Inks

Inks for the Phaser 140 are specially formulated for maximum brilliance with minimum bleeding into the paper. The inks are supplied in separate, snap-in cartridges so you only replace ink cartridges you use.

Six-pack of cartridges

Black	**016-1333-00**
Cyan	**016-1334-00**
Magenta	**016-1335-00**
Yellow	**016-1336-00**

Single Cartridges

Black	**016-1333-20**
Cyan	**016-1334-20**
Magenta	**016-1335-20**
Yellow	**016-1336-20**

Paper

Ink-jet Paper (coated)
Our coated paper is specially formulated to bring out the brightest colors on a low-cost paper.

Letter (A) 8.5 x 11 in.
200 sheets per pack   016-1346-00

A4 210 x 297 mm
200 sheets per pack   016-1347-00

Glossy Paper
When your prints have to impress people the most, use Tektronix Glossy Paper. It gives your reports and your presentations that extra special look.

Letter (A) 8.5 x 11 in.
50 sheets per pack   016-1348-00

A4 210 x 297 mm
50 sheets per pack   016-1349-00

Film

Transparency Film
Tektronix transparency film is formulated for optimum ink adhesion, bright color projection, and consistent, even coverage. Results? Your overhead presentations steal the show.

Letter (A) 8.5 x 11 in.
50 sheets per pack   016-1350-00

A4 210 x 297 mm
50 sheets per pack   016-1351-00

Back-print Film
Use back-print film to create attention-getting back-lighted displays. The film is durable and produces top-quality prints.

Letter (A) 8.5 x 11 in.
25 sheets per pack   016-1352-00

A4 210 x 297 mm
25 sheets per pack   016-1353-00

RAM Upgrade

Adding RAM SIMMs to the standard RAM in your Phaser 140 increases the printer's power and performance. With a 4-Mbyte upgrade (total of 12 Mbytes), you can print on Legal-size/ A4 Special-size paper. With a 16-Mbyte upgrade (total of 24 Mbytes), you can print on paper up to 8.5 x 22 inches (210 x 556 mm). Plus the printer processes images faster, has a larger input buffer and can hold more downloadable fonts.

4-Mbyte RAM SIMM	**4690F4M**
16-Mbyte RAM SIMM	**4685F16**

Ethernet Card

This SIMM-style upgrade gives your printer EtherTalk and Novell protocol capabilities. With the card installed, you can also upgrade your printer to TCP/IP protocols.

Ethernet card	**4686FP1**
add TCP/IP protocols	
(requires 4686FP1)	**4686FP2**
