SURF THE WEB, DOWNLOAD MP3s, EMAIL YOUR FRIENDS OR CHAT ONLINE WITH THE WEBMASTER

INTERNET MADE EASY

Getting on the Internet – and staying there – should be fun. That's the thinking behind the NetComm WebMaster. Australia' s leading modem manufacturer will make your Internet experience the best it can be.

DON'T STOP THE MUSIC

If you're into music, your MP3 downloads will fly when you use the WebMaster. If you've been using a 28.8 modem, you won't believe it when your WebMaster does the job in half the time. So why wait? Enjoy your music faster today.

PLAY GAMES AT FULL TILT

As the pace of online games hots up, you don't want to be left behind. With this NetComm modem, you're right up there – out in front with the leaders in speed and drop-out-free reliability

FULLY VOICE CAPABLE*

Your new WebMaster modem can be set up as an answering machine with individual voice mail boxes to take voice messages for you. All you need is a sound card installed in your PC, a microphone and Voice Mail software.*

*Sound card, microphone and Voice Mail software not included.

SHOP WITH NO DROP

Shopping online is great – unless it's delayed by slow downloads or by drop-outs due to a poor quality modem. With this NetComm modem, you'll whizz down the virtual aisles and hang on to your cart – making online shopping a real time-saver!

BANKING YOU CAN RELY ON

Internet banking can be a real time-saver too. With the WebMaster, you can access your bank account details (if your bank offers the service) and pay your bills as reliably as if you were in the bank in person.

GET MORE OUT OF YOUR HOME OFFICE

When you work from home, you need a fast, no-fuss, reliable connection to the Internet. And, with this NetComm WebMaster, you can rest easy because it delivers all that and more.

GET THE FAX – WHEREVER YOU ARE

Online faxing is the fastest and easiest way to send and receive faxes – wherever you happen to be. With this NetComm modem you can make the most of online faxing by accessing your faxes at top speed.
