

IBCD3816DT Portable Docking System

At a glance

- Charges your iPod® while you listen
- 2.1 Channel Speaker System with Acoustically Calibrated Speakers
- Slot-Loading CD/CDR/CDRW Player
- Digital AM/FM Stereo Radio
- Video Output

Benefits

The IBCD3816DT is the perfect solution for portable audio. This system connects to all iPods through the certified connection or USB. You can also connect to any MP3 player, cell phone or personal game system through the line input. You can enjoy your music from the slot-loading CD player or AM/FM radio.

What a system! It can play back your favorite music from almost any source. But how does it sound?—Great! The 2.1 audio system features stereo speakers and dual subwoofers. These speakers are driven by 50 watts of total power. To make the sound fit your tastes, the unit includes multiple preset equalizer settings.

The system has many other great features: a full function remote control, video out, line input and headphones jack. You can use the system at home by plugging into the wall or take it on the road with battery power. The IBCD is the perfect solution for the person who wants to listen to their music whenever and wherever. You can listen solo or with your friends.
