

SHARP®

RK66A 27" Built-In Kit

Product Information

The Sharp RK66A 27" Built-in Kit, in black, provides stability and support for Sharp Convection Microwave Ovens as well as an attractive custom fit for your cabinets. It is compatible with Sharp 1.5 cu. ft. convection microwave ovens with side opening doors, including the R-930AK and R-9H76, converting these models from countertop units to built-in units and freeing up counter space.

- Black 27-inch built-in kit
- Compatible with Sharp 1.5 cu. ft. convection microwave ovens with side opening doors, including the R-930AK and R-9H76
- Transforms a countertop unit into a built-in unit
- Adds support and stability to microwave once installed
- Blends microwave into the surrounding cabinetry for a more attractive façade
