**PHILIPS**  
sense and simplicity

## Specifications

### General specifications

- Voltage: 9.6 V
- Battery type: NiMH
- Runtime: 10 minute(s)
- Input power (max): 100 W
- Suction power (max): 19 W
- Airflow (max): 810 l/min
- Vacuum (max): 4.1 kPa
- Dirt capacity dry: 0.5 l
- Filter: 2-stage HEPA
- Charging indication
- Charging time: 16-18 hour(s)
- Noise Level Lc IEC: 78 dB
- Weight: 1.4 kg

### Accessories

- Charging base
- Crevice tool
- Bendable crevice tool
- Brush tool

### Design

- Colour(s): Titanium & Marine Blue
- Soft touch handle
- Translucent dust chamber
- Direct charging plug

### Weight and dimensions

- F-box dimensions (L x W x H): 195 x 190 x 426 mm
- A-box dimensions (L x W x H): 403 x 393 x 444 mm
- Appliances per A-box: 4

## Product highlights

### Green NiMH battery, longer-lasting performance

Nickel-Metalhydride (NiMH) batteries are green batteries. This means they do not have highly toxic elements, which makes them better for the environment. Furthermore, NiMH batteries have longer-lasting power that ensures performance over time.

### HEPA filter to trap fine dust

The HEPA filter ensures that fine dust and microscopic vermin stay inside the dirt chamber.

### Exceptionally quiet

The Philips Mini Vac, with its powerful motor, is exceptionally quiet thanks to its special streamlined design. The comfortable noise level allows you to tidy up your home any time you want to.

### One-step click-off nozzle, dishwasher safe

The Philips Mini Vac is easy and quick to empty and hygienic to clean. The Philips Mini Vac has a nozzle that easily clicks off in just one step, so you can empty the Mini Vac without touching the dirt. When the nozzle needs cleaning, you simply put it in the dishwasher. That way you've always got a spotless, dirt-free Mini Vac at hand.

### Cyclonic and 2-stage filter

The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. And its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated, second filter traps the finer dust particles.

### Brush tool, crevice tool and bendable crevice tool

The Philips Mini Vac comes with a number of accessories to tackle any job with ease. The soft brush attachment is gentle on delicate surfaces and the bendable crevice tool and crevice tool let you clean even those awkward, hard-to-reach places.
