Truck Shop Sheet Metal

Most panels are E-D-Primer coated and are carefully packaged to protect against damage that may occur during transit. Most parts are individually boxed for damage free shipping. However, after overseas transport & cross country delivery to you, it is likely there could be a small ding or minor scratch. These minor blemishes cannot be helped and are considered normal due to the nature of the product. Test fit all panels prior to paint and installation. Any physical damage in transit must be reported to delivering carrier at time of delivery.

INTAKE MANIFOLDS

Cast Iron Intake Manifold—Original GM

Popular cast iron intake manifold used with high performance small blocks. Excellent cast iron version of the aluminum LT-1 intake manifold. Fits Holley or Quadrajet carb. Original GM.

73-37900 SB\$ 295.00 ea.

Power+Plus Cyclone Intake Manifold

Provides outstanding power from idle to 5500 RPM. Power+Plus Cyclone Manifold is a direct replacement for the stock manifold on 1957-95 Small Block Chevy non-EGR engines. Includes special adapter bushings to fit '87-95 engines.

73-37901 show polished\$ 237.00 ea.

73-37902 satin, raw finish\$ 179.00 ea.

Power+Plus Typhoon Intake Manifold

Provides outstanding power from 1500 to 6500 RPM. Designed to be used with Holley, Carter AFB, or Edelbrock square bore carburetors. This manifold produces power comparable to some single plane manifolds yet retains the throttle response and drive ability typical of a dual plane. This manifold also features cast-in nitrous bosses with water outlets at all four corners plus dual distributor holdowns.

73-37903 show polished\$ 249.00 ea.

73-37904 satin, raw finish\$ 195.00 ea.

Power+Plus Crosswind intake manifold with air gap

Provides outstanding power from 1500 to 6500 RPM. Designed to be used with Holley, Carter AFB, or Edelbrock square bore carburetors. The air gap separates the runners from the hot engine oil. This results in a cooler air/fuel mixture which creates more power.
