can invoke this screen by typing 'ORDCLSIM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

If details are available as part of the maintenance for the prospect in the 'Prospect Details' screen, then after you specify the Application category, Product Code and Customer Number in this screen, if you click the 'Default' button, the system will populate all loan and schedule details available for the prospect.

When you create a new proposal, the system will generate the Enquiry ID and the Date for the proposal. You are required to capture the following details:

### Application Category

Specify the application category for the loan enquiry. You can also select it from the adjoining option list.

### Product Code

Specify the product code for loan product selected by the customer. You can also select it from the adjoining option list.

### Branch Code

Specify the branch code in which the loan will be processed. You can also select it from the adjoining option list.

## **Customer Details**

Specify the following details for the customer:

### **Customer No**

Specify a unique customer number for the prospect who has initiated a loan account for the same product and application category combination.

### **First Name**

Specify the first name of the customer.

### **Last Name**

Specify the last name of the customer.

### **Contact Number**

Specify the number at which the customer can be contacted.

### **E-mail ID**

Specify the e-mail ID of the prospective customer.

## **Requested Loan Details**

You can enter the details requested by the prospect here:

### **Requested Currency**

Specify the loan currency preference of the customer or select the currency from the option list provided.

### **Requested Amount**

Specify the loan amount requested by the prospective customer.

### **Default Interest rate**

Specify the preferred interest rate of the prospective customer.

### **Tenor (In Months)**

Specify the preferred loan tenor (in months) of the prospective customer.

### **Loan Purpose**

Specify the purpose of the loan.

## 1.4.1 Loan Tab

You can maintain the offers for the customer in the loan tab.

**Corporate Loan Simulation Details**

### Offer ID

Specify a unique identification for the loan offer being made to the customer.

### No of Instalments

Specify the number of instalments associated with the loan.

### Units

Select the units based on which the loan disbursement should be carried out. The following options are available in the option list:

- Daily
- Weekly
- Monthly
- Quarterly

- Half Yearly
- Yearly

**Frequency**

Specify the frequency at which the loan disbursement should be carried out.

**Rate**

Specify the interest rate to be associated with the loan.

**Rate Code**

Specify the rate code used to derive the interest rate or select the rate code from the option list provided.

**Spread**

Specify the spread that is applicable for the loan being offered.

**Effective Rate**

The effective rate of interest gets displayed here, based on the interest and the spread specified.

**Check**

Select the required offer by clicking the 'Check' option.

Click the 'Apply' button. The system will default all the details in the 'Loan Details' section. When you click the 'Apply' button available in the lower section in 'Loan Details', the system will populate the schedule details for the offer you have selected.

## 1.4.2 Component Tab

After the loan details have been displayed by the system or modified as per your requirements, click 'Apply'. The system will process these details. Click 'Component' and the system will display the details of the payment and amortization schedules based on the loan details.

You can specify the following schedule related details:

### Compound Days

Specify the number of compound days.

### Compound Months

Specify the number of compound months.

### Compound Years

Specify the number of compound years.

### Years

Select the actual number of days for the year from the adjoining drop-down list. You can select one of the following options:

- 360
- 365
- Actual

## Days in Month

Select the number of days that would constitute a month for calculation from the adjoining drop-down list. You can select one of the following options:

- 30 (euro)
- 30 (US)
- Actual

After the loan application has been created in the system, if you select the 'Enquiry ID' specified here, the system will default the requested details for the offer selected here in the 'Corporate Loan Application Entry' screen (in the 'Requested' tab). You can only view the details in the screen. At the Underwriting stage, the system will default the loan details which you can modify (in the 'Loan' tab of the 'Corporate Loan Underwriting Stage' screen)

### 1.5 Viewing Simulated Loan Details

You can view a summary of the loans that have been simulated for prospects in 'Corporate Loan Simulation Summary' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSCLSIM' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## **1.6 Maintaining Credit Rating Rules**

You can maintain a set of questions along with a possible set of answers with associated scores, to assess the credit rating of a prospective loan customer. You can also calculate the risk factor associated with the loan and arrive at a credit grade based on the scores obtained.

You can maintain these details in 'Rule Details' screen. You can invoke this screen by typing 'ORDRULMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify the following details in this screen:

#### **Rule ID**

Specify a unique identification for the credit rating rule.

#### **Description**

Specify a suitable description for the credit rating rule.

#### **Type**

Select the type of the loan from the following options available:

- Retail
- Corporate

### **1.6.1 Main Tab**

You can maintain the following details in this tab:

## **Question Details**

### **Question ID**

The question ID is automatically generated by the system.

### **Category**

Select the category to which the question belongs from the option list provided.

### **Question**

Specify the question to be asked to the prospective customer to derive the credit rating score.

## **Answer Details**

### **Sequence Number**

The sequence number is automatically generated by the system.

### **Possible Answer**

Specify a set of possible answers to be associated with a question.

### **Score**

Specify the score associated with an answer.

## 1.6.2 Risk Factor Tab

You can specify the risk details associated with the loan and also indicate the formula for calculating the credit score in this tab.

The screenshot shows the 'Rule Details' window with the 'Risk Factor' tab selected. The window has a title bar with a diamond icon and standard window controls. Below the title bar is a toolbar with 'Save' and 'Hold' icons. The main area contains several input fields: 'Rule Id \*' (required), 'Account Description', and 'Type' (set to 'Corporate'). Below these is a tabbed interface with 'Main' and 'Risk Factor' tabs. The 'Risk Factor' tab is active and shows a table with columns 'Risk Id \*', 'Account Description', and 'Formula'. The table has one row with a checkbox in the first column. Below the table is a 'Go' button. At the bottom of the window is a footer section with fields for 'Maker', 'Checker', 'Mod No', 'Date Time:', 'Record Status', and 'Authorization Status', along with a 'Cancel' button.

Risk Id *	Account Description	Formula
<input checked="" type="checkbox"/>		Formula

You can specify the following details here:

### Risk ID

Specify a unique identifier for the credit risk being maintained.

### Description

Specify a suitable description for the credit risk.

### 1.6.2.1 Specifying Formula Details

You can specify the formula to calculate the credit score by clicking the 'Formula' button corresponding to a credit risk entry in Risk Factor tab. The 'Formula' screen is displayed where you can specify the condition for calculating the credit score associated with a risk condition.

The screenshot shows the 'Formula' dialog box. It features a table with three columns: 'Sequence Number \*', 'Condition', and 'Result'. The first row of the table is selected. Below the table, there are several input fields: 'Elements' with a text box and a small icon, 'Index' with a text box, 'Functions' with a dropdown menu, 'Braces' with a dropdown menu, and 'Operators' with a text box. At the bottom right of the dialog are 'Ok' and 'Cancel' buttons.

You can specify the following details here:

#### Sequence Number

The sequence number is automatically generated by the system.

#### Condition

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

#### Result

Specify the result to be associated with the condition specified.

#### Elements

Specify the data elements to be used to define the formula for credit score calculation or select the element from the option list provided.

#### Functions

Select the mathematical function to be used to define the formula from the drop-down list provided.

#### Braces

Select the opening or the closing brace from the drop-down list provided, to define the credit score calculation formula.

## Operators

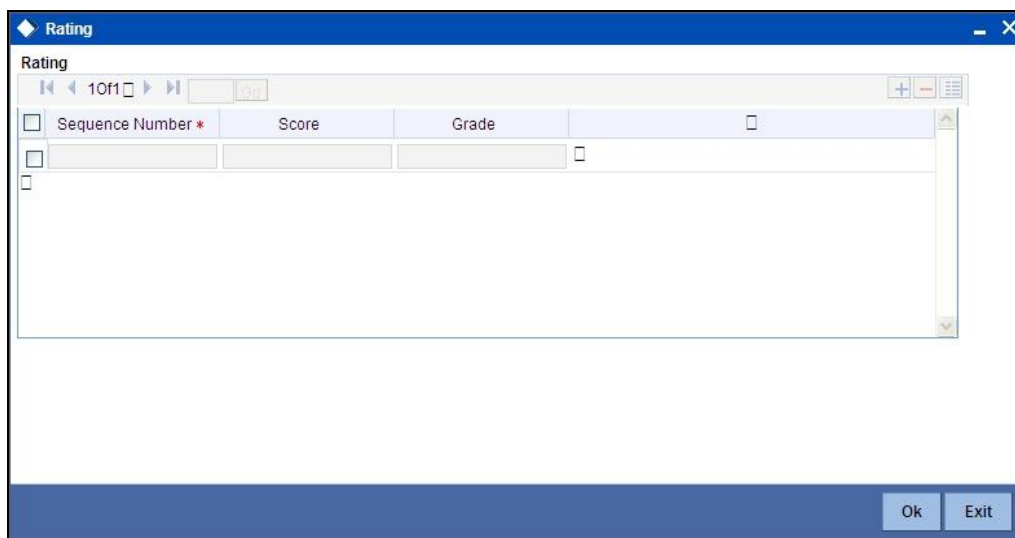

Select the mathematical operator to be used to define the credit score calculation formula. You can select '+', '-', '\*', or '/'.

## Logical Operators

Select the logical operator to be used to define the credit score calculation formula. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

### 1.6.3 Specifying Credit Grades

You can maintain different credit grades based on the credit scores obtained. Click 'Rating' button in Rule Details screens to invoke the 'Rating' screen, where you can maintain these details.

The screenshot shows a window titled "Rating" with a table. The table has three columns: "Sequence Number", "Score", and "Grade". The "Sequence Number" column has a red asterisk next to it. There are two rows in the table, both with empty cells. The window has a blue header bar with the title "Rating" and a blue footer bar with "Ok" and "Exit" buttons. Above the table, there are navigation controls including a "10 of 1" indicator and a "Go" button.

Sequence Number *	Score	Grade

You can specify the following details here:

#### Sequence Number

The sequence number is automatically generated by the system.

#### Score

Specify the score associated with a credit risk.

#### Grade

Specify the credit grade based on the score obtained.

## 1.6.4 Specifying Auto Decision

You can maintain decisions based on the credit scores obtained to decide applicants eligibility for loan. Click 'Auto Decision' button in Rule Details screens to invoke the 'Auto Decision' screen, where you can maintain these details.

The screenshot shows a window titled 'Auto Decision'. Inside, there is a table with three columns: 'Serial Number', 'Score', and 'Credit Decision'. The 'Serial Number' and 'Score' columns have checkboxes in the first row. The 'Credit Decision' column has a dropdown menu with 'RECOMMEND REJECT' selected. The window has a standard toolbar at the top and 'Ok' and 'Cancel' buttons at the bottom right.

### Serial Number

System generates the unique serial number for each auto decision status.

### Score

Specify the maximum credit score for the applicant based on the auto decision.

### Credit Decision

Specify the credit decision for the applicant based on the auto decision. You can select any of the following options from the drop-down list provided:

- **AUTO APPROVED** – Applications proceed to 'Document Verification' stage from 'Underwriting' stage. If this option is selected, 'Loan Approval' stage will be skipped.
- **RECOMMEND-APPROVAL** – Applications need to be approved manually in 'Loan Approval' stage after the 'Underwriting Stage'.
- **RECOMMEND-REJECT** – Applications need to be approved manually in 'Loan Approval' stage after the 'Underwriting Stage'.
- **AUTO REJECTED** – Applications proceed to the 'Application entry' stage from 'Application verification' stage again.

## 1.7 Viewing Credit Rule Summary

You can view a summary of the credit rules in 'Rule Maintenance' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSRULMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Rule ID

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.8 Maintaining Credit Ratios

You can maintain the rules to calculate the credit ratios in 'Credit Ratio Maintenance' screen. You can invoke this screen by typing 'ORDRATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

**Credit Ratio Maintenance**

Save Hold

Group Id \*  
Description Type Corporate

**Ratio Id**

Ratio Id *	Description	Formula
		Formula

Maker  
Checker

You can specify the following details in this screen:

### Group ID

Specify a unique identification code for the ratio group.

### Description

Specify a suitable description for the ratio group.

### Type

Select the type of the loan from the following options available:

- Retail
- Corporate

### Ratio ID

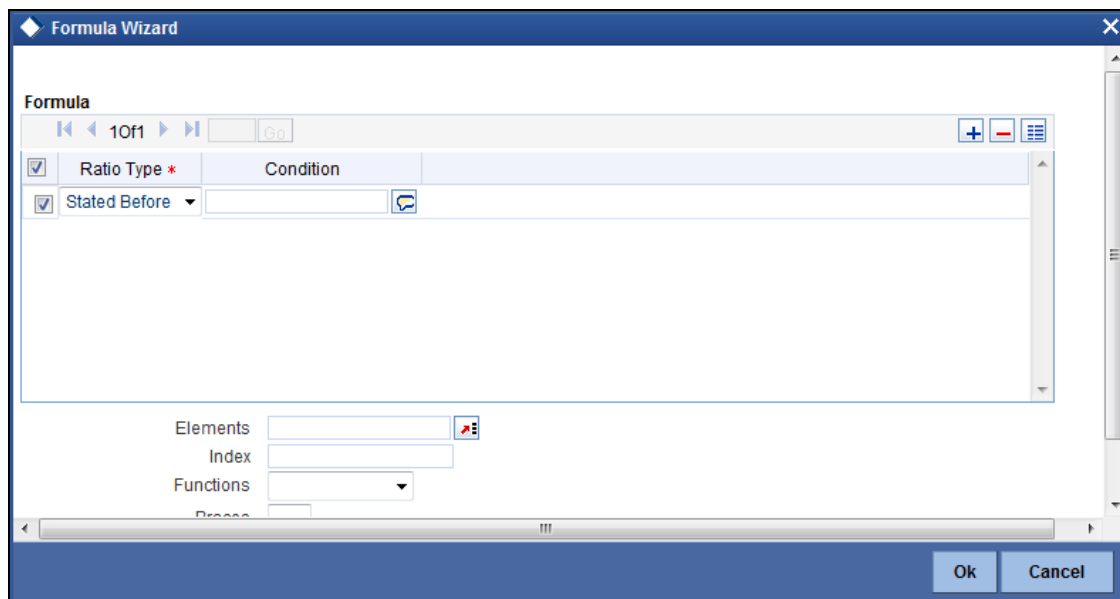

Specify a unique identification for the credit ratio being maintained.

### Description

Specify a suitable description for the credit ratio.

### 1.8.1 Specifying Formula Details

You can specify the formula to calculate the credit ratio by clicking the 'Formula' button corresponding to a ratio ID. The 'Formula' screen is displayed where you can specify the condition for calculating the credit ratio associated with a ratio ID.

The screenshot shows the 'Formula Wizard' dialog box. It has a title bar with a diamond icon and the text 'Formula Wizard'. Inside, there's a 'Formula' section with a navigation bar showing '1 of 1' and a 'Go' button. Below this is a table with two columns: 'Ratio Type \*' and 'Condition'. The first row has a checked checkbox, 'Stated Before' in the 'Ratio Type \*' column, and an empty text box in the 'Condition' column. Below the table are four input fields: 'Elements', 'Index', 'Functions', and 'Braces'. At the bottom right are 'Ok' and 'Cancel' buttons.

You can specify the following details here:

#### Ratio Type

Select the type of the ratio being maintained, from the drop down list provided. The following options are available:

- Stated Before
- Stated After
- Actual Before
- Actual After

#### Condition

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

#### Elements

Specify the data elements to be used to define the formula for credit ratio calculation or select the element from the option list provided.

#### Functions

Select the mathematical function to be used to define the formula from the drop-down list provided.

#### Braces

Select the opening or the closing brace from the drop-down list provided, to define the credit ratio calculation formula.

## Operators

Select the mathematical operator to be used to define the credit ratio calculation formula. You can select '+', '-', '\*', or '/'.

## 1.9 Viewing Credit Ratio Summary

You can view a summary of the credit ratios in 'Credit Ratio Maintenance' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSRATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Credit Ratio Maintenance' application window. At the top, there are dropdown menus for 'Authorization Status' and 'Record Status', and a text field for 'Group Id'. Below these are buttons for 'Search', 'Advanced Search', 'Refresh', and 'Reset'. A table with 15 rows is displayed, with columns for 'Authorization Status', 'Record Status', 'Group Id', and 'Description'. The first row is highlighted. At the bottom right, there is an 'Exit' button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Group ID

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.10 Maintaining Override Details

You can maintain the formulae to verify if overrides need to be generated dynamically, in 'Override Maintenance' screen. You can invoke this screen by typing 'ORDOVDMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Override Maintenance' application window. It includes a title bar, a toolbar with 'Save' and 'Hold' buttons, and a main form area. The form contains fields for 'Process Code \*', 'Application Category \*', and 'Type' (set to 'Corporate'). Below these is a 'Stage' section with a 'Stage \*' field and a 'Description' field. A 'Overrides' section contains a table with columns: 'Sequence Number \*', 'Condition', 'Error Code', and 'Error Parameter'. The table has one row with a checkbox in the first column. Below the table are fields for 'Elements', 'Index', 'Functions', 'Braces', and 'Operators'. At the bottom of the screen is a footer area with fields for 'Maker', 'Checker', 'Mod No', 'Date Time:', 'Record Status', and 'Authorization Status', along with a 'Cancel' button.

You can specify the following details in this screen:

### Process Code

Specify the process code of the process for which you wish to maintain override conditions or select the process code from the option list provided.

### Application Category

Specify the category to which the loan application belongs or select the application category from the option list provided.

### Type

Select the type of the loan from the following options available:

- Retail
- Corporate

### **Stage**

Select the stage of the loan origination process from the option list provided. The various stages can be Application Entry, Application Verification, Underwriting, Loan Approval etc.

### **Description**

Specify a suitable description for the loan origination stage.

### **Overrides**

Here, you can capture the details of the conditions to be checked for generating override messages.

### **Sequence Number**

The sequence number is automatically generated by the system.

### **Condition**

The condition specified using the Elements, Functions, Operators etc. gets displayed here.

### **Error Code**

Specify the error code to be used to generate the override message or select the error code from the option list provided.

### **Error Parameter**

Specify the error parameter to be substituted in the override messages.

### **Elements**

Specify the data elements to be used to define the conditions for generating override messages or select the element from the option list provided.

### **Functions**

Select the mathematical function to be used to define the condition from the drop-down list provided.

### **Braces**

Select the opening or the closing brace from the drop-down list provided, to define the conditions for generating override messages.

### **Operators**

Select the mathematical operator to be used to define the conditions for generating override messages. You can select '+', '-', '\*', or '/'.

### **Logical Operators**

Select the logical operator to be used to define the conditions for generating override messages. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

## 1.11 Viewing Override Summary

You can view a summary of the overrides in 'Override Maintenance' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSOVDMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

Override Maintenance

Authorization Status  Record Status

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Process Code
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.12 Maintaining Document Details

You can maintain the list of documents that are required during the loan origination process, in 'Documents Verify Maintenance' screen. Document checklists are maintained for an application category and for the various stages in the origination process. You can also maintain the details of the Advices that need to be generated on completion of a stage in the process.

You can invoke 'Documents Verify Maintenance' screen by typing 'ORDDOCMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Document verify Maintenance' window. It has a title bar with a diamond icon and standard window controls. Below the title bar is a toolbar with 'Save' and 'Hold' icons. The main area is divided into sections: 'Process Stages' with 'Process Code' and 'Application Category' fields; 'Document Details' with 'Document Category', 'Document Type', and 'Mandatory' fields; 'BI Advices' with 'Report Name', 'Template', 'Format', 'Locale', and 'Outcome' fields; and 'Checklist Details' with 'Sequence Number', 'Checklist Item', and 'Mandatory' fields. At the bottom, there are fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', and 'Authorization Status', along with a 'Cancel' button.

You can specify the following details in this screen:

### Process Code

Specify the process code of the process for which you wish to maintain override conditions or select the process code from the option list provided.

### Application Category

Specify the category to which the loan application belongs or select the application category from the option list provided.

### Stage

Select the stage of the loan origination process from the option list provided. The various stages can be Application Entry, Application Verification, Underwriting, Loan Approval etc.

### Stage Title

Specify a suitable description for the loan origination stage.

## **Document Details**

### **Document Category**

Specify the category to which the document belongs or select the document category from the option list provided.

### **Document Type**

Specify the type of the document or select the document type from the option list provided.

### **Mandatory**

Select the option to indicate whether the document is mandatory or not. You can select any of the following options from the drop-down list provided:

- Mandatory
- Overridden
- Others

## **BI Advices**

### **Report Name**

Specify the name of the advice report to be generated on completion of the process stage.

### **Template**

Specify the template to be used to generate the advice report.

### **Format**

Select the format in which the advice report needs to be generated from the drop-down list provided. The following options are available:

- PDF
- RTF

### **Locale**

Select the locale information to be used for generating the advices from the drop-down list. The following options are available:

- en-US

### **Out come**

Specify the outcome for which the report needs to be generated.

## **Checklist Details**

### **Sequence Number**

The system displays the sequence number.

### **Checklist Item**

Specify the checklist to be maintained.

## Mandatory

Check this box to indicate whether the checklist is mandatory or optional.

### 1.13 Viewing Document Checklist Summary

You can view a summary of the document checklists and advices in 'Document Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSDOCMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Documents Details' application window. It features a search interface with dropdowns for 'Authorization Status' and 'Record Status', and text inputs for 'Process Code' and 'Application Category'. Search buttons ('Search', 'Advanced Search') and a 'Reset' button are present. A table displays search results with columns for 'Authorization Status', 'Record Status', 'Process Code', and 'Application Category'. The table is currently empty, showing 15 rows with checkboxes for selection. Navigation controls for the table (records per page, page number, and a 'Go' button) are located above the table. An 'Exit' button is at the bottom right.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Process Code
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.14 Maintaining Application Category Details

You can maintain various application categories linked to multiple loan products that cater to the requirements of different customers, in 'Application Category Maintenance' screen. The entire process of loan origination depends mainly on the category to which the application belongs.

You can invoke 'Application Category Maintenance' screen by typing 'ORDCATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Application Category Maintenance Detail' window. It includes a header bar with 'Save' and 'Hold' icons. The main area has input fields for 'Application Category \*', 'Category Description', 'Application Type' (set to 'Corporate'), 'Rule Id', 'Ratio Id', and 'Pricing Group'. Below these are tabs for 'Main' and 'Agency'. The 'Product Details' section contains a table with columns: 'Product Code \*', 'Product Description', and 'Default'. The 'Offer Details' section contains a table with columns: 'Offer Id \*', 'No of Installments', 'Units', 'Frequency', 'Rate', 'Rate Code', and 'Default'. At the bottom, there are fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', 'Authorization Status', and a 'Cancel' button.

You can specify the following details in this screen:

### **Application Category**

Specify a unique identification for the loan application category.

### **Category Description**

Specify a suitable description for the loan application category.

### **Rule ID**

Specify the credit rule to be associated with the application category or select the Rule Id from the option list provided.

### **Ratio ID**

Specify the credit ratio to be associated with the application category or select the Ratio Id from the option list provided.

## **Pricing Group**

Specify the pricing group. The pricing group comprises of the multiple pricing IDs containing formula.

### **1.14.1 Main Tab**

You can capture the following details in the 'Main' tab.

#### **Product Details**

You can specify the following details related to the loan product here:

##### **Product Code**

Specify the identification code of the loan product to be linked to the application category being maintained. You can also select the product code from the option list provided.

##### **Product Description**

The description associated with the selected loan product gets displayed here.

##### **Default**

Check this box to indicate if the loan product selected should be maintained as the default product for the application category.

#### **Other Details**

You can capture the additional details related to the loan product here:

##### **Offer ID**

Specify a unique identification for the loan offer being made to the customer.

##### **No of Installments**

Specify the number of installments associated with the loan.

##### **Units**

Select the units based on which the loan disbursement should be carried out. The following options are available in the option list:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

#### **Frequency**

Specify the frequency at which the loan disbursement should be carried out.

## Rate

Specify the interest rate to be associated with the loan.

## Rate Code

Specify the rate code used to derive the interest rate or select the rate code from the option list provided.

## Spread

Specify the spread that is applicable for the loan being offered.

## Effective Rate

The effective rate of interest gets displayed here, based on the interest and the spread specified.

## Default

Check this box to indicate if the loan offer specified should be maintained as the default offer for the application category.

### 1.14.2 Agency Tab

In 'Agency' tab, you can capture the details of the credit rating agencies and credit bureaus that provide credit rating details for customer securities.

The screenshot displays the 'Application Category Maintenance Detail' window. At the top, there are fields for 'Application Category \*', 'Category Description', 'Application Type' (set to 'Corporate'), 'Rule Id', 'Ratio Id', and 'Pricing Group'. Below these is a tabbed interface with 'Main' and 'Agency' tabs. The 'Agency' tab is active, showing a 'Credit Agency' section with a table for 'Agency Code \*' and 'Agency Name'. Below this is a 'Bureau Details' section with a table for 'Bureau Code \*' and 'Bureau'. The bottom of the window contains a status bar with fields for 'Maker', 'Checker', 'Date Time', 'Mod No', 'Record Status', 'Authorization Status', and a 'Cancel' button.

You can specify the following details in this screen:

## **Credit Agency**

You can capture the details related to the credit rating agencies here.

### **Agency Code**

Specify the identification code of the rating agency that provides credit rating details for customer securities.

### **Agency Name**

Specify the name of the rating agency that provides credit rating details for customer securities.

## **Bureau Details**

You can capture the details related to the credit bureau here.

### **Bureau Code**

Specify the identification code of the credit bureau that provides credit ratings for customer securities.

### **Bureau**

Specify the name of the credit bureau that provides credit rating details for customer securities.

## 1.15 Viewing Application Category Summary

You can view a summary of the application categories in 'Category Details' screen. You can also query for a particular record based on desired search criteria.

You can invoke this screen by typing 'ORSCATMT' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

The screenshot shows the 'Category Details' window. At the top, there are four search criteria: 'Authorization Status' (dropdown), 'Application Category' (text input with a small icon), 'Record Status' (dropdown), and 'Financing Type' (dropdown). Below these are 'Search' and 'Advanced Search' buttons, and 'Refresh' and 'Reset' buttons. A table is displayed with columns: 'Authorization Status', 'Record Status', 'Application Category', 'Category Description', and 'Financing Type'. The table has 15 rows, each with a checkbox in the first column. Below the table is a pagination bar showing 'Records per page' (15), '1 Of 1', and a 'Go' button. At the bottom right is an 'Exit' button.

You can specify any of the following details to search for a record:

- Authorization Status
- Record Status
- Application Category

Click 'Search' button to search for a record based on the search criteria specified. You can double click a desired record to view the detailed screen.

## 1.16 Maintaining Pricing Details

Oracle FLEXCUBE allows you to maintain pricing groups and apply a suitable pricing rule to an application category during corporate loan origination. The pricing rule automatically selects the best matched loan offer for the loan application from the available offers for the application category.

You need to maintain pricing groups and define the price IDs and formulae for the group using 'Pricing Details' screen. To invoke the screen, type 'ORDPRCMT' in the field at the top right corner of the application toolbar and click the adjoining arrow button.

The screenshot shows the 'Pricing Details' application window. At the top, there's a 'Save' button. Below it, there are input fields for 'Price Group ID \*' and 'Description', and a dropdown for 'Price Type' currently set to 'Corporate'. A section titled 'Pricing Details' contains a table with the following columns: 'Price ID \*', 'Price Description', 'Default', 'Formula', and 'Offer'. The first row of the table has a checked checkbox in the 'Price ID \*' column, an empty 'Price ID' field, an empty 'Price Description' field, a checked checkbox in the 'Default' column, and empty 'Formula' and 'Offer' fields. Below the table, there are fields for 'Maker', 'Checker', 'Mod No', 'Date Time:', 'Record Status', and 'Authorization Status'. A 'Cancel' button is located at the bottom right.

Specify the following details:

### **Pricing Group ID**

Specify a unique name to identify the price group.

### **Description**

Specify a brief description of the price group.

### **Price Type**

Specify the price type associated with the price group. You can choose one of the following price types:

- Corporate
- Retail

### **Pricing Details**

Specify the following details.

### **Price ID**

Specify a unique price ID.

This price ID can be applied to a loan at underwriting stage.

## Price Description

Specify a brief description of the price ID.

## Default

Check this box to set this as the default price ID for the price group that you maintain.

## 1.17 Viewing Pricing Details Summary

You can view the pricing details maintained in the 'Pricing Details' screen. To invoke the screen, type 'ORSPRCMT' in the field at the top right corner of the application toolbar and click the adjoining arrow button.

The screenshot shows the 'Pricing Details' application window. At the top, there are search filters: 'Authorization Status', 'Price Group ID', 'Price Type', 'Record Status', and 'Description'. Below these are 'Search' and 'Advanced Search' buttons, along with 'Refresh' and 'Reset' buttons. A pagination bar shows 'Records per page 15' and '1 Of 1'. The main area is a table with columns: 'Authorization Status', 'Record Status', 'Price Group ID', 'Description', and 'Price Type'. The table is currently empty. At the bottom right, there is an 'Exit' button.

In this screen, you can base your queries by providing any or all of the following criteria:

- Application Status
- Price Group ID
- Price Type
- Record Status
- Description

Based on the details provided, system displays the following details:

- Authorization Status
- Record Status
- Price Group ID

- Description
- Price Type

### 1.17.1 Maintaining Pricing Formula

Click 'Formula' button to define the pricing rule for each price ID. You can define the formula using origination system elements in Oracle FLEXCUBE.

#### Sequence Number

Specify the sequence number.

#### Condition

Specify the possible data or the data limits here. The supported operators are:

Operator	Description
=	Equals To
>	Greater Than
>=	Greater Than (or) Equals To
<	Less Than
<=	Less Than (or) Equals To

#### Score

Specify the score for each condition.

#### Elements

Select the element from the adjoining option list.

If the loan requested details satisfies the condition specified in the pricing maintenance then the corresponding score gets added. If the details do not satisfy the condition then zero will be considered as default score.

### Functions

Select the mathematical function to be used to define the formula from the drop-down list provided.

### Braces

Select the opening or the closing brace from the drop-down list provided, to define the credit score calculation formula.

### Operators

Select the mathematical operator to be used to define the credit score calculation formula. You can select '+', '-', '\*', or '/'.

### Logical Operators

Select the logical operator to be used to define the credit score calculation formula. You can select '<', '>', '=', '<>', '>=', '<=', 'AND' or 'OR'.

Based on the formula and the loan application category, the system automatically applies a price ID to the application. You can apply a different price ID that matches the application only at the Underwriting Stage.

If you change a price ID selected by the system and reapply a different price ID, the system changes the score of the pricing rule. The score determines the price ID to be automatically applied.

## 1.17.2 Maintaining Pricing Offer

Click 'Pricing' button to define the pricing rule for each price ID for the user to pick up the offer for the loan.

The screenshot shows a window titled "Offer Details" with a close button (X) in the top right corner. Below the title bar is a toolbar with navigation icons (back, forward, search, etc.) and a "Go" button. Below the toolbar is a table with the following columns: Sequence Number, Score From, Score Up To, Rate, No of Installments, Frequency, and Units. The first row of the table has the following values: 1, 1, 1, 1, 1, Monthly. The table has a scroll bar on the right side. At the bottom of the window are "Ok" and "Cancel" buttons.

You can specify the following details here:

**Sequence Number**

System generates the sequence number.

**Score From**

Specify the start credit score to pick the offer for the loan.

**Score Up To**

Specify the end credit score to pick the offer for the loan.

**Rate**

Specify the rate to be picked up for the score.

**No of Instalments**

Specify the number of instalments for the offer.

**Frequency**

Specify the frequency of the offer.

**Units**

Select the frequency unit from the adjoining drop-down list. You can select one of the following:

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly
- Bullet

## **1.18 Stages in Corporate Loan Origination**

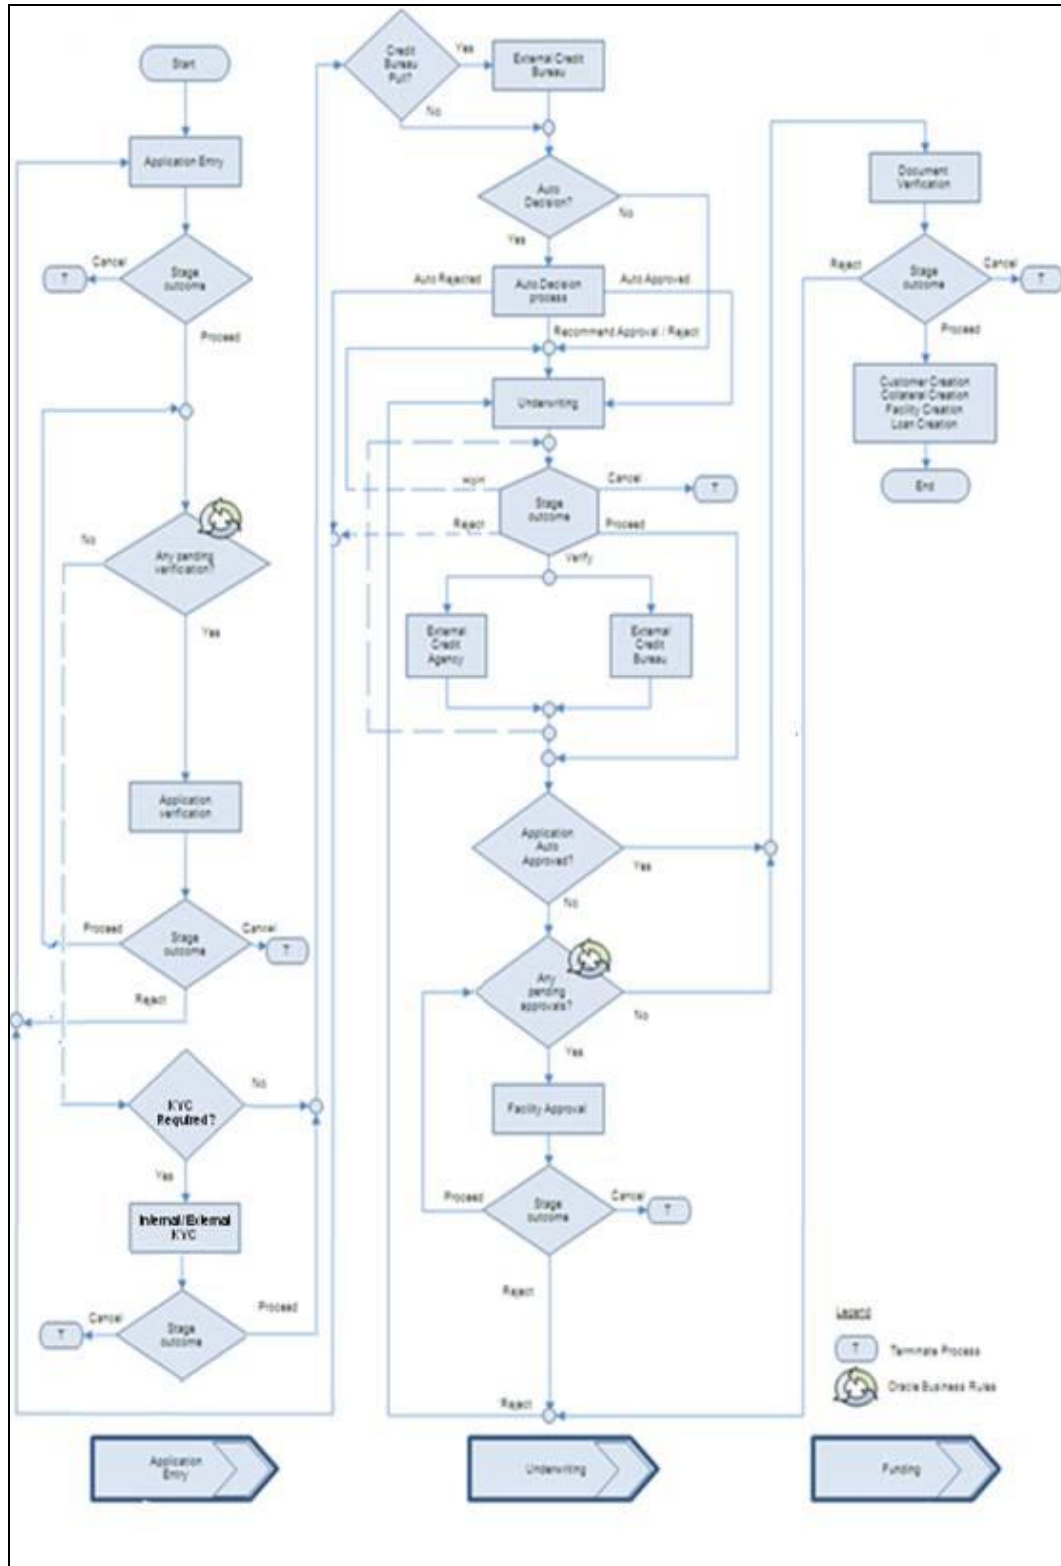

The different stages in corporate lending process flow are designed using Oracle BPEL framework. The process of loan origination consists of several manual as well as system tasks, carried out in a sequential manner. Many users can be involved in the completion of a transaction and at each stage of the process, a user or a group of users, assigned with a task, acquire and work on the relevant transaction.

Oracle Business rules that are embedded help the dynamic creation of multiple approval stages. The different stages and sub-stages in the process flow can be summarized as follows:

- Application Entry
  - Information captured in this stage include
  - Applicant Information
  - Corporate Information
  - Directors Information
  - Application details
  - Requested Loan Details
  - Facility Information
  - Collateral Details
  - Checklist
  - Documents
- Application Verification
- Internal KYC
- External KYC
- Underwriting
  - Collateral Valuation Information
  - Applicant Financial Ratios
  - Applicant Credit Score
  - Applicant Bureau Report
  - Loan Offers
  - Loan Schedules
  - Loan Charges
  - Field Investigation
  - Document Capture
  - Advice Generation
- Loan Approval
- Document Verification
  - Information captured during Previous stages are verified
  - All documents obtained are verified against checklist
- Manual Retry

### 1.18.1 Process Flow Diagram

The process flow diagram given below illustrates the activities carried out during the different stages of the workflow.

The various tasks carried out in these stages will be explained in detail in the subsequent sections.

### 1.18.2 Process Matrix

The process matrix given below lists out the different stages, the user role handling each stage, the function Ids involved and the exit points for each stage.

Stage	Stage Title	Description	Function ID	Exit point
1	Application Entry	The following details are captured as part of this stage  Application Details Applicant Details Requested Lending Details Collateral Details Check List User Defined Fields and Comments Document Capture Advice Generation	ORDCLAPP	PROCEED, CANCEL
2	Application Verification	The details captured as part of 'Application Entry' stage is verified	ORDCLVER	PROCEED, RETURN, CANCEL
3	Internal KYC	The applicant will be verified for the internal KYC check	ORDCLIKC	PROCEED, CANCEL
4	External KYC	The applicant will be verified for the external KYC check	ORDCLEKC	PROCEED, CANCEL

Stage	Stage Title	Description	Function ID	Exit point
5	Underwriting	<p>The following details are captured as part of this stage</p> <p>Collateral Valuation Information</p> <p>Applicant Financial Ratios</p> <p>Applicant Credit Score</p> <p>Applicant Bureau Report</p> <p>Loan Offers</p> <p>Loan Schedules</p> <p>Loan Charges</p> <p>Field Investigation</p> <p>Document Capture</p> <p>Advice Generation</p>	ORDCLUND	VERIFY PROCEED, RETURN, CANCEL
6	Loan Approval	Facility Approval	ORDCLAPR	PROCEED, RETURN, CANCEL
7	Document Verification	<p>Document Verification</p> <p>Final Verification</p> <p>Customer Creation</p> <p>Loan Account Creation</p> <p>Advice Generation</p>	ORDCLDVR	PROCEED, RETURN, CANCEL
8	Manual Retry	<p>This stage is optional. Task will be moved to this stage only when the system is unable to create Customer/ Customer Account/ Liability/ Facility/ Collateral/ pool/ Loan. You can make the necessary changes &amp; retry.</p>	ORDCLMCU	PROCEED

The stages are explained in detail in the sections that follow.

## Step 1. Application Entry

In this stage, the bank receives an application requesting for the creation of a facility from a prospective borrower/customer. The relevant documents and financial statements are also provided by the customer. If the applicant/borrower does not have an account but intends to open one, the bank also obtains the account opening form and related documents as part of this activity.

The following details are captured in this stage:

- Applicant information
- Applicant contact information
- Director's information
- Corporate information
- Facility
- Loan details
- Collateral details

Documents obtained from the applicant are also uploaded during this stage.

You can key-in the loan application details required in 'Corporate Loan Application Entry' screen. You can also invoke this screen by typing 'ORDCLAPP' in the field at the top right corner of the Application tool bar and clicking the adjoining arrow button.

**Corporate Loan Application Entry**

The Application Number is automatically generated by the system. You can capture the following details in the main screen:

**Application Category**

Specify the loan application category to be used or select the application category from the option list.

**Product Code**

Select the product from the adjacent option list. The list displays only the corporate CL products created in Oracle FLEXCUBE.

**Description**

System displays the description of the selected product code.

**Application Branch**

System displays the current branch code.

**Application Date**

System displays the application date.

**Lead ID**

Specify a unique identification for the prospective loan customer.

**Enquiry ID**

Specify an enquiry Id, if you wish to retrieve information on the loan offer selected by the customer. You can also select the ID from the adjoining option list. The list contains all the Enquiry IDs created for the customer as part of the loan simulation process.

**Application Number**

System displays the application number.

**User Reference**

Specify the user reference number for the loan application. If you do not specify the reference number, system generates it when you click on the 'Default' button.

**Priority**

Select the priority for the creating export LC from the adjoining drop-down list. This list displays the following options:

- Low
- Medium
- High

**Status**

The status of the application gets displayed here.

Click 'Default' button to default the details related corresponding to the prospective loan customer.

### 1.18.3 **Main Tab**

In 'Main' tab, you can capture the details associated with the loan applicant. The customer details corresponding to the Application Category specified are displayed here. You can modify these details, if required.

#### **Channel**

Specify the channel ID of the originating channel.

#### **Intermediary Group**

Specify the identification code of the intermediary group if the customer has been associated with any.

#### **KYC Required**

Check this box to indicate that the customer verification is required for this applicant.

If you check this box, the system will evaluate a business rule. Based on that rule, the system initiates internal KYC or External KYC or both during application entry and verification stage.

If you do not check this box, the system then system skips the Internal KYC and External KYC stages after completing the application entry and verification stages.

#### **Auto Decision Required**

Check this box to enable auto decision on loan application. If you check this box, based on the applicant credit score – auto decision mapping maintained in 'Auto Decision' screen, the system decides whether to approve, reject, recommend approval or recommend rejection of the application.

#### **External Credit Check Required**

Check this box to enable external credit bureau service for credit evaluation of the loan applicant.

If you check this box, the system will automatically initiate external credit check. The credit check initiation happens before underwriting stage.

### **Applicant Details**

#### **Existing Customer**

Check this box to indicate if the customer applying for the loan is an existing customer of the bank.

#### **Local Branch**

Specify the applicant's home branch.

#### **Account branch**

Specify the applicant's account branch.

#### **Customer No**

For existing customers you need to select the customer number from the option list provided.

## Group Code

Select the group code from the adjoining option list.

## National ID

Specify the national ID.

Click 'Default' button to default the details of existing customers.

For more details on capturing Customer details, refer the chapter titled 'Maintaining Customer Information Files' in Core Entities user manual.

### 1.18.3.1 Fields

You can capture the user defined field details for the customer, if any by clicking 'Fields' button. The 'Customer UDF' screen gets displayed where you can maintain the UDF details.

The screenshot shows a software window titled "User Defined Fields". At the top, there's a header bar with a blue background and a close button. Below the header, the "Application Number" is set to "CorporateLending5245". A tab labeled "Customer" is selected, showing "Customer Account" details. Below this, there are input fields for "Customer Branch" (containing "007") and "Customer No". A section titled "UDF Details" contains a table with two columns: "Field Name \*" and "Value". The table is currently empty. At the bottom right of the window are "Ok" and "Cancel" buttons.

You can specify the following details in this screen:

### **Name**

Specify the name of the UDF being created for the customer.

### **Value**

Specify the value associated with the UDF being created for the customer.

## 1.18.4 Details Tab

The address and employment related details of the customer corresponding to the Application Category selected are displayed in this tab. You can modify these details if required.

Specify the mailing address of the customer in Line 1 to Line 4 provided.

## 1.18.5 Financials Tab

You can capture the financial details corresponding to the customer in this screen.

The screenshot displays the 'Corporate Loan Application Entry' window with the 'Financials' tab selected. The window is divided into several sections for data entry:

- Header Section:** Includes fields for Application Category, Product Code, Description, Application Branch (001), Application Date (2012-11-07), Lead Id, Enquiry ID, Application Number (CorporateLending5705), User Reference, Priority (Low), and Status (New Application).
- Navigation Tabs:** Main, Details, Financials (selected), Requested, Limits, Collateral, Comments.
- Assets Section:** Fixed Assets, Intangible Assets, Non Current Assets, Current Assets.
- Capital Section:** Issued Capital, Paid up Capital.
- Reserves Section:** Subsidy from Government, General Reserves.
- Surplus Section:** Credit Balance in P.
- Liabilities Section:** Term Liabilities, Current Liabilities.
- Cash Flows Section:** Operations Activities, Investing Activities, Financing Activities.
- Credit Application Section:** Borrower Profile, Financial Performance, Borrower Market Position, Risk and Mitigants, Risk Department Mitigants, Risk Department Assessment, Facilities Proposed, Approved Facilities, Recommended, Terms and Conditions.
- Footer Section:** Documents, Trade In, Customer Dedupe, Loan Dedupe, Customer MIS, Customer Account MIS, Customer/Account Fields, Vehicle Evaluator, Prev Remarks, Remarks, Audit, Outcome (dropdown), and Exit button.

You can capture the following details here:

- Assets Details
- Capital details
- Reserves Details
- Surplus Details
- Liabilities Details
- Cash Flows
- Credit Application

## **Assets**

You can capture the following details corresponding to the loan applicant's assets:

### **Fixed Assets**

Specify the value associated with the fixed assets of the customer.

### **Intangible Assets**

Specify the value associated with the intangible assets of the customer.

### **Non Current Assets**

Specify the value associated with the non current assets of the customer.

### **Current Assets**

Specify the value associated with the current assets of the customer.

## **Capital**

You can capture the following details corresponding to the loan applicant's capital:

### **Issued Capital**

Specify the value associated with the issued capital of the customer.

### **Paid-Up Capital**

Specify the value associated with the paid-up capital of the customer.

## **Reserves**

You can capture the following details corresponding to the loan applicant's cash reserves:

### **Subsidy from Govt**

Specify the value of any subsidies the customer has obtained from the government.

### **General Reserves**

Specify the value associated with any general reserves of the customer.

## **Surplus**

You can capture the following details corresponding to the loan applicant's surplus income:

### **Credit Balance in PL**

Specify the surplus credit balance, if any, associated with the customer.

## **Liabilities**

You can capture the following details corresponding to the loan applicant's liabilities:

### **Term Liabilities**

Specify the value associated with the long term liabilities associated with the customer.

**Current Liabilities**

Specify the value associated with the current liabilities associated with the customer.

**Cash Flows**

You can capture the following details corresponding to the loan applicant's cash flows:

**Operations Activities**

Specify the cash flow value associated with the operation activities of the corporate customer.

**Investing Activities**

Specify the cash flow value associated with the investing activities of the corporate customer.

**Loan Activities**

Specify the cash flow value associated with the loan activities of the corporate customer.

**Credit Application**

The details associated with how the corporate customer has deployed his assets need to be captured as part of assessing the risk associated with the loan proposed .You can capture the following details related to the credit application:

**Borrower Profile**

Specify the details corresponding to the profile of the corporate customer's customer.

**Financial Performance**

Specify the details corresponding to the financial performance of the corporate customer's customer.

**Borrower Market Position**

Specify the details corresponding to the market position of the corporate customer's customer.

**Risk and Mitigants**

Specify the details corresponding to the risk and mitigants associated with the corporate customer's customer.

**Risk Department Mitigants**

Specify the inputs from risk department related to the risk mitigants associated with the corporate customer's customer.

**Risk Department Assessment**

Specify the risk department's assessment corresponding the corporate customer's customer.

**Facilities Proposed**

Specify the details corresponding to the facilities that have been proposed by the corporate customer.

## Approved Facilities

Specify the details corresponding to the facilities that have been approved by the corporate customer.

## Recommended

Specify the details corresponding to the facilities that have been recommended by the corporate customer.

## Terms and Conditions

Specify the terms and conditions associated with the credit application.

### 1.18.6 Limits Tab

You can capture the Facility Information in 'Limits' tab.

Select the line currency code. The adjoining option list displays all valid line currency codes maintained in the system. Select the appropriate one.

**Line Amount**

Specify the line amount.

**Limit Amount**

Specify the limit amount.

**Collateral Amount**

If the collateral is maintained, system displays the collateral amount when you click on 'Default' button. Otherwise, system displays the value as 'zero'.

**Effective Line Amount Basis**

Select the basis on which the effective line amount is calculated.

**Effective Line Amount**

System displays the effective line amount based on the specified effective line amount basis,

**Availability****Start Date**

Specify the start date of the line from the adjoining calendar.

**Expiry Date**

Specify the expiry date of the line from the adjoining calendar.

**Last Available Date**

Specify the last availability date for the line from the adjoining calendar.

**Remarks**

Specify the remarks for the line.

**Revolving Line**

Check this box to indicate that the revolving line is required.

**Pool Details****Pool Code**

Select the pool code. The adjoining option list displays all valid pool codes maintained in the system. Select the appropriate one.

**Pool Designation**

Specify the pool designation.

**Pool Currency**

Select the pool currency code. The adjoining option list displays all valid pool currency codes maintained in the system. Select the appropriate one.

**Pool Amount**

System displays the pool amount.

**Pool Utilized**

System displays the pool amount utilized.

## 1.18.7 Collaterals Tab

You can capture the details related to the collaterals provided by the customer in this tab.

The screenshot shows the 'Corporate Loan Application Entry' window with the 'Collateral' tab selected. The window is divided into several sections for data entry:

- Top Section:** Contains fields for Application Category, Product Code, Description, Application Branch (001), Application Date (2012-11-07), Lead Id, Enquiry ID, Application Number (CorporateLending5705), User Reference, Priority (Low), and Status (New Application).
- Collateral Details Section:** Includes Collateral Branch, Collateral Id, Collateral Description, Collateral Currency, Collateral Value, Start Date, End Date, Collateral Category, Collateral Type (Normal), Linked Percentage, Number, Linked Amount, Haircut, Revaluation Date, Revision Date, Charge Type, Utilization Order, Commitment Product, and a checkbox for Revalue Collateral.
- Market Value Based Section:** Includes Security Id, Units/Nominal Value, and Cap Amount.
- Guarantor Based Section:** Includes Guarantor Id.
- Vehicle Details Section:** Includes Vehicle ID, Vehicle Number, Year, Make, Model, and Body.
- Haircut Schedule Section:** Includes a table with columns for Effective Date and Haircut %.

At the bottom, there are tabs for Documents, Trade In, Customer Dedupe, Loan Dedupe, Customer MIS, Customer Account MIS, Customer/Account Fields, and Vehicle Evaluator. Below these are fields for Prev Remarks, Remarks, Audit, Outcome, and an Exit button.

In this screen, specify the following details to facilitate vehicle evaluation:

### **Collateral Details**

#### **Collateral Branch**

Specify the collateral branch.

#### **Utilization Order**

Specify the collateral utilization order if any collaterals are linked to the Loan.

#### **Commitment Product**

Specify the commitment product if any collaterals are linked to the Loan.

For more details on capturing Collateral details, refer the chapter titled 'Maintaining Collateral Details' in Enterprise Limits and Collateral Management user manual.

### **Market Value Based**

#### **Security ID**

Select the security ID. The adjoining option list displays all valid security IDs maintained in the system. Select the appropriate one.

**Number of Units/Nominal Value**

Specify the number of units.

**Cap Amount**

Specify the cap amount.

**Guarantor Based****Guarantor ID**

Select the Guarantor ID. The adjoining option list displays all valid guarantor IDs maintained in the system. Select the appropriate one.

**Rating**

The system displays the rating.

**Haircut Schedules**

Specify the following Haircut Revision Schedule details for any collateral linked to the Loan.

**Effective Date**

Specify the effective date from the adjoining calendar.

**Haircut %**

Specify the haircut percentage.

**Vehicle Details**

You can capture the details of the vehicle which is to be evaluated in the following fields:

**Vehicle Number**

Specify the registration number of the vehicle.

**Year**

Specify the year of manufacture for the vehicle.

**Make**

Specify the make of the vehicle.

**Model**

Specify the vehicle model.

**Body**

Specify the vehicle body details.

**Usage**

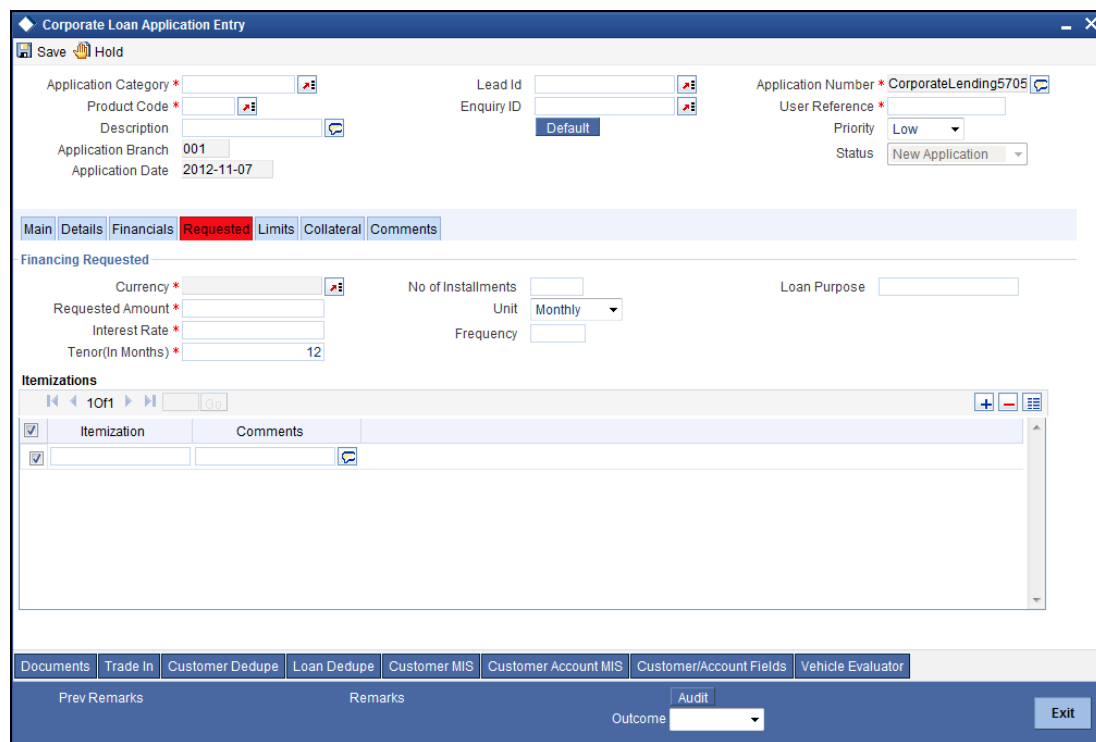

Specify the mileage used by the vehicle till date.

These details will be used at the underwriting stage to evaluate the vehicle.

For more details on capturing Collateral details, refer the chapter titled 'Maintaining Collateral Details' in Enterprise Limits and Collateral Management user manual.

### 1.18.8 Requested Tab

The details related to the requested loan can be captured in this tab. If you have selected an 'Enquiry ID' for the customer, then the requested details that have been stored for the corresponding loan proposal are displayed here.

The screenshot shows the 'Corporate Loan Application Entry' window with the 'Requested' tab selected. The window has a top bar with 'Save' and 'Hold' buttons. Below the top bar, there are several input fields for application details: Application Category, Product Code, Description, Application Branch (001), Application Date (2012-11-07), Lead Id, Enquiry ID (with a 'Default' button), Application Number (CorporateLending5705), User Reference, Priority (Low), and Status (New Application). A tabbed interface at the bottom of the main area includes 'Main', 'Details', 'Financials', 'Requested' (highlighted in red), 'Limits', 'Collateral', and 'Comments'. Under the 'Requested' tab, there is a 'Financing Requested' section with fields for Currency, Requested Amount, Interest Rate, Tenor (in Months) (12), No of Installments, Unit (Monthly), Frequency, and Loan Purpose. Below this is an 'Itemizations' table with columns for 'Itemization' and 'Comments'. The bottom of the window features a navigation bar with buttons for 'Documents', 'Trade In', 'Customer Dedupe', 'Loan Dedupe', 'Customer MIS', 'Customer Account MIS', 'Customer/Account Fields', and 'Vehicle Evaluator'. At the very bottom, there are fields for 'Prev Remarks', 'Remarks', 'Audit', 'Outcome', and an 'Exit' button.

You can capture the following details here:

#### Currency

Specify the loan currency preference of the customer or select the currency from the option list.

#### Requested Amount

Specify the loan amount requested by the prospective customer.

#### Interest Rate

Specify the preferred interest rate of the prospective customer.

#### Tenor (in months)

Specify the preferred loan tenor (in months) of the prospective customer.

### No of Installments

Specify the requested Number of Loan Instalments/Schedules.

### Frequency

Specify the requested Loan Schedule Frequency.

### Unit

Specify the requested Loan Schedule Frequency Unit/Basis.

### Loan Purpose

Specify the Purpose of the loan.

### Itemization

Specify the tenor itemization that is required. For example, you can specify the itemizations like 'Booking Amount', 'Payment', 'Interiors' etc.

### Comments

Specify comments, if any, corresponding to the itemization.

## 1.18.9 Comments Tab

In this tab, you can specify comments, if any, related to the loan application.

The screenshot shows the 'Corporate Loan Application Entry' window with the 'Comments' tab selected. The form contains various input fields for application details and a table for comments.

**Form Fields:**

- Application Category \*
- Product Code \*
- Description
- Application Branch: 001
- Application Date: 2012-11-07
- Lead Id
- Enquiry ID
- Application Number \* CorporateLending5705
- User Reference \*
- Priority: Low
- Status: New Application

**Comments Table:**

Serial No *	Comments *	Comment By	Comment Date
1		31650A01	2012-11-07

**Navigation and Footer:**

- Tabs: Main, Details, Financials, Requested, Limits, Collateral, Comments (selected)
- Buttons: Save, Hold, Add Row
- Footer: Documents, Trade In, Customer Dedupe, Loan Dedupe, Customer MIS, Customer Account MIS, Customer/Account Fields, Vehicle Evaluator, Prev Remarks, Remarks, Audit, Outcome, Exit

You can specify the following details here:

### Sequence Number

The sequence number is automatically generated by the system.

### Comments

Specify comments, if any, to be associated with the loan application.

### Comment By

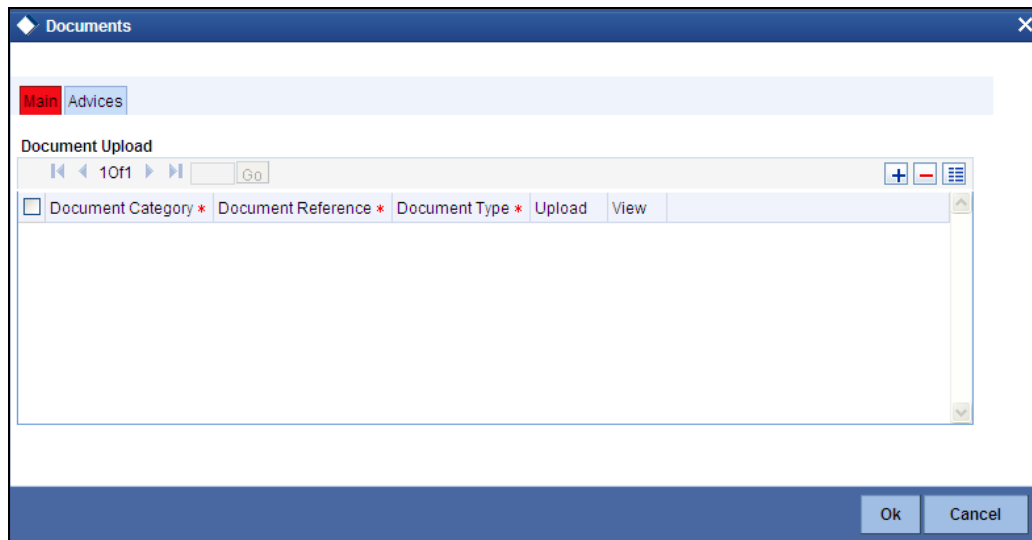

System displays the name of the commenter.

### Comment Date

The system displays the date on which the comment was added.

## 1.18.10 Capturing Document Details

You can capture the customer related documents in central content management repository through the 'Documents' screen. Click 'Documents' button to invoke this screen.

Here, you need to specify the following details:

### Document Category

Specify the category of the document to be uploaded.

### Document Reference

The system generates and displays a unique identifier for the document.

### Document Type

Specify the type of document that is to be uploaded.

## Upload

Click 'Upload' button to open the 'Document Upload' sub-screen. The 'Document Upload' sub-screen is displayed below:

The screenshot shows a web application window titled 'Documents'. Inside, there's a 'Document Upload' sub-screen. This sub-screen contains a table with the following columns: 'Document Category', 'Document Reference', 'Document Type', 'Upload', and 'View'. The first row of the table has 'ADDRESSPROOF' under 'Document Category' and 'BANK STATEMENT' under 'Document Type'. Below the table, there's a modal dialog box also titled 'Document Upload'. This dialog has a text field labeled 'Document Path', a 'Browse...' button, and 'Submit' and 'Cancel' buttons. The main window has a top bar with 'Main' and 'Advices' tabs, and a 'Go' button. At the bottom of the main window are 'Ok' and 'Cancel' buttons.

In the 'Document Upload' sub-screen, specify the corresponding document path and click the 'Submit' button. Once the document is uploaded through the upload button, the system displays the document reference number.

## View

Click 'View' to view the document uploaded.

In 'Corporate Loan Origination' process, 'Document Upload' feature is not available in all the stages. Its availability in this process is given below:

Stage Title	Function Id	Doc Callform Exists	Upload(Available /Not Available)	View(Available/ Not Available)
Application Entry	ORDCLAPP	Available	Available	Available
Application Verification	ORDCLVER	Available	Available	Available
Underwriting	ORDCLUND	Available	Available	Available
Facility Approval	ORDCLAPR	Available	Available	Available
Document Verification	ORDCLDVR	Available	Available	Available
Customer / Account / Facility / Loan / Collateral Creation				

### 1.18.11 Capturing Trade In Details

You can capture the trade-in details related to the loan application in 'Trade In' sub screen. To invoke this screen, click 'Trade In' button in Corporate Loan Application Entry screen.

The screenshot shows a 'Trade-In Details' window. At the top, there's a header bar with the title 'Trade-In Details' and a close button. Below the header, there are two input fields: 'Application Number \* CorporateLending5705' and 'Product Code \*'. The main content area is divided into two sections: 'Asset' and 'Value'. The 'Asset' section contains a list of asset details with a table-like structure. It has a header row with 'Type \*', 'Sub Type', 'Description', and 'Asset Id'. Below this, there are four rows of data. To the right of the 'Asset' section, there are four input fields: 'Make', 'Model', 'Manufacture Year', and 'Body'. The 'Value' section contains a list of valuation details with a table-like structure. It has a header row with 'Source', 'Supplement', 'Edition', and 'Validation Date'. Below this, there are four rows of data. To the right of the 'Value' section, there are four input fields: 'Wholesale', 'Base Retail', 'Payment Amt(-)', and 'Additions'. At the bottom right of the window, there are two buttons: 'Ok' and 'Cancel'.

You can capture the asset details and the valuation details of the asset in this screen.

For more details on capturing Asset Valuation details, refer the section titled 'Account Asset Valuation' in Retail Lending user manual.

For more details on Capturing Asset Valuation details, refer the section titled 'Account Asset Valuation' in Retail Lending user manual.

### 1.18.12 Capturing Customer MIS

You can capture the MIS details for the customer, if any by clicking 'MIS' button against a row in the Applicant Details table. System displays the 'Customer MIS' screen where you can maintain the MIS details.

Specify the value associated with the UDF being created for the customer account.

### 1.18.15 Viewing Vehicle Evaluator

You can view the evaluated vehicle details captured as part of collateral details by clicking the 'Vehicle Evaluator' button against the Applicant record.

The screenshot shows the 'Vehicle Evaluator' window with the following sections:

- Application Information:** Application Number \* CorporateLending5705, Vehicle Id \*, Collateral Code \*
- Vehicle Details:** Valuation Source (N), Identification Number, Year, Make, Model, Body, Usage.
- Vehicle Valuations:** Wholesale Value, Retail Value, Usage Value, Attribute Value, Total Value.
- Vehicle Attributes:** A table with columns: Attribute Description, Attribute Code, Attribute Value, Package Included, Selected. The table is currently empty.

Navigation controls include '1 of 1' and 'Go' buttons. At the bottom right are 'Ok' and 'Cancel' buttons.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option.

Workflow Reference	Transaction Reference	Title	Assignee Group	Assignee Users	Customer Name	Amount	Creation Date (FromTo)	Priority
IslamicIjarahAccount1362		Application Entry	ALLROLES				2012-04-30 11:14:27 IST	
IslamicIjarahAccount1574		Application Entry	ALLROLES				2012-05-10 15:16:46 IST	
IslamicIjarahAccount1575		Application Entry	ALLROLES				2012-05-10 15:40:50 IST	
ImportLCProcessFlow1587		Receive and Verify LC Import	ALLROLES,CCSEROLE				2012-05-11 12:11:04 IST	

All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

**Acquire Successful**

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Corporate Loan Application Verification' screen.

## Step 2. Application Verification

The information captured in the previous stage is verified in the Application Verification stage.

The screenshot displays the 'Corporate Loan Application Verification Stage' window. It features a top navigation bar with 'Save' and 'Hold' buttons. Below this, there are input fields for 'Application Category' (CORP\_2), 'Product Code' (COP1), 'Description' (NormalBearing), 'Application Branch' (001), and 'Application Date' (2012-11-07). To the right, there are fields for 'Lead Id', 'Enquiry ID' (Default), 'Application Number' (CorporateLending5251), 'User Reference' (001COP112312007), 'Priority' (Low), and 'Status' (Verify Application). A tabbed interface below these fields includes 'Details', 'Financials', 'Requested', 'Limits', 'Collateral', and 'Comments'. The 'Details' tab is active, showing 'Channel', 'Intermediary Group', 'KYC Required' (checked), 'Auto Decision Required' (unchecked), and 'External Credit Check Required' (unchecked). Below this, there are sections for 'Applicant Details' (Local Branch, Customer No, Existing Customer, Group Code, Short Name, Customer Name, National ID, Category, RM ID, RM Name, Language, Country, Nationality) and 'Account Details' (Account Branch, Account Class, Account, Incorporation, Date, Currency, Capital, Net Worth, Country, Business Description). At the bottom, there is a navigation bar with 'Documents', 'Trade In', 'Customer Dedupe', 'Loan Dedupe', 'Customer MIS', 'Customer Account MIS', 'Customer/Account Fields', and 'Vehicle Evaluator'. The bottom right corner has 'Prev Remarks', 'Remarks', 'Audit', 'Outcome' (a dropdown menu), and an 'Exit' button.

The details related to the loan application entry are displayed in this screen, which can be verified by the verifier. The details cannot be modified in this stage, but comments can be added appropriately. On completion of this stage, the advices that are maintained for the stage are generated.

The verifier can either send the application back to the previous stage if the information provided is not adequate or can cancel it if the information captured is not satisfactory.

If the application details are verified successfully, the verifier can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The verifier can select 'REJECT' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful verification a message, stating that the task is successfully completed, gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

**Acquire Successful**

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Corporate Loan Underwriting' screen.

### Step 3. Internal KYC Review

If the check box 'KYC Required' is checked, then the bank performs the KYC check for the applicant.

The screenshot shows a 'KYC Review' window with the following fields:

- Application Number: 001005754
- Customer No: 001005754
- KYC Review Details:**
  - Local Branch: 001
  - First Name: [Empty]
  - Middle Name: [Empty]
  - Last Name: [Empty]
  - Date of Birth: [Empty]
  - Country: IN
  - Nationality: IN
- KYC Internal Status: No Match
- KYC Internal Remarks: No Match
- SDN Status: No Match
- SDN Remarks: No Match
- [Review Button]
- [Cancel Button]

You can review the following KYC details.

#### **Applicant Number**

System displays the Application number.

#### **Customer Number**

System displays the customer number.

#### **KYC Review Details**

##### **Local Branch**

System displays the local branch code.

##### **First Name**

Specify the first name of the applicant.

##### **Middle Name**

Specify the middle name of the applicant.

##### **Last Name**

Specify the last name of the applicant.

##### **Date of Birth**

Specify date of birth of the applicant.

## Country

System displays the country code of the applicant.

## Nationality

Specify the nationality of the applicant.

System displays the following information:

- KYC Internal Status
- KYC Internal Remarks
- SDN Status
- SDN Remarks

Based on the KYC and SDN statuses and remarks the reviewer decides whether to move the task to the next stage,

Click 'Review' button to view all customer information and perform KYC and SDN checks. The KYC Review Screen (STSKYCMN) and SDN Review Screens (ORSSDNMN) are displayed.

The screenshot displays the 'KYC Maintenance Summary' window. At the top, there are search filters: 'Authorization Status' (dropdown), 'Record Status' (dropdown), 'KYC Reference' (text input with a search icon), 'Full Name of Customer' (text input with a search icon), 'KYC Customer Type' (dropdown), and 'Risk Level' (dropdown). Below these are 'Search' and 'Advanced Search' buttons, along with 'Refresh' and 'Reset' buttons. A table below shows a list of records with columns: 'Authorization Status', 'Record Status', 'KYC Reference', 'Full Name of Customer', 'KYC Customer Type', and 'Risk Level'. The table has 15 rows, with the first row highlighted. The 'Records per page' is set to 15, and the table shows '1 Of 1' records. At the bottom right, there is an 'Exit' button.

You can modify the KYC status and review based on the manual review done through KYC Review screen.

The screenshot shows a web application window titled "Alias Names Summary". At the top, there are input fields for "Name" and "Country", each with a small red icon to its right. To the right of these is a "Date of Birth" field with a calendar icon. Below the input fields are two buttons: "Search" (with a magnifying glass icon) and "Advanced Search". To the right of these are "Refresh" and "Reset" buttons. Below the search area, there is a pagination bar showing "Records per page 15", "1 Of 1", and a "Go" button. The main area is a table with three columns: "Name", "Date of Birth", and "Country". The table has 15 rows, each with a checkbox on the left. The table is currently empty. At the bottom right of the window is an "Exit" button.

Once reviewed the verifier provides the review status and remarks.

You can perform a check on the customer record based on the KYC Review and SDN Review screens and choose the internal KYC status and SDN status respectively based on the review.

## Step 4. External KYC Review

If the check box 'KYC Required' is checked, then the external agency performs the KYC check for the applicant.

The screenshot shows a 'KYC Review' window with a blue header and a close button (X) in the top right corner. The window contains the following fields and controls:

- Application Number:** 001005754
- Customer No:** 001005754
- KYC Review Details:**
  - Local Branch:** 001
  - First Name:** (empty field with a help icon)
  - Middle Name:** (empty field with a help icon)
  - Last Name:** (empty field with a help icon)
  - Date of Birth:** (empty field)
  - Country:** IN
  - Nationality:** IN
- KYC External Status:** No Match (dropdown menu)
- KYC External Remarks:** No Match (dropdown menu)
- SDN Status:** No Match (dropdown menu)
- SDN Remarks:** No Match (dropdown menu)
- Review:** (button)

A 'Cancel' button is located at the bottom right of the window.

You can review the KYC details displayed on the screen.

System displays the following information:

- KYC Internal Status
- KYC Internal Remarks
- SDN Status
- SDN Remarks

Based on the KYC and SDN statuses and remarks the reviewer decides whether to move the task to the next stage,

Click 'Review' button to view all customer information and perform KYC and SDN checks. The KYC Review Screen (STSKYCMN) and SDN Review Screens (ORSSDNMN) are displayed.

**KYC Maintenance Summary**

Authorization Status  Record Status   
KYC Reference  Full Name of Customer   
KYC Customer Type  Risk Level

Records per page 15 1 Of 1

<input type="checkbox"/>	Authorization Status	Record Status	KYC Reference	Full Name of Customer	KYC Customer Type	Risk Level

<input type="checkbox"/>			
<input type="checkbox"/>			
<input type="checkbox"/>			
<input type="checkbox"/>			
<input type="checkbox"/>			

Once reviewed the verifier provides the review status and remarks.

You can perform a check on the customer record based on the KYC Review and SDN Review screens and choose the external KYC status and SDN status respectively based on the review.

## Step 5. Underwriting

In this stage, the bank assesses the eligibility of the borrower for the requested loan offer, based on the analysis of the borrower's financial ratios and credit scores. The bank also obtains credit details from external agencies and field investigation agencies.

After ascertaining the eligibility of the customer, the bank provides a facility offer to the borrower and generates payment schedule and schedule details. The advices that are maintained for the stage are generated on completion of the stage.

In this stage, the bank also conducts vehicle evaluation based on the details that have been captured at the 'Application Entry' stage. This evaluation can be done with details from an external agency in the collateral tab.

### 1.18.16 Collateral Tab

You can carry out the evaluation of vehicles in the collateral tab. Here, the details provided as part of the 'Application Entry' stage are defaulted, which you can modify. The evaluation can be done by interfacing with external agencies.

The screenshot displays the 'Corporate Loan Underwriting Stage' window, specifically the 'Collateral' tab. The interface is divided into several sections for data entry:

- Top Section:** Contains fields for 'Application Category', 'Product Code', 'Description', 'Application Branch' (set to 001), 'Application Date' (2012-11-07), 'Lead Id', 'Enquiry ID', 'Application Number', 'User Reference', 'Priority' (Low), and 'Status' (New Application).
- Navigation Tabs:** A row of tabs includes 'Main', 'Details', 'Financials', 'Requested', 'Limits', 'Collateral' (highlighted in red), 'Credit Score', 'Bureau', 'Ratio', 'Loan', 'Component', 'Charges', 'Investigation', and 'Comments'.
- Collateral Details:** This section includes fields for 'Collateral Branch', 'Collateral Id', 'Collateral Description' (with a 'Default' button), 'Collateral Currency', 'Collateral Value', 'Start Date', 'End Date', 'Collateral Category', 'Collateral Type' (Normal), 'Linked Percentage', 'Number', 'Linked Amount', 'Haircut', 'Revaluation Date', 'Revision Date', 'Charge Type', 'Utilization Order', 'Commitment Product', and a 'Revalue Collateral' checkbox.
- Market Value Based:** Fields for 'Security Id', 'Units/Nominal Value', and 'Cap Amount'.
- Guarantor Based:** Fields for 'Guarantor Id' and 'Rating'.
- Vehicle Details:** Fields for 'Vehicle ID', 'Vehicle Number', 'Year', 'Make', 'Model', and 'Body'.
- Haircut Schedule:** A table with columns for 'Effective Date' and 'Haircut %'.
- Bottom Section:** Includes a 'Prev Remarks' field, a 'Remarks' field, an 'Outcome' dropdown menu, an 'Audit' button, and an 'Exit' button.

In this screen, capture the following details:

## **Vehicle Details**

You can modify the details of the vehicle which is to be evaluated in the fields listed below.

### **Identification Number**

Enter the unique identification number associated with the vehicle.

### **Year**

Specify the year of manufacture for the vehicle.

### **Make**

Specify the make of the vehicle.

### **Model**

Specify the vehicle model.

### **Body**

Specify the vehicle body details.

### **Usage**

Specify the mileage used by the vehicle till date.

You can retrieve vehicle details from an external agency either by specifying the identification number for the vehicle or all of the following fields:

- Year
- Make
- Model
- Body
- Usage

### **Valuation Source**

Select the valuation source from the adjoining drop-down list. The options are:

- INTERNAL
- NONE

Select 'INTERNAL' if you wish the evaluation to be done by interfacing with an external agency.

### **Status**

Select the status from the adjoining drop-down list. The options are:

- RECOMMENDED
- NOT RECOMMENDED
- COMPLETE
- NO DATA

The evaluation will be done only if the valuation source is selected as 'INTERNAL' and the status is 'RECOMMENDED'. For any other combination of values for the two fields, the system will display an error message and will not proceed with the evaluation till the values are set as specified above.

After entering the required details, select 'VERIFY' as the Outcome and click 'Save'. If you have indicated that evaluation should be done you will not be allowed to select 'PROCEED' or 'CANCEL' as the Outcome till the verification has been successfully done.

The system will display a message stating that the task is successfully completed on saving the record.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

**Acquire Successful**

Click 'Ok' to proceed to the next stage which will again be the underwriting stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Corporate Loan Underwriting Stage' screen.

The system will invoke the external valuation agency for vehicle evaluation. You can view the details in the collateral tab. In the collateral tab, click the 'Evaluate' button. The system will check for the data within the FLEXCUBE database. If there are none for the corresponding vehicle, it will try to obtain the details from the external agency and display them in the 'Vehicle Evaluator' screen.

The screenshot shows the 'Vehicle Evaluator' application window. It has a blue title bar with the text 'Vehicle Evaluator' and standard window controls. The main content area is divided into three sections: 'Vehicle Details', 'Vehicle Valuations', and 'Vehicle Attributes'. The 'Vehicle Details' section contains input fields for 'Valuation Source' (set to 'INTERNAL'), 'Model', 'Identification Number', 'Body', 'Year', 'Usage', and 'Make'. The 'Vehicle Valuations' section contains input fields for 'Wholesale Value', 'Retail Value', 'Usage Value', 'Attribute Value', and 'Total Value'. The 'Vehicle Attributes' section features a table with columns 'Attribute Description', 'Attribute Code', 'Attribute Value', and 'Package Included'. Above the table are navigation controls including arrows, a search box with '10f1' entered, and a 'Go' button. At the bottom right of the window are 'Ok' and 'Exit' buttons.

Attribute Description	Attribute Code	Attribute Value	Package Included

In this screen, you can view the information available for the vehicle based on the information provided by you. If the information in this screen matches the details available in the system database for the same vehicle, the status is updated to 'COMPLETED' in the collateral tab. If it does not match, then the status is updated to 'NO DATA'.

Once the verification is completed, you can select the Outcome as 'PROCEED' and move to the next stage.

For more details on capturing Collateral details, refer the chapter titled 'Maintaining Collateral Details' in Enterprise Limits and Collateral Management user manual.

### 1.18.17 Credit Score Tab

The credit score tab is used to calculate the credit score details of the customer. You can also interface with external Credit engines and display recommendations and report.

Internal Credit engine obtains information from customer and calculates credit score and displays system recommendation.

The screenshot displays the 'Corporate Loan Underwriting Stage' window. At the top, there are input fields for 'Application Category' (COP1), 'Product Code' (COP1), 'Description' (NormalBearing), 'Application Branch' (001), 'Application Date' (2012-11-07), 'Lead Id', 'Enquiry ID', 'Application Number' (CorporateLending4806), 'User Reference' (001COP112312007), 'Priority' (Low), and 'Status' (Underwriting). Below these is a tabbed interface with 'Credit Score' selected. The 'Internal Credit Rating' section shows a table with columns 'Category', 'Question', and 'Answer'. One row is visible with Category 'MON\_INCOME', Question 'Monthly Income ?', and Answer '>500001<700000'. To the right of this table, there are fields for 'Rule Id' (CRULE1), 'Grade' (NONE), and 'Score' (80), along with a 'Calculate' button. Below the table is a 'Risk Factor Details' section with a table for 'Risk Factor' and 'Score'. At the bottom of the window, there is a 'Prev Remarks' field, a 'Remarks' field, an 'Audit' button, an 'Outcome' dropdown set to 'PROCEED', and an 'Exit' button.

The set of questions used to assess the credit rating of a prospective loan customer, associated Rule Id are displayed in this screen. You can specify the following details here:

#### **Answer**

Specify the answer to be associated with the question used for calculating the credit score.

## Risk Factor

Specify the risk factor associated with the loan, if any.

## Description

Specify a suitable description for the risk factor associated with the loan.

Click 'Calculate' button to calculate the credit score and the grade, based on the formula maintained for calculating the credit score. The 'Grade' and the 'Score' are displayed based on this calculation.

### 1.18.18 Ratio Tab

In the 'Ratio' tab, the system calculates the stated and actual income/debt ratios and also calculates the ratio based on 'What if payment amount'.

The screenshot displays the 'Corporate Loan Underwriting Stage' window, specifically the 'Ratio' tab. The interface includes a top navigation bar with tabs: Main, Details, Financials, Requested, Limits, Collateral, Credit Score, Bureau, Ratio (selected), Loan, Component, Charges, Investigation, and Comments. Below the tabs, there are input fields for 'Application Category' (CORP\_1), 'Product Code' (COP1), 'Description' (NormalBearing), 'Application Branch' (001), and 'Application Date' (2012-11-07). To the right, there are fields for 'Lead Id', 'Enquiry ID', 'Application Number' (CorporateLending4806), 'User Reference' (001COP112312007), 'Priority' (Low), and 'Status' (Underwriting). The main area is divided into two sections: 'Stated' and 'Actual'. The 'Stated' section shows 'Assets' (40,000.00) and 'Liabilities' (20,000.00). The 'Actual' section shows 'Assets' (10,000.00) and 'Liabilities' (500.00). Below these, there is a 'What if Payment Amt' field (2,000.00) and a 'Calculate' button. A 'Ratios' table is displayed, showing 'Ratios \*', 'Stated Before', 'Stated After', 'Actual Before', and 'Actual After'. The table has one row for 'IDR' with values .5, .55, .05, and .25. At the bottom, there is a 'Remarks' section with a 'Prev Remarks' button, a 'Remarks' text area, an 'Audit' button, an 'Outcome' dropdown (PROCEED), and an 'Exit' button.

Ratios *	Stated Before	Stated After	Actual Before	Actual After
IDR	.5	.55	.05	.25

The stated income and debt of the customer are displayed here. You can capture the following additional details here.

## Actual

### Monthly Income

Specify the actual monthly income of the customer based on documentary proof provided.

### Monthly Debt

Specify the actual monthly debt of the customer based on documentary proof provided.

Click 'Calculate Ratios' button to calculate the asset/ liability ratios for the customer.

### What if Pmt Amt

Specify the EMI amount that the customer is ready to pay.

Click on the 'Calculate' button to calculate the ratio has to be specified

## 1.18.19 Bureau Tab

You can interface with external credit bureaus and view report obtained from them in 'Bureau' tab.

The screenshot displays the 'Corporate Loan Underwriting Stage' application window. The top section contains input fields for Application Category (CORP\_1), Product Code (COP1), Description (NormalBearing), Application Branch (001), Application Date (2012-11-07), Lead Id, Enquiry ID, Application Number (CorporateLending4806), User Reference (001COP112312007), Priority (Low), and Status (Underwriting). Below these fields is a horizontal tabbed menu with options: Main, Details, Financials, Requested, Limits, Collateral, Credit Score, Bureau (selected), Ratio, Loan, Component, Charges, Investigation, and Comments. The 'Bureau' tab is active, showing the 'External Credit Rating' section. This section includes a 'Request ID' field (1034), an 'External Agency' field (1434), a 'Score' field, a 'Recommended' dropdown menu (Not Recommended), a 'Status' dropdown menu (Not Required), and a 'Remarks' field. At the bottom of the window, there are buttons for 'Documents', 'Trade In', 'KYC Review', 'Customer Dedupe', 'Loan Dedupe', 'Customer MIS', 'Customer Account MIS', 'Customer/Account Fields', 'Vehicle Evaluator', and 'Bureau Report'. Below these buttons are 'Prev Remarks' and 'Remarks' fields, an 'Audit' button, an 'Outcome' dropdown menu (PROCEED), and an 'Exit' button.

The credit agencies and the bureaus maintained for the Application Category are displayed in this screen: You can capture the remarks and recommendations from these agencies in this tab. You can also view the credit report obtained from the agencies and bureaus.

### External Credit Rating

#### Request ID

System displays the request ID.

#### External Agency

The external credit agencies maintained for the Application Category in 'Application Category Maintenance' are displayed here.

#### Score

Specify the score associated with the rating.

## Recommended

Select the recommendation of the credit agency for the loan requested from the following options provided in the drop-down list:

- Recommended
- Not Recommended

## Remarks

Specify remarks, if any, associated with the loan application.

### 1.18.19.1 Viewing Credit Bureau Report

You can view the credit bureau report by the external agency by clicking 'Bureau Report' button in 'Corporate Loan Underwriting' screen.

System displays the 'Credit Bureau Report' screen where you can view the details.

The screenshot shows a window titled "Credit Bureau Report". At the top, there are input fields for "Application Number", "Requested Id", "Customer No", and "External Agency". Below these is a "Report Header" section with fields for "Bureau", "First Name", "MiddleName", "Last Name", "Birth Date", "Credit Report Id", "Report Date", "Unique Id", and "On File Date". There is a checkbox labeled "Best Match". Below the header is a tabbed interface with tabs: "Summary 1", "Summary 2", "Trade Lines", "Public Records", "Collections", "Fraud Messages", "Inquiries", "Also Known As", "Consumer Statement", and "Credit Scores". The "Summary 1" tab is selected. Below the tabs, there are three columns of input fields labeled "Life", "Recent", and "Open". Each column has fields for "Chapter7", "Chapter11", "Chapter13", and "Total". At the bottom right, there are "Ok" and "Cancel" buttons.

### 1.18.19.2 Capturing Loan MIS Details

You can capture the Loan MIS details by clicking 'Loan MIS' button in 'Corporate Loan Underwriting' screen. System displays the 'Loan MIS' screen where you can capture the details.

### 1.18.19.3 Capturing Loan UDF Details

You can capture the Loan UDF details by clicking 'Loan Fields' button in 'Corporate Loan Underwriting' screen. System displays the 'Loan UDF' screen where you can capture the details.

The screenshot shows a window titled "Loan Fields" with a blue header bar. Below the header, there are four input fields arranged in a 2x2 grid: "Application Number", "Product Code", "Loan Account", and "Loan Account Branch". Each field has a red asterisk next to it. Below these fields, there are two sections: "Character Fields" and "Number Fields". Each section contains two columns of input fields. The "Character Fields" section has 10 rows in each column, and the "Number Fields" section has 10 rows in each column. Each input field has a small icon to its right. At the bottom right of the window, there are "Ok" and "Cancel" buttons.

## 1.18.20 Investigation Tab

In this tab, the system captures the field investigation details associated with the customer.

The screenshot displays the 'Corporate Loan Underwriting Stage' window, specifically the 'Investigation' tab. The window has a title bar with a diamond icon and standard window controls. Below the title bar is a toolbar with 'Save' and 'Hold' buttons. The main area is divided into two sections. The top section contains form fields for application details: 'Application Category' (COP\_1), 'Product Code' (COP1), 'Description' (NormalBearing), 'Application Branch' (001), 'Application Date' (2012-11-07), 'Lead Id', 'Enquiry ID' (with a 'Default' button), 'Application Number' (CorporateLending4806), 'User Reference' (001COP112312007), 'Priority' (Low), and 'Status' (Underwriting). The bottom section is a table with columns 'Verification Type' and 'Agency \*'. The table has a toolbar with '1 of 1', 'Add', 'Delete', and 'Print' buttons. Below the table is a 'Remarks' field. At the bottom of the window is a footer bar with 'Prev Remarks', 'Remarks', 'Audit', 'Outcome' (PROCEED), and 'Exit' buttons. A navigation bar at the top of the main area includes tabs: Main, Details, Financials, Requested, Limits, Collateral, Credit Score, Bureau, Ratio, Loan, Component, Charges, Investigation (selected), and Comments. A secondary navigation bar below it includes: Documents, Trade In, KYC Review, Customer Dedupe, Loan Dedupe, Customer MIS, Customer Account MIS, Customer/Account Fields, Vehicle Evaluator, Bureau Report, Loan MIS, and Loan Fields.

The following details related to the customer can be captured here:

- Verification Type
- Verification agency

You can view the investigation report associated with the customer by clicking the 'Report' button.

## 1.18.21 Loan Tab

In the 'Loans' tab, the system displays the list of the multiple loan offers that are attached to the application category specified. If you have selected an 'Enquiry ID' for the customer, then the loan details that have been stored for the corresponding loan proposal are displayed here. You can modify these details, if required.

Specify the following details:

### Pricing

#### **Pricing ID**

You can select & apply any one of the Pricing rule available under a pricing group linked to Application category. Each pricing rule will auto select the best matched Loan Proposal for the requested loan application among the available offers for the application category. You can either proceed with the system selected offer or can select any other offer for the loan based on the requirement.

If the pricing is not maintained for the application category, then on clicking the 'Apply' button, the pricing and the offer will not apply for the loan.

### Multiple Offers

#### **Offer ID**

Specify the offer ID.

**Number of Instalments**

Specify the number of instalments for the loan.

**Frequency**

Specify the frequency of the instalment.

**Unit**

Select the unit of the instalment from the adjoining drop-down list.

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

**Rate**

Specify the rate for the loan.

**Rate Code**

Specify the rate code. The adjoining option list displays all the valid rate code. Select the appropriate one.

**Check**

System displays this option as checked if this option is selected at application category level. If this check box is not checked, you can check this box to apply for the new offer.

Click 'Apply' button to apply the specified information.

**Loan Details****Loan Account Number**

Specify the loan account number.

**Loan Branch**

Specify the loan branch.

**Loan Currency**

Specify the loan currency.

**Loan Amount**

Specify the loan account.

**Down Payment**

Specify the downpayment done for the loan.

**Value Date**

Specify the value date for the loan.

**Maturity Date**

Specify the maturity date of the loan.

**Instalment Start Date**

Specify the instalment start date of the loan from the adjoining calendar.

**Status Change Mode**

Select the status change mode from the adjoining drop-down list.

- Auto
- Manual

**Close Collateral**

Check this box to close collateral.

**No of Instalments**

Specify the number of instalments for the loan.

**Frequency**

Specify the frequency of the instalment.

**Unit**

Select the unit of the instalment from the adjoining drop-down list.

- Daily
- Weekly
- Monthly
- Quarterly
- Half Yearly
- Yearly

Click 'Apply' button to apply the specified information.

**Effective Date****Effective Date**

Specify the effective date of the loan from the adjoining calendar.

**User Defined Element Values****User Defined Element ID**

Specify the user defined element ID. The adjoining option list displays all valid user defined element IDs. You can select the appropriate one.

**User Defined Element Value**

Specify the User Defined element value.

**Rate Code**

Specify the rate code for the loan. The adjoining option list displays all valid rate codes. You can select the appropriate one.

## **Code Usage**

Select the code usage from the adjoining drop-down list. The options available are:

- Periodic
- Automatic

## **Resolved Value**

When you click Apply Button in the Financial Section, the system calculates the resolved value.

## **Intermediary**

### **Intermediary Code**

Specify the intermediary code. The adjoining option list displays all valid intermediary codes. You can select the appropriate one.

### **Intermediary Ratio**

System displays the intermediary ratio.

The details related to the loan offer like the number of installments, frequency, unit, interest rate etc. are displayed here. Select the required offer by clicking the 'Check' option and click then click the 'Apply' button to apply the selected loan offer. The details corresponding to the selected loan offer are displayed in 'Loan Details' section. You can modify these details, if required, and click 'Apply' button to calculate the schedule details.

The payment schedules are derived based on the offer selected.

You can select only one loan offer in this screen.

## 1.18.22 Component Tab

In 'Component' tab, the system calculates and displays the component details based on the loan offer selected. If you have selected an 'Enquiry ID' for the customer, then the schedule details that have been stored for the corresponding loan proposal are displayed here. You can modify them, if required.

The screenshot displays the 'Corporate Loan Underwriting Stage' application window. At the top, there are input fields for 'Application Category' (CORP12), 'Product Code' (LCL1), 'Description' (Home Loans), 'Application Branch' (007), 'Application Date' (2008-01-15), 'Lead Id', 'Enquiry ID' (Default), 'Application Number' (CorporateLending3722), and 'User Reference' (007LCL108015002). Below these are dropdowns for 'Priority' (Low) and 'Status' (Underwriting). A horizontal tab bar includes 'Main', 'Details', 'Financials', 'Requested', 'Limits', 'Collateral', 'Credit Score', 'Bureau', 'Ratio', 'Loan', 'Component' (highlighted in red), 'Charges', 'Investigation', and 'Comments'. The 'Component' tab contains fields for 'Component Name', 'Component Currency', 'Liquidation Mode' (Auto), and checkboxes for 'Main Component', 'Capitalized', 'Waive', and 'Verify Funds'. To the right of these are buttons for 'Disbursals', 'Explode', and 'Schedule Details'. Below the tab bar is a 'Details' section with a table. The table has columns: 'Start Date', 'End Date', 'Amount', 'EMI Amount', 'Capitalized', 'Waive', 'Compound Days', 'Compound Months', 'Compound Years', 'Days in Month', and 'Years'. The table is currently empty. At the bottom of the window, there is a 'Prev Remarks' field, a 'Remarks' field, an 'Audit' button, an 'Outcome' dropdown, and an 'Exit' button. A footer bar contains various menu items like 'Documents', 'Trade In', 'KYC Review', etc.

The following details related to the schedule are displayed here:

- Component name
- Schedule type
- First due date
- Number
- Frequency
- Unit
- Amount

For each component of the components listed, the system calculates and displays the details like the Due Date, Amount Due, EMI Amount and Amortized Principal.

You can specify the following schedule related details:

### **Compound Days**

Specify the number of compound days.

### Compound Months

Specify the number of compound months.

### Compound Years

Specify the number of compound years.

### Years

Select the actual number of days for the year from the adjoining drop-down list. You can select one of the following options:

- 360
- 365
- Actual

### Days in Month

Select the number of days that would constitute a month for calculation from the adjoining drop-down list. You can select one of the following options:

- 30 (euro)
- 30 (US)
- Actual

#### 1.18.22.1 Disbursal Details

You can capture the Loan Disbursal schedules details in 'Disbursals' screen. You can invoke this screen by clicking 'Disbursement Details' button.

The screenshot shows the 'Disbursals' window in Oracle. At the top, there's a header bar with the title 'Disbursals'. Below it, there are two input fields: 'Application Number' with the value 'CorporateLending4806' and 'Component Name' with the value 'MAIN\_INT'. The main area is divided into two sections. The first section, 'Disbursals', has a table with four columns: 'Schedule Date', 'Total Disbursement Amount', 'Amount To Disburse', and 'Already Disbursed Amount'. The second section, 'Split Details', has a table with six columns: 'Split Sequence No', 'Split Percent (%)', 'Split Amount', 'Payment Mode', 'Settlement Branch', and 'Settlement Account Number'. Both sections have a 'Go' button and a list of items. The bottom of the window has 'Ok' and 'Cancel' buttons.

The following details related to the Loan Disbursal schedules can be captured here:

- Schedule Date
- Total Disburse Amount
- Amount to Disburse
- Already Disbursed Amount

The following Disbursal Schedule's Split Details can be captured here:

- Split Sequence No
- Split Percentage
- Split Amount
- Payment Mode
- Settlement Branch
- Settlement Account Number
- Account Description
- Customer & Settlement Currency

### 1.18.22.2 Viewing Schedule Details

You can view the modified schedule details 'Schedule details' screen. You can invoke this screen by clicking 'Schedule Details' button.

The screenshot shows a window titled "Schedule Details" with a close button (X) in the top right corner. At the top, there are two input fields: "Application Number" with the value "MAIN\_INT" and "Component Name" with the value "MAIN\_INT". Below these is a section labeled "Details" containing a table. The table has a header row with the following columns: "Due Date", "Amount Settled", "Amount Due", "EMI amount", "Amortized Principal", "Accrued Amount", and "Capitalize". The table contains several rows of data, with the first row having a checked checkbox in the "Due Date" column. The table is scrollable, and there are navigation buttons (back, forward, search) and a "Go" button above it. At the bottom right of the window are "Ok" and "Cancel" buttons.

Due Date	Amount Settled	Amount Due	EMI amount	Amortized Principal	Accrued Amount	Capitalize
2012-12-07						
2013-01-07						
2013-02-07						
2013-03-07						
2013-04-08						
2013-05-07						

### 1.18.23 Charges Tab

In 'Charges' tab, the system calculates and displays charges, if any applicable.

The screenshot shows the 'Corporate Loan Underwriting Stage' window. At the top, there are input fields for 'Application Category' (CATEGORY1), 'Product Code' (COP1), 'Description', 'Application Branch' (001), 'Application Date' (2012-11-07), 'Lead Id', 'Enquiry ID', 'Application Number' (CorporateLending4381), 'User Reference' (001COP112312005), 'Priority' (Low), and 'Status' (Underwriting). Below these is a tabbed interface with 'Charges' selected. The 'Charges' tab shows fields for 'Component Name', 'Component Currency', and 'Effective Date', with a 'Waive' checkbox. At the bottom, there is a 'Prev Remarks' field, a 'Remarks' field, an 'Audit' dropdown menu, and an 'Exit' button.

The system calculates and displays the charge details associated with the loan.

The following details are displayed:

- Component Name
- Component Currency
- Effective Date

#### **Waive**

Check this box to waive the charges associated with the loan.

## 1.18.24 Comments Tab

In this tab, you can capture the comments by the users.

**Corporate Loan Underwriting Stage**

Prev Remarks Remarks Audit Outcome **PROCEED** Exit

You can capture the following details:

### **Serial No**

Specify the serial number of the comment.

### **Comments**

Specify comments, if any, to be associated with the loan application.

### **Comments By**

The system displays the commenter's ID.

### **Comment Date**

Specify the date on which the comment was given or select the date by clicking the 'Calendar' icon.

If the underwriting stage is successfully completed, the underwriter can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The underwriter can select 'REJECT' to return the process to previous stage for data correction or 'CANCEL' to terminate the process. The underwriter can choose the outcome as VERIFY if the credit bureau or vehicle evaluator details are included.

On successful completion a message, stating that the task is successfully completed, gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

**Acquire Successful**

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Corporate Loan Approval' screen.

## Step 6. Loan Approval

In the Loan Approval stage, the approver verifies the loan application, analyzes the applicant's financial status, credit rating and field investigation reports and based on the credit worthiness of the customer approves the loan offered to the customer.

The approver can send the application back to the previous stage if the information provided is not adequate or choose to cancel it if the information captured is not satisfactory.

If the application details are verified successfully, the approver can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The approver can select 'RETURN' to return the process to previous stage for data correction or 'CANCEL' to terminate the process.

On successful completion, a message stating that the task is successfully completed gets displayed.

To acquire the next stage, you need to go to the 'Task' menu and select 'Assigned' under 'Standard' option. All tasks that have been successfully completed are listed in the right side of the screen. Select the checkbox against your 'Workflow Ref No' and click 'Acquire' button at the top of the screen to acquire the next stage of the task.

The following message gets displayed on successful acquisition of the task.

**Acquire Successful**

Click 'Ok' to proceed to the next stage. To select the acquired task for the next stage, select 'Acquired' under 'Standard' option in the 'Task' menu. All the tasks that have been successfully acquired are displayed in the right side of the screen. Search for your workflow reference number and click the 'Workflow Ref No' to open 'Corporate Loan Document Verification' screen.

Any advices maintained for this stage are generated after the completion of the stage.

## Step 7. Document Verification

In the Document Verification stage, the documents captured in the previous stages are verified. It is ensured that all documents in the checklist maintained are obtained from the customer. In this stage, the application and applicant information captured as part of the previous stages undergoes a final verification.

The verifier can choose to send the application back to the previous

stage if the information provided is not adequate or choose to cancel it if the information captured is not satisfactory.

If the applicant, application and document details are verified successfully, the verifier can proceed with the processing of the application by selecting 'PROCEED' as the Outcome. The verifier can select 'RETURN' to return the process to underwriting stage for data correction or 'CANCEL' to terminate the process.

On successful completion, a message stating that the task is successfully completed gets displayed. The customer, customer account, collateral, facility etc. are created in the system on completion of the Document verification stage.

## **Step 8. Manual Retry**

This stage is optional. Task will be moved to this stage only when the system is unable to create Customer/ Customer Account/ Liability/ Facility/ Collateral/ pool/ Loan. You can make the necessary changes & retry. You can select the outcome as 'PROCEED'.

## 2. Reports

### 2.1 Introduction

This chapter deals with the various BIP reports that are available for the corporate loan origination process. The reports that are available are:

- Prefunding Contract Report
- Funded Contracts Report
- Credit Application By User Report
- Underwriting Status By Month and Intermediary Report
- Underwriting Status By Month and Underwriter Report
- Underwriting Status By Month Report

To generate any of these reports choose Reports in the Application Browser. Choose Corporate Lending under it. A list of all the reports in Corporate Lending module will be displayed. You can choose to view or print the report.

The selection options that you specified while generating the report are printed at the beginning of every report.

### 2.2 Prefunding Contract Report

This report lists out all the applications verified for loans. You can invoke the 'Prefunding Contract' screen by typing 'CLRPPFCR' in the field at the top right corner of the Application tool bar and clicking on the adjoining arrow button.

The screenshot shows a window titled "Prefunding Contract" with a standard Windows-style title bar (minimize, maximize, close buttons). The window contains a form for generating a report. The form has the following fields and controls:

- Prefunding Contracts Report**: A label at the top of the form area.
- Branch**: A text input field with a small red arrow icon to its right.
- From Date**: A text input field with a calendar icon to its right.
- To Date**: A text input field with a calendar icon to its right.
- Report Format**: A dropdown menu currently set to "PDF".
- Report Output**: A dropdown menu currently set to "Print".
- Printer At**: A dropdown menu currently set to "Client".
- Printer**: A text input field with a small red arrow icon to its right.

At the bottom right of the window, there are two buttons: "Ok" and "Cancel".

Specify the following details:

#### **Branch**

Specify the branch for which you wish to generate the report. You can also select the branch from the adjoining option list. The list contains all the valid branches maintained in the system.

**From Date**

Specify, from the adjoining calendar button, the date from which you require details.

**To Date**

Specify, from the adjoining calendar button, the date till which you require details.

Click 'OK' button to generate the report. Click 'Exit' to return to the Reports Browser.

**2.2.1 Contents of the Report**

The contents of the report are discussed under the following heads:

**Header**

The Header carries the Report Name, Run Date and Time, Branch and the Period for which the report is generated.

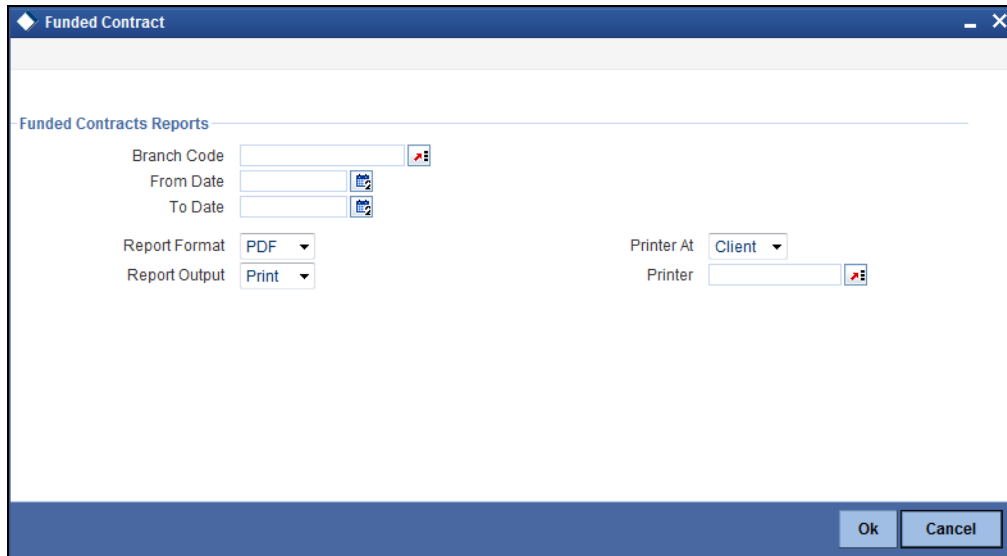

**Body of the Report**

The following details are displayed in the report:

Field Name	Field Description
Branch	This is the branch code
Application Number	This is the application number
Stage	This is the stage at which the application lies
Application Date	This is the date of application
Currency	This s the currency of the contract
Product	This indicates the product for the contract
Value Date	This indicates the value date of the contract
Loan Amount	This indicates the loan amount
Contract Date	This indicates the contract date
Contract Interest	This indicates the rate of interest
Contract Term	This indicates the duration of the contract
Branch Total	This indicates the total number of records for the branch

## 2.3 Funded Contracts Report

This report lists the applications funded for the loan. You can invoke the 'Funded Contract' screen by typing 'CLRPFNCR' in the field at the top right corner of the Application tool bar and clicking on the adjoining arrow button.

Specify the following details:

### **Branch Code**

Specify the branch for which you wish to generate the report. You can also select the branch from the adjoining option list. The list contains all the valid branches maintained in the system.

### **From Date**

Specify, from the adjoining calendar button, the date from which you require details.

### **To Date**

Specify, from the adjoining calendar button, the date till which you require details.

Click 'OK' button to generate the report. Click 'Exit' to return to the Reports Browser.

### 2.3.1 Contents of the Report

The contents of the report are discussed under the following heads:

#### **Header**

The Header carries the Report Name, Run Date and Time, Branch and the Period for which the report is generated.

#### **Body of the Report**

The following details are displayed in the report:

Field Name	Field Description
------------	-------------------

Field Name	Field Description
Branch	This is the branch code
Application Number	This is the application number
Stage	This is the stage at which the application lies
Application Date	This is the date of application
Currency	This s the currency of the contract
Product	This indicates the product for the contract
Value Date	This indicates the value date of the contract
Loan Amount	This indicates the loan amount
Interest	This indicates the interest rate for the loan
Term	This indicates the duration of the contract
Branch Total	This indicates the total number of records for the branch
Maker	This indicates the user ID of the maker of the application

## 2.4 Credit Application By User Report

This report lists out the number of credit applications entered by the user. You can invoke the 'Credit Application By User' screen by typing 'CLRPCAUR' in the field at the top right corner of the Application tool bar and clicking on the adjoining arrow button.

**Credit Application By User**

**User**

Specify the Id of the user for which you wish to generate the report. You can also select the ID from the adjoining option list. The list contains all the valid users maintained in the system.

**Branch**

Specify the branch for which you wish to generate the report. You can also select the branch from the adjoining option list. The list contains all the valid branches maintained in the system.

**From Date**

Specify, from the adjoining calendar button, the date from which you require details.

**To Date**

Specify, from the adjoining calendar button, the date till which you require details.

Click 'OK' button to generate the report. Click 'Exit' to return to the Reports Browser.

**2.4.1 Contents of the Report**

The contents of the report are discussed under the following heads:

**Header**

The Header carries the Report Name, Run Date and Time, Branch, User ID and the Period for which the report is generated.

**Body of the Report**

The following details are displayed in the report:

Field Name	Field Description
Branch	This indicates the branch code
Product	This indicates the product code under which the application is made
Application Number	This indicates the credit application number
Stage	This indicates the stage at which the application lies
Application Date	This indicates the date on which the application was made
Contract Date	This indicates the contract date
Contract Currency	This is the currency of the contract
Contract Amount	This is the amount of the contract
Contract Term	This is the total term of the contract
Contract Interest	This is the interest applicable to the contract
Total	This indicates the total number of records for the branch

## 2.5 Underwriting Status By Month and Intermediary Report

This report lists application status by month and producer for loans. You can invoke the 'Underwriting Status By Month and Intermediary Report' screen by typing 'CLRPUNMI' in the field at the top right corner of the Application tool bar and clicking on the adjoining arrow button.

## 2.7 Underwriting Status By Month Report

This report lists application status by the month for loans. You can invoke the 'Underwriting Status By Month Report' screen by typing 'CLRPUNMN' in the field at the top right corner of the Application tool bar and clicking on the adjoining arrow button.

Specify the following details:

### **Branch**

Specify the branch for which you wish to generate the report. You can also select the branch from the adjoining option list. The list contains all the valid branches maintained in the system.

### **From Date**

Specify, from the adjoining calendar button, the date from which you require details.

### **To Date**

Specify, from the adjoining calendar button, the date till which you require details.

Click 'OK' button to generate the report. Click 'Exit' to return to the Reports Browser.

### 2.7.1 Contents of the Report

The contents of the report are discussed under the following heads:

#### **Header**

The Header carries the Report Name, Run Date and Time, Branch, Intermediary Code, Month for which report is being generated and the Period for which the report is generated.

## Body of the Report

The following details are displayed in the report:

Field Name	Field Description
Branch	This is the branch
Product code	This is the product code
Application Number	This is the loan application number
