## 271-105 Tower fan with remote control

The principal task for a fan is to deliver a comfortable airflow at a low noise level and without taking up too much space. The tower fan fulfills exactly these 3 criteria: control

- Auto shut off function/timer function – up to 7.5 hours
- Oscillating – turns in a 75° area
- Breeze function
- 3 speed
- Integrated storage space for remote control
- LED indicator lamps
- Low noise level
