

CARBON FIBER & MAGNESIUM TRIPOD WITH FGX10 3-WAY HEAD

- Ultra-light woven carbon fiber and magnesium tripod is perfect for photo, digital and video cameras weighing up to 9 pounds
- Carbon fiber absorbs vibration better and is 30% lighter than aluminum counterparts
- 3 position independent leg adjustments and canopy are made of strong and light magnesium
- Tripod and head have bubble levels for accurate leveling
- Adjustable snap leg locks are manufactured from ultra strong magnesium
- Multi-position rubber to spike ball feet add extra stability
- Quick lift 2-section 12.5" 28mm centerpost has convenient wing lock control for rapid centerpost adjustment and locking
- Bottom center post hook allows for hanging equipment or adding weight to increase stability
- 3 way fluid head with built in Strobframe[®] quick release and auto closure provides easy mounting and dismounting of equipment and direct connection to many Strobframe brackets
- Non-glare, black anodized finish

BONUS:
