# LED Middle of The Night Light

The versatility and performance power of LED technology shine in the home safety product line from SYLVANIA. It's four lights in one: motion sensor light, portable flashlight, power failure light and nightlight. This easy to use motion sensor light gives anyone a reliable light source and continued peace of mind.

## Features & Benefits

- 4 functions in one
  - Motion sensor light
  - Portable flashlight
  - Power failure light
  - Nightlight
- 3 super bright white LEDs
- Operated by 3 x AAA batteries (included)
- Retractable Plug
- 90° swivel lens gives great aiming flexibility
- Voltage: 120Vac, 4.5Vdc

## Applications

- Basement stairway
- Bathroom
- Bedroom
- Emergency back-up light
- Hallway
- Nightlight

## Dimensions

Length 2.5 in.  
Width 2 in.  
Height 3.5 in.

## Operating Modes

**ON Mode:** Night Light is on at full power (all 3 LEDs are ON and Photo & motion sensors are OFF).

**Auto Mode with Night Light (AT1):** Center LED turns on at half power during night time. When motion sensor is activated all 3 LEDs turn on at full power. After 10 seconds, outer LEDs turn off while center LED goes back to half power. At night during power outage, center LED blinks at full power indicating loss of power. All 3 LEDs turn on to full power when motion sensor is activated. After 10 seconds LEDs return to night light function.

**Auto Mode with No Night Light (AT2):** When motion sensor is activated all 3 LEDs turn on at full power. After 10 seconds all LEDs turn off. At night during power outage, center LED blinks at full power indicating loss of power. All 3 LEDs turn on to full power when motion sensor is activated. After 10 seconds, all 3 LEDs turn off.

**OFF Mode:** Unit is turned off to reserve battery.

Note: Photo and motion sensor are enabled in Auto Mode and disabled in manual mode. The motion sensor has a detection area of about 16 feet within a 120 degree angle of the sensor.
