Note: • Numbers between parentheses show the maximum quantities required.  
• “KIT” in cells means the content of 4-INCH-GAUGE CONNECT KIT (34011-98J02-000).  
• All signals go through the tachometer and are distributed to other gauges.  
It is essential to use the tachometer to bring the other gauges active.

Note: • Numbers between parentheses show the maximum quantities required.  
• “KIT” in cells means the content of 4-INCH-GAUGE CONNECT KIT (34011-98J02-000).  
• All signals go through the tachometer and are distributed to other gauges.  
It is essential to use the tachometer to bring the other gauges active.
