HALOGEN LAMP WARNING!

This fixture is fitted with halogen lamps which are highly susceptible to damage if improperly handled. Never touch lamp with bare fingers as the oil from your hands will shorten lamp life. Also, never move fixture until lamp has had ample time to cool. Remember, lamps are not covered under warranty conditions.

Thank you for purchasing the Color gem™ by American DJ®. For your convenience the Color gem™ has been lamped and is ready to be used, there is no assembly required. Please read the following instructions before installing or using your new Color gem™.

Operating Instructions:

Unit is ready to be hung or set on flat surface. Unit will react to bass sound of music via the internal microphone. The Color gem™ features automatic gain control allowing precise sound movement.

For best results, we suggest using fog or special effects smoke when using this unit. This will enhance the effect allowing you to see the beams of light.

Caution! Never open unit when in use. Always disconnect main power before servicing or replacing lamp. Remember always replace same type lamp and fuses.

Lamp replacement: Remove phillip screws on bottom of unit and open trap door. Disconnect lamp from socket. Remove and replace lamp. For service contact your American DJ® dealer.
