

# ENFORCER®

## Push-To-Exit Bar

**MODEL: SD-961A-36**

### FEATURES:

- Rugged, heavy-duty construction.
- Pushing the bar at any point sends a signal to release the lock and/or sound an alarm.
- For 36 inch doors (actual length is 34.5 inches). Can be cut to size.
- Includes 2 built-in non-latching (momentary), normally open and normally closed (N.O. and N.C.) contacts.
- Two dual-contact switches (NO/COM/NC) — 5 Amps @ 125VAC.
- Attractive brushed aluminum bar with black base and trim.
- Includes SECO-LARM SD-969-A18 Armored Door Cord, and mounting hardware (for mounting in wood or metal doors).
- Designed for easy cutting in field to match width of non-standard-sized doors.
- Available by special order in the following additional sizes:
  - For 42 inch doors (actual length is 40.5 inches).
  - For 48 inch doors (actual length is 46.5 inches).

Designed to allow egress from inside an area normally locked by an electric lock or electromagnetic lock, and/or to disarm (shunt) or trigger an alarm when the door is opened.

## Armored Door Cords

**MODEL: SD-969-S18**  
**SD-969-A18**

### FEATURES:

- Designed to conduct power to electric locks or access systems mounted in doors.
- 18" Stainless-steel cable.
- Mounting screws included.
- Surface mount.
